COMPANY PROFILE

WJB automotive, a subsidiary of WJB Group, was established and located in California. Not only as one of the pioneers who support U.S. markets with the top quality bearings from China, WJB has also grown rapidly to become one of the largest bearing suppliers in the west coast. Our continuously expanding product lines, technologies and services are meeting various needs of our customers.

As one of WJB's major plants, Shaoguan Southeast Bearing Co. (hereinafter referred to as IB), has been a key national bearing manufacturer in China, specialized in automotive bearings. IB's annual production capacity of more than 8 millions pieces of bearing products allows it to have the largest annual outputs. With its quality consistence, extended life, superior performance, and international advanced standards, IB has gained the ISO9000 Quality System Certificate by FMRC (U.S.A), VTI (China), RVA (Netherlands), and ISO/TS16949:2002 Quality System Certificate by TUV from Germany. In addition, IB has built the first Research & Development Center on technology of Automotive Bearing in China to keep us innovated, and remain the ability to be present and advanced with all customers' needs.

From small to big, local to global, we've proudly served wide range of automotive bearing lines to various customers worldwide. To work with the best, you are welcome to join the network.
