At Britpart we are always adding new and exciting products to our accessories range, so remember to look at [www.britpart.com](http://www.britpart.com) for all the latest additions. Also worth remembering is that if there is no picture in the catalogue of a product, then visit our website as there are plenty more product pictures on-line. You can also check out all the news on our Facebook page, so why not visit and 'like us' at [www.facebook.com/britpart](https://www.facebook.com/britpart)

## The Marque

Britpart is the leading independent wholesaler of parts and accessories for Land Rover vehicles, supplying in excess of 800 customers worldwide from government agencies to trade outlets.

# BRITPART

The name 'Britpart' is synonymous with quality parts for Land Rovers and the company has earned a truly enviable reputation around the globe. For over 30 years, Land Rover enthusiasts the world over have come to identify Britpart as a brand to be trusted.

The Britpart logo has become a widely recognised and highly respected marque; it embodies excellence in the field, both in quality and commitment to meeting the needs of the customer.

## Products

Britpart has always reacted swiftly to the demands of the parts market for all Land Rover vehicles, aiming to provide customers with exactly what they want, when they want it. Parts have long been the mainstay of Britpart's business, with many parts simply being unavailable from other sources; however, accessories are now becoming a major part of the business as owners of Land Rovers, old and new, are customising their vehicles to suit their individual tastes and lifestyles; everything they need is now available from Britpart.

The vast array of Britpart accessories ensures that no two Land Rovers are ever identical!

Land Rover appointed Britpart as an 'Approved European Parts Distributor' for all Land Rover Genuine Parts; this, together with Britpart's own vast range of parts and accessories, along with their extensive inventory of O.E.M. product, has resulted in Britpart becoming the ultimate 'One-Stop-Shop' providing everything its customers could possibly require, all ordered and delivered from one dedicated source.

## Quality

Britpart is approved by Lloyd's Register Quality Assurance to BS EN ISO 9001:2008.

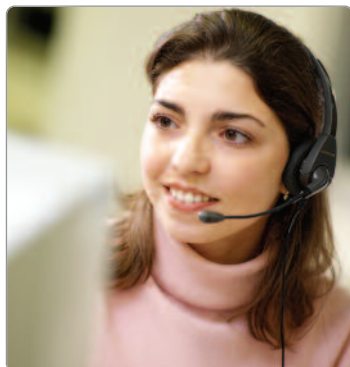

Britpart is renowned for quality parts at very competitive prices and takes pride in its excellent customer service, maintaining high stock levels with the aim of fulfilling orders promptly.

## Distribution

Parts and accessories for Land Rover vehicles continually flow in and out of the massive state-of-the-art warehouse. Britpart's fleet of vans and trucks all sport the undeniably eye-catching Britpart blue and white livery. Between them they cover the length and breadth of the United Kingdom, including Northern Ireland, delivering directly to Britpart customers on a regular basis, adding to the personal touch that customers have come to associate with Britpart.

## Service

Britpart has an enthusiastic and highly knowledgeable team so that you deal with people who have in-depth knowledge of the business. In addition to major government contracts, we successfully support individual parts retailers, supplying spares for Land Rover models old and new including Series, Defender, Range Rover, Discovery and Freelander.

The lively Sales operation boasts three highly trained teams; one each for Home Sales, European Sales and Export Sales with technical experts and sales advisors in each, eager to answer the telephone and organise despatch of goods to their customers within the shortest possible time.

## Handmade

The highly skilled team in the Trim Shop make a wide range of seats, seat covers, bases, backs and benches etc for Land Rover vehicles by hand.

Equally skilled is the team in the Lock Shop where a wide range of light engineering work is carried out.

In keeping with the Britpart philosophy, all products leaving the Trim Shop and the Lock Shop are produced to the highest standards and meet with the strictest safety regulations.

## Global

When Land Rover finally severed its association with Santana Motor SA it was Britpart who bought up all the existing stock from the factory in Spain and shipped it to their UK headquarters in Shropshire. The shipment included everything from small components to body panels and new engines, along with all the original drawings and tooling. Some of the stock was found to be interchangeable with Land Rover parts and a proportion of the rest is gradually making the journey back home with the assistance of our partner in Spain, Britpart España, Estanfi Automoción.

Britpart's other partners around the globe include: Britpart France, Britpart Belgium, Britpart Brazil, Britpart USA and Britpart Poland.

Britpart is seeking to further expand its comprehensive customer base overseas and is continually looking for well established independent stockists of Land Rover parts to work closely with.

## Quality Parts

Britpart hold in excess of 17,000 stock items from o-rings and oil seals to engines and exhaust systems. Customers can choose from Britpart quality parts, O.E.M. products and Land Rover Genuine Parts; all delivered promptly at competitive prices.

Everything required for servicing, repairing, restoring or even rebuilding any Land Rover can be supplied by Britpart, thus enabling customers to order all they need on just one order sheet making it easy to keep track of stock and take delivery.

## Quality Accessories

Britpart have all the latest accessories you need to customise your Land Rover, whatever the model, to look great on the road and work better off it! From wheels to roof racks, Britpart have everything to ensure that no two Land Rovers need ever look identical.

## Our commitment to you!...

For over 30 years Britpart has been supplying quality parts and accessories for Land Rover users across the world and now we are very proud to announce that all\* Britpart parts and accessories will be backed by an industry leading **24 month guarantee.**

With a recent multi-million pound investment in the best Land Rover products and with extensive investment in new staff, equipment and procedures we are convinced this new guarantee will give consumers more confidence in Britpart products. This is backed up with our approval by Lloyd's Register Quality Assurance to BS EN ISO 9001:2008.

This pioneering guarantee will cover over 12,000 parts from our extensive parts catalogue, from springs to clutches and from winches to shock absorbers, confidence in the products we supply is assured. If any part is found to be defective following an inspection by our quality team due to faulty materials or workmanship then that part will be replaced free of charge.

With this significant development in Britpart's philosophy we are now confident that the parts the end users fit to their Land Rovers will deliver time after time, whether the customer is buying a part for a Series 3 or a new Range Rover, they are backed by the same 24 month guarantee.

Look out for the Britpart Guarantee Logo which will be gracing all our products in the forthcoming months as a constant reminder to the customer they are fitting the best available parts and accessories to their Land Rover.

\*Subject to our standard terms and conditions. Proof of purchase required by the original point of purchase. Excludes Genuine Land Rovers parts, reconditioned gearboxes & engines. This guarantee does not affect your statutory rights.

They will not rust and you don't need to drill your car to fit these - fitted in seconds. They fit the genuine Land Rover fog and reversing light and the NAS lights. The guard fits over the round rear lights that are roughly 95mm diameter. It is carefully designed complete with the drain hole at the bottom that lines up with the drain hole in the NAS light base.

**Unbreakable Mirrors for Defenders**

- Optical quality polycarbonate lens - will not shatter like glass or discolour in sunlight.
- Strong, flexible polypropylene casing - will absorb hard blows without breaking.
- Universal - can be fitted to either left or right of vehicle.
- Lightweight - puts less strain on body fixings.
- Hard lacquer coating on lens - will repel condensation and surface water.
- Excellent reflectivity - superb daylight and night time vision.

Unbreakable Mirrors & Arms		Head Dimensions	Arm Length	
<b>DA4404</b>	Flat mirror	204 x 140mm (8 x 5 1/2")	No arm	Flat with fixing kit
<b>DA4405</b>	Flat mirror	204 x 140mm (8 x 5 1/2")	170mm	Flat with fixing kit and short arm
<b>DA4406</b>	Flat mirror	204 x 140mm (8 x 5 1/2")	290mm	Flat with fixing kit and long arm
<b>DA4407</b>	Convex mirror	204 x 140mm (8 x 5 1/2")	No arm	Convex with fixing kit
<b>DA4408</b>	Convex mirror	204 x 140mm (8 x 5 1/2")	170mm	Convex with fixing kit and short arm
<b>DA4409</b>	Convex mirror	204 x 140mm (8 x 5 1/2")	290mm	Convex with fixing kit and long arm

Standard Mirrors & Fittings Series			
<b>DA2128</b>	Mirror arm	7"	Standard
<b>DA2130</b>	Mirror head	7 x 5"	Standard
<b>DA2301</b>	Mirror glass	7 x 5"	Standard

Defender			
<b>MTC5083</b>	Mirror arm	7"	Standard
<b>RR8443</b>	Mirror arm	11 1/2"	Large
<b>MTC5084</b>	Mirror head	5 x 8"	Standard
<b>DA4034</b>	Mirror head	6 x 10 1/2"	Large
<b>MTC5217</b>	Mirror assembly		Standard

Good visibility is imperative on today's highways and byways so these new high impact resistant mirror heads are essential stock items.

**Mirrors**

**Dirt D-fenders**

**Keep the side of your Defender cleaner!**

Dirt D-Fenders are a great solution to the annoying problem of mud splashes through the gap which exists between the bottom of the wheel arch and the mudflap of your Defender. They are an especially useful addition if you are using wider tyres. The Dirt D-Fenders attach with rivets into the underside of the sill and wheel arch flare. Supplied in pairs with the fitting kit.

**Note** - Dirt D-Fenders will not fit Defenders with rock/tree sliders fitted.

<b>DA1193</b>	Defender 90,110,130	Rear of front wheel

**ADDED PROTECTION!**

**Reversing Camera Kit**

**DA5540**  
This is a high performance, fully automatic, practical driver assistance device. The primary objective is very simple: to help a driver to see things that they may not otherwise see when reversing.

The camera is rated at IP68 which means it is impervious to dust and water. The camera offers a view of the rear bumper and blind spot when backing up. The camera can be mounted in various locations with or without the supplied adhesive or screw on bracket. A single connection is made to the reverse light circuit and ground. This can be done near the rear light cluster or inside the vehicle, whichever is the most convenient. A 3/16" connector is fed through or more typically under the vehicle and into the cabin where it is plugged into the 3.5" slimline monitor. No other connections or work is involved. When the vehicle is put into reverse gear, a sharp and vivid image is instantly displayed on the screen.

With the patented cable technology, installation should take around 30 - 45 minutes. No other system in the market is as quick and easy to install.

- Small, discreet, camera.
- Panoramic view.
- Instant image on.
- Single cable installation technology.
- Works seamlessly with supplied LCD monitor.
- Typically installed above number plate to include the rear bumper in the field of view.
- Outstanding image quality both day and night.
- IP68 rated (100% water and dust proof).

**Replacement Rear Surround Cameras**

**LR031790 NEW**  
Range Rover Sport - 2010 - 2013

**LR031812 NEW**  
Range Rover L322 - 2010 - 2012

**Parking Sensors**

*These bumper mounted sensors will detect the distance between your vehicle and any rear obstruction and warn the driver to any potential obstructions.*

**DA4511**  
Valeo Beep&Park Kit Rear Parking Assistance System

An advanced parking solution for obstacle detection at the rear of your vehicle. Reduce the risk of collision during reversing and reverse parking manoeuvres with this kit.

As the reverse gear is engaged, a sound indicates that the reverse sensors are activated. Any obstacle at the rear of the vehicle is then detected and signalled to the driver through a progressive sound whose frequency increases when moving closer to the obstacle.

Enhance your safety through obstacle detection, even when objects are out of the driver's field of vision.

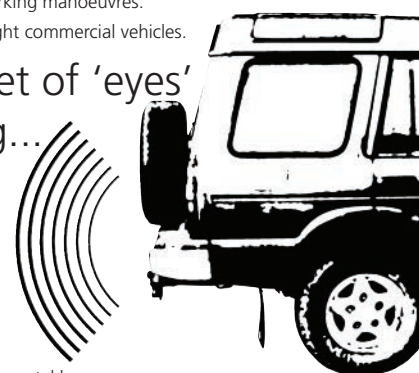

Improve comfort through easy parking manoeuvres.

Suitable for 12v cars, SUVs and light commercial vehicles.

Add an extra set of 'eyes' when reversing...

- Kit contents include -
- 4 x Bumper fit sensors
  - 1 x Warning buzzer
  - 1 x Control unit
  - 1 x Wiring harness
  - 1 x Cutting tool
  - 1 x Fitting accessories
  - 1 x Installation instructions

\*Note - Sensors do not work with metal bumpers

## Side Protection

### Rock Sliders

For more information and images of these rock sliders please visit [www.britpart.com](http://www.britpart.com)

**DA7533** Rock slider/side steps - pair Discovery 3 & Discovery 4

**DA7534** Aluminium finish **DA7534B** Black finish  
Discovery 3 & Discovery 4

**The best of both worlds with these fitted to your Discovery!**

**Rock slider** - an essential purchase for any off road use. They prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain.

**Side steps** - users often fit side steps to enable easy access to and from the car - this is a problem when going off road as they bend, break and cause snagging. These are heavy-duty side steps made from 5mm steel plate with 50mm tube backed up by an additional 2 x 40mm tube supports. The joints are TiG welded for a smooth OEM finish.

These rock sliders (sill protectors) are manufactured from 6mm 5083 aluminium and come completely machined and drilled ready to fit. An essential purchase for any off-road use as they prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain. Attaches to your vehicle using 11 mounting points on the side and underneath and when the car doors are closed they are almost unseen, but you have the piece of mind that your car sills are safe from damage. These units require no additional drilling just unscrewing and unclipping of the plastic OEM parts.

**DA1307 NEW** Defender 90 - 1983 onwards  
**DA1308 NEW** Defender 110 - 1984 onwards

Great protection for the side of your Defender and they replace the sill of your vehicle. These rock sliders are a fully welded steel construction with heavy-duty chassis mounted brackets and zinc primed with a smart black powder coated finish.

**For more side protection - see side & rear step section**

### Rubbing Strips

**VPLAP0013 NEW** Discovery 3/Discovery 4  
**DGJ500020PCL** Range Rover Sport - 2005 - 2013

Protect your bodywork from dents and scrapes with a smart set of 4 solid and durable bodyside moulding strips.

### Wheel Arch Kits

#### Standard Wheel Arch Kits

**DA1059** Defender - all models 4 eyebrows and rivets  
**DA1140** Discovery 2 Front/Rear & RHS/LHS

Replace any faded or damaged wheel arches with this OEM replacement wheel arch kit

#### Off-Road Wheel Arch Kits

2.5" wheel arch kits. Wings need cutting for fitment.

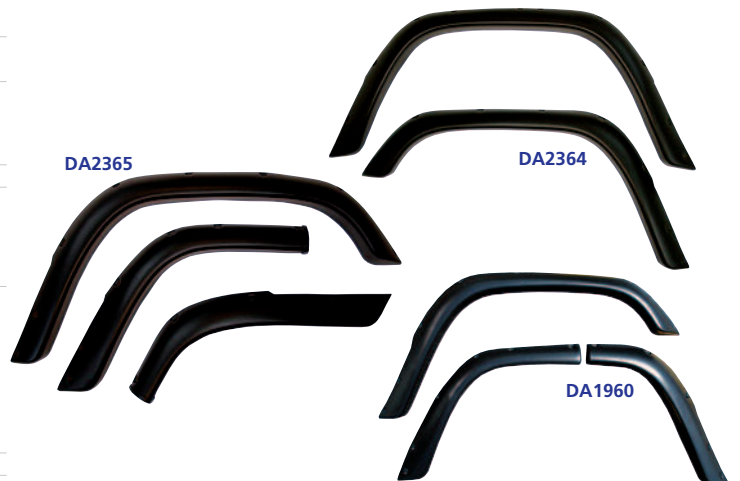

**DA2364** Discovery 1/Range Rover Classic 3-door  
**DA2365** Discovery 1/Range Rover Classic 5-door

2" wider than standard enabling tyres up to 14" wide and/or wheel spacers to be fitted while being legal for MOT testing. Made from an unbreakable plastic - ideal for extreme off-road use.

**DA2366** Defender 90/110 - 1984 onwards

These two Discovery 2 wheel arches enable larger tyres to be fitted while still being legal as these arches cover the tyres when wider tyres are fitted. The 50mm ones are required for large off set wheels while the 75mm arches will cover the tyres when wheel spacers are used. They are virtually indestructible and all fixings are supplied with the kit. Up to 35" diameter tyres are ok with a 2" lift and these arches as just over 40mm is cut out of the wings when fitting them.

**DA1960** Discovery 2 50mm  
**DA1961** Discovery 2 75mm

**Underside Protection**  
Steering/Sump & Transmission Guards

**Sump guards**

These guards from Britpart are manufactured from high-quality, hard-wearing and corrosion resistant materials to counteract any unforeseen obstacles your Land Rover may encounter whilst off-roading. All fixings are supplied and the guards fit into the vehicle's pre-existing holes. Each guard has holes at the front to allow for water drainage and also to help with ventilation for the cooling system.

<b>DA2228</b>	Defender - 1985 -2006 & 2007 onwards	RHD & LHD	Galvanised steel	Main plate - 4mm thick; brackets - 6mm thick
<b>DA5507</b>	Defender - 1985 -2006 & 2007 onwards	RHD	Aluminium	Main plate - 8mm thick; brackets - 8mm thick
<b>DA5507LHD</b>	Defender - 1985 -2006 & 2007 onwards	LHD	Aluminium	Main plate - 8mm thick; brackets - 8mm thick
<b>DA5508</b>	Discovery 1/Range Rover Classic	RHD & LHD	Aluminium	Main plate - 8mm thick; brackets - 8mm thick
<b>DA2249</b>	Discovery 2	RHD & LHD	Powered coated steel	Main plate - 5mm thick; brackets - 5mm thick

**Note** - For use with Discovery 2 winch bumper DA5645

An essential purchase for any off road use as they prevent damage to the underside of the engine and the intercooler at the front of the vehicle. Manufactured from 8mm 5083 aluminium with a smart silver or black finish and supplied completely machined and drilled ready to bolt directly to the 4 pre-drilled holes in the chassis with supplied galvanised fixings. The guard requires no additional drilling just unscrewing and clipping of the plastic OEM parts. Fitting should take 5 minutes.

Discovery 3	<b>DA7530</b>	Silver finish	<b>DA7530B</b>	Black finish
Discovery 4	<b>DA7535</b>	Silver finish	<b>DA7535B</b>	Black finish

**Sump plate**

**DA7536** Discovery 3

This sump plate protects the underside of the engine and allows the car to slide over objects, forward and backwards due the rear lip. With a natural finish the plate is made from 6mm 5083 grade aluminium and has been water jet cut to a precise finish. Plate bolts directly into existing holes and bulkheads already in the chassis, using the standard Land Rover fixings.

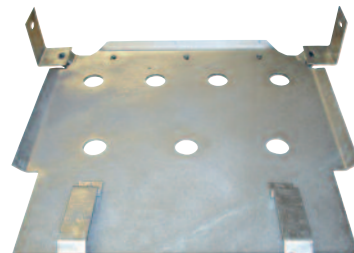

**Transmission Guards**

**DA5625** Defender - Td5

Reduce damage to your Defender 90. Made from galvanised steel, this transmission guard protects your 90's gear box and cross members from snagging and reduces damage to your vehicle. Bolts on and is easy to fit and importantly it is also easy to remove when your vehicle needs servicing. **Note** - Only fits with centre exhaust removed and pipe fitted.

**DA7532** Discovery 3

This transmission plate protects the underside of the transmission and allow the car to slide over objects. With a natural finish the plate is made from 6mm 5083 grade aluminium and water jet cut to a precise finish. Plate bolts directly into existing holes and bulkheads already in the chassis, using the standard Land Rover fixings and two additional fixings. **Note** - Can only be fitted when sump plate (DA7536) is also fitted.

Added **protection** from those hidden dangers when off-roading!

**Fuel Cooler Guard NEW**

**DA6540**  
Defender - Tdci  
Protect the Defender's vulnerable fuel cooler with this easy to fit electro-plated guard.

**Diff Guard**

**DA2250B**  
Defender/Discovery 1/Range Rover Classic

Give your vehicle some extra protection with a diff guard. This guard is simple to fit (no drilling) and has the added advantage of having the fill plug accessible at all times. With electroplate finish.

## Swivel Housing Gaiter Kits

DA3057

- Bond in place under existing flange
  - Completely seals against dust, water and grit
  - Moulded in high performance neoprene rubber
  - No special tools required
  - Proven tongue and groove for easy assembly
  - Two year guarantee
  - Kit includes two gaiters, metal straps, bonding agent, gloves and full instructions
- Permanent protection** for swivels, spheres and joints!
- DA3056** Series  
**DA3057** Defender/Discovery 1/Range Rover Classic  
**DA3057GLUE** Additional bonding agent for DA3056 & DA3057  
 For easier fitment of gaiter without dismantling the axle assembly

## Universal Joint Silicone Sleeves

*Protection for your rear universal joint.*

DA4810

DA4811

- DA4810** Rear UJ silicone sleeve for 63mm diameter propshafts  
**DA4811** Rear UJ silicone sleeve for 51mm diameter propshafts  
 Suitable for Series, Defender, Discovery 1, Discovery 2 & Range Rover Classic.  
 By adding one of these silicone sleeves you will reduce debris from building up in the universal joint which, in time, will increase the life span of the joint.

VPLCP0210 <b>NEW</b>	Side steps		Pair
VPLCP0209 <b>NEW</b>	Side step tubes		Pair

**DA7533** Rock slider/side steps - pair Discovery 3 & Discovery 4

**The best of both worlds with these fitted to your Discovery!**

**Rock slider** - an essential purchase for any off road use. They prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain.

**Side step** - users often fit side steps to enable easy access to and from the car - this is a problem when going off road as they bend, break and cause snagging. These are heavy-duty side steps made from 5mm steel plate with 50mm tube backed up by an additional 2 x 40mm tube supports. The joints are TiG welded for a smooth OEM finish.

The other benefit of this rock slider/side step combo is that the outer 'bar' pushes away small trees and scrub from the bodywork of the vehicle. They can also be used to 'slide' around thick trees when grip is minimal. These units require no additional drilling just unscrewing and unclipping of the plastic OEM parts. Fitment should take 15 minutes each side. Grip tape supplied loose for optional fitment.

## Freelander

<b>Freelander 1</b>		
<b>STC53077</b>	Side steps Black	Pair
<b>STC53078</b>	Side steps Stainless steel	Pair

## Make Your Land Rover A Star!

Here are some of the previous winners...

Here at Britpart we are planning our next Land Rover themed calendar and we'd love to feature the pictures of proud Land Rovers owner's vehicles – whatever model, age or condition of the vehicle.

We'd love to see pictures of Land Rovers in locations stretching from rural UK, right through to vehicles in a foreign urban environment - use your imagination.

Winning entries will all feature in the next Britpart calendar and each one picked will win a great prize.

So get out there with your Land Rover and camera - happy snapping. You can send us as many entries as you would like! **Good luck!**

### Prizes

**There will be 12 prizes awarded –**

**1 x first prize:** £250 cash prize, 10 copies of the calendar with the winning image on the front cover and featured inside the calendar and a large Britpart goodie hamper.

**11 x second prizes:** 5 copies of the calendar and a Britpart goodie hamper.

Details on how to enter and full terms and conditions - [www.britpart.com/calendar](http://www.britpart.com/calendar)

SWEDEN  
**CAR RACK SYSTEMS**

**Cycle Carrier**  
**LR006847**

- The smartest, most elegant solution for loading and transporting a bike on the roof
- The self-adjusting and upright frame holder into which the bike automatically slides, makes bike loading easy
- Adjusting and securing is done comfortably and quickly, with a turning knob, at roof height
- Quick-release straps, adjustable for different wheel sizes, hold the wheels securely in place
- Light and convenient aluminium design
- Can easily be fitted on either side of the car roof
- Lockable - bike to bike carrier, bike carrier to load carrier
- Fits frame dimensions up to 100mm

- **DA4316** 'Scott' - cycle carrier
  - Stable easy-to-use roof mounted cycle holder
  - Takes frame diameters from 30mm up to 80mm
  - Lockable to roof rack as well as bicycle
  - Frame holder with quick attachment for easy fitting without tools
  - Wheels rest in adjustable wheel holders and are fastened with strong securing straps
  - Can be fitted on all standard load bars and aluminium profiles
  - Maximum load - 17kg
- **DA4317** 'Barracuda' - cycle carrier
  - Unique free stand feature enables ease of loading
  - Secured in the frame holder and locks to both bicycle carrier and roof bars
  - Chromium-plated frame holder tube in special steel
  - Base unit made of UV-resistant composite material
  - Takes frame diameters from 20 up to 80 mm
  - Manufactured in accordance with DIN 75302
  - Will fit to both standard and aluminium bars
  - CityCrash approved
  - Maximum load - 15kg

Photograph courtesy of Martin Port

These roof racks are manufactured from aluminium with a smart black powder coated finish. Fully welded, they are extremely strong, versatile and easy to use. The floor plank profiles are orientated longitudinally which results in a reduction in wind noise. There are nut channels on all the extrusions to allow for easy fitment of accessories.

## Safety Devices Roof Racks

DA4703/DA4704

**Short luggage rail** with rain gutter mount, ideal for side loaded tents.

**Long luggage rail** with rain gutter mount, ideal for front or back loaded tents.

DA4710

DA4722

DA4720/DA4721

DA4718

### Safety Devices Explorer Roof Rack Range

- Heavy-duty steel roof rack.
- Explorer roof racks can be affixed with a system of detachable roof cross rails to the rainwater gutters or with aluminium clamps to fit directly on to the majority of Safety Devices' external roll cages.
- A rain gutter mounted roof rack can be converted in to a roll cage mounted roof rack with the appropriate fitting kit.
- The standard pack includes a steel roof rack, fixing bolts and optional roof cross rails.
- Roof racks are grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat.
- Not compatible with a sunroof.
- Tents can normally be affixed to the roof rack without a floor, although a marine ply non-slip floor is also available.
- Additional roof cross rails are available to purchase for use without a roof rack for use as, for example, a roof bar, basic tent support, attaching a roof storage box or to spread additional load on the Safety Devices' roof racks.

#### Defender 90 Hard Top and Station Wagon

3 roof cross rails as standard and can accommodate 2 additional roof cross rails.

<b>DA4702</b>	Short luggage rail	Gutter mount	2.0m x 1.4m	32kgs
<b>DA4712</b>	Short luggage rail	Roll cage mount	2.0m x 1.4m	30kgs
<b>DA4703</b>	Long luggage rail	Gutter mount	2.0m x 1.4m	32kgs
<b>DA4713</b>	Long luggage rail	Roll cage mount	2.0m x 1.4m	30kgs
<b>DA4704</b>	Marine ply floor		2.0m x 1.4m	16kgs

Refer to owners handbook for recommended maximum weight.

#### Defender 110 Hard Top and Station Wagon

4 roof cross rails as standard and can accommodate 3 additional roof cross rails.

<b>DA4705</b>	Short luggage rail	Gutter mount	2.8m x 1.4m	42kgs
<b>DA4714</b>	Short luggage rail	Roll cage mount	2.8m x 1.4m	40kgs
<b>DA4706</b>	Long luggage rail	Gutter mount	2.8m x 1.4m	42kgs
<b>DA4715</b>	Long luggage rail	Roll cage mount	2.8m x 1.4m	40kgs
<b>DA4707</b>	Marine ply floor		2.8m x 1.4m	23kgs

Refer to owners handbook for recommended maximum weight.

#### Defender 110 and 130 Double Cab/Crew Cab Pick-Up

2 roof cross rails as standard and can accommodate 2 additional roof cross rails.

Not compatible with ladders.

<b>DA4708</b>	Short luggage rail	Gutter mount	1.6m x 1.4m	26kgs
<b>DA4709</b>	Marine ply floor		1.6m x 1.4m	12kgs

Refer to owners handbook for recommended maximum weight.

<b>DA4711</b>	Additional roof cross rail			4kgs
<b>DA4710</b>	Roof ladder			6.5kgs

Mounts to rain gutter and cross-member.

For use with DA4702, DA4703, DA4705 & DA4706

DA4711

### Safety Devices 'G4 Expedition' Roof Rack Range NEW

- An 'all in one' rack without detachable parts and a luggage rail which completely surrounds the roof rack.
- The roof rack neatly follows the profile of the roof to provide two floor levels and fixes to the rainwater gutter only. This roof rack cannot be fitted to a vehicle where an external roll cage has been fitted.
- Includes 4 spotlight brackets at the front and 1 spotlight bracket at the rear.
- Heavy duty steel roof rack, grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat.
- Does not allow a sunroof to be opened.
- Not compatible with a roof tent.
- Standard pack includes a steel roof rack and rain gutter fixing bolts.

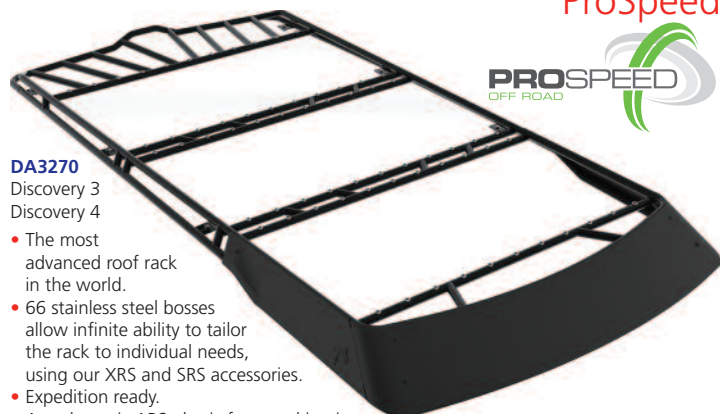

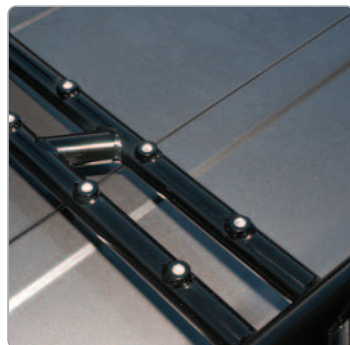

#### Defender 90 Station Wagon or Hard Top

<b>DA4718 NEW</b>	1.9m x 1.2m roof rack with full luggage rail for mounting to rain gutter.	30kgs
	Dimensions refer to the usable loading area.	
<b>DA4719 NEW</b>	Marine ply floor (two floor levels)	12kgs
	Upper section - 1,220mm (w) x 1,405mm (l) x 10mm (h)	
	Lower section - 1,220mm (w) x 540mm (l) x 10mm (h)	
<b>DA4722 NEW</b>	Ladder which mounts to roof rack and chassis.	8kgs
	Only suitable for attaching to DA4718 & DA4720	

#### Defender 110 Station Wagon or Hard Top

<b>DA4720 NEW</b>	2.6m x 1.2m roof rack with full luggage rail for mounting to rain gutter.	40kgs
	Dimensions refer to the usable loading area.	
<b>DA4721 NEW</b>	Marine ply floor (two floor levels)	15kgs
	Upper section - 1,220mm (w) x 2128mm (l) x 10mm (h)	
	Lower section - 1,220mm (w) x 540mm (l) x 10mm (h)	
<b>DA4722 NEW</b>	Ladder which mounts to roof rack and chassis.	8kgs
	Only suitable for attaching to DA4718 & DA4720

Defender 110 Hard Top, 2-door  
Made to NAS specification

**RBL1727SSS**

**8 Point full external / internal roll cage**

Defender 110 Station Wagon, 4-door  
The cage will not fit vehicles with the external ribs fitted on the roof, nor will it fit if the rear seat box is stepped in the rear corner. For clarification, see Safety Devices website.

**RBL2427SSS**

**8 Point full external roll cage**

Defender 110 Station Wagon, 4-door  
Models between 1983 - 1988 had three raised ribs on the roof approx 22mm (7/8") tall. This kind of roof does not work with our external roll cages as the hoops will clash with them).

**RBL0526SSS**

**Ladder**

A rear ladder mounted from Safety Devices' Defender 90 and 110 roll cage and Defender lower chassis mounting points.

**Safety Devices®**

Safety Devices are the UK's original designers and manufacturers of roll cages and roof racks for Land Rover. Originally designed for the British Army and the Camel Trophy, today an extensive range of designs are available.

The quality is exceptional - cold drawn seamless steel, grit blasted, zinc primed and black powder coated roll cages and roof racks will stand up to the sort of challenges you expect your Land Rover to cope with.

Safety Devices offer design excellence, unrivalled quality and a huge choice.

Images are available at [www.britpart.com/roll-cages](http://www.britpart.com/roll-cages)

Other Safety Devices roll cages are available - ask for details.

## Tyre Monitoring & Repair

### Tyre Pressure Monitoring System

Are your tyres at the right pressure?

**DA4512**  
This system is an advanced monitoring & alert system of tyre conditions. It monitors tyre pressure and temperature then relays the state of each tyre to a display unit. When any abnormalities are detected, the system will display the status of the affected tyre and sound an alarm to ensure you take action to remedy the problem. Keeping your tyres in good condition at the right pressure can extend the life of your tyres, reduce fuel consumption and improve handling.

**Note** - This system will only measure up to a maximum of 3.5 bar.

- Tyres that are at the right pressure will -
- Improve fuel consumption
  - Increase the tyre life span
  - Help enhance vehicle handling & braking
  - Reduce susceptibility to hydroplaning

System contents - 1 x Display; 1 x Receiver; 4 x Tyre sensors; 3 x Display brackets; 2 x 3M stickers & 1 x Instruction manual

### Spare Wheel Strap

**345510**  
Replacement strap for fixing your Series or Military spare wheel to the bonnet.

### Inner Tubes

**DA3000**  
7.50 x 16 Uses TR15 (large) type valve  
**DA3201**  
205 x 16 Uses TR13 (small) type valve

## Tyre Repair Kit & Air Compressors

Don't get caught out with a flat tyre or two!

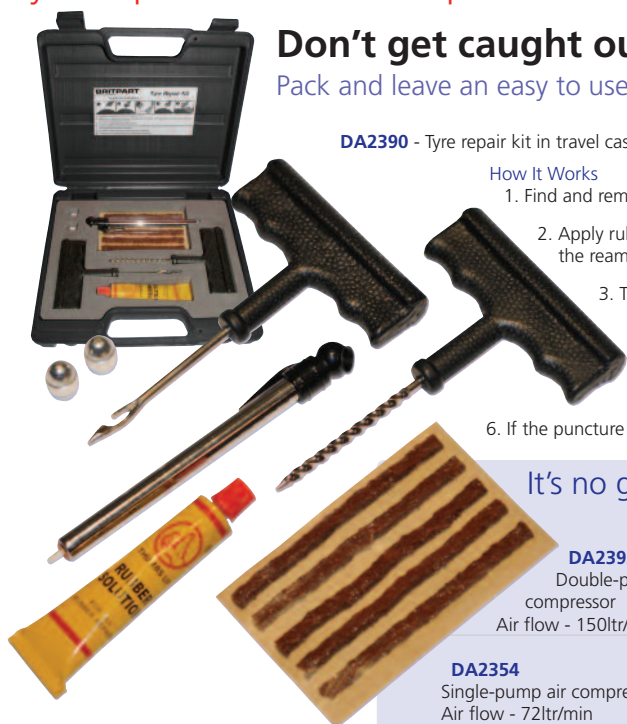

Pack and leave an easy to use Britpart tyre repair kit in your vehicle\*

**DA2390** - Tyre repair kit in travel case

How It Works

1. Find and remove the item that caused the puncture.
2. Apply rubber solution to the reamer tool then push the reamer into the puncture and work up and down until the reamer moves easily in the hole.
3. Thread one rubber tyre plug in the hook tool.
4. Push the rubber tyre plug into the hole until 1/2" of the tyre plug remains outside the tyre then turn the hook tool a quarter turn and pull out slowly.
5. Cut off the excess tyre plug as close to the tyre as possible.
6. If the puncture is too big have the tyre fixed by a professional.

It's no good being able to repair your tyres if you can't inflate them!

**DA2392**  
Double-pump air compressor  
Air flow - 150ltr/min

**DA2354**  
Single-pump air compressor  
Air flow - 72ltr/min

**DOUBLE PUMP**

**SINGLE PUMP**

DA2354

\*Recommended for off-road use only

See the off-road section for more details on the portable air compressors from Britpart.

**Tyre Inflation Kit**

**DA6253**

The ARB tyre inflation kit for air compressors is specially sourced from Japan, providing a unique high-heat tolerant hose for the hi-output compressor (DA4190). The practical kit includes a dust resistant air chuck and an enclosed internal bearing system to prevent dirt ingestion.

- Suitable for camping, touring and off-road applications as well as everyday usage.
- Provides fast, accurate inflation.
- Kit includes
  - 1 x high heat pressure hose.
  - 1 x ARB air chuck with quick press fitting.
  - 1 x ARB T-fitting for use with the ARB air compressor (DA4190) and an assortment of additional fittings to suit various camping and sporting gear such as air mattresses and footballs.

**Valve Caps**

Enhance your wheels with a set of smart aluminium valve caps!

## Spare Wheel Protector

**DA1156**  
The valuable spare wheel on the Discovery 3, Discovery 4 and Range Rover Sport - 2005 - 2013 are very vulnerable to thefts. This spare wheel protector is designed to restrict access to the winching mechanism and makes it almost impossible for anyone to steal the wheel. Easy to fit, with full instructions, to give you peace of mind.

**MaxXtrac Blindo alloy wheels**

Smart looking, tough, high quality alloy wheels which are ideal for off-road use. Used for rally-road competition vehicles as well as the military these Blindo wheels are TÜV approved and manufactured in Italy.

- Only prime aluminium is used.
- Less silicon is added than cheaper alloy wheels.
- Alloys are heat-treated for improved mechanical properties.
- Metal is de-gassed to remove any small bubbles.
- Low pressure cast to ensure improved metal density.
- Once made each alloy is x-rayed to check for defects, then water tank pressure tested to ensure no leaks.

Contents - 2 x Clear front sidelight; 2 x Amber front indicator; 2 x Amber rear indicator; 2 x Red stop/tail & 1 x 12v LED flasher unit	

#### Defender North American specification (NAS) LED upgrade kit

**DA1143**  
These stylish and waterproof NAS style LED rear lamps are a brighter alternative to the traditional halogen lighting with the added additional benefits of having a longer life (typical LED life 100,000 hours) with low energy consumption. The complete LED lamp kit includes

- 1 x reverse LED light
- 1 x fog LED light
- 2 x indicator LED lights
- 2 x stop/tail LED lights
- 6 x plinths
- Screws & smart load devices

**DA114424V** 24 volt smart load device kit

**Note** - To use the LED kit (DA1143) on a 24 volt Defender use DA114424V which replaces the 12 volt smart load device.

*Bigger, brighter lights...*

- Up to 120% more light on the road.
- 100% Xenon gas and advanced filament technology produce exceptional night driving performance.
- A longer beam pattern enables other road users to be seen more clearly and allows more time to react to potential hazards.
- Better reflections from road markings and signs make for more comfortable and safer night driving.
- Street legal and a simple upgrade from standard bulbs, requiring no changes to vehicle wiring.

**DA5024**

**Xenon Ultima Headlamp Upgrade**

**DA5016**      **DA5014**

Xenon 7" universal fit headlamp upgrade kit includes Xenon Ultima. Suitable for Defenders, Series and Range Rover Classic.

Xenon Ultima is the first auto bulb to put 120% more light on the road. The lamps have a complex surface to give a superior light distribution. They are E-approved, fully road legal and the kit includes headlamp units and xenon bulbs. 3 year warranty.

**DA5014** Right hand drive kit  
**DA5015** Left hand drive kit  
**DA5016** H4 replacement headlight bulbs for DA5014 & DA5015 - pair

## ECE LED Headlamps

<b>DA6280K</b>	Pair	Right hand drive
<b>DA6281K</b>	Pair	Left hand drive

### Fitment

- Series / Defender / Range Rover Classic

### Features & Benefits

- ECE & ROHS compliant
- LED sealed beam technology with polycarbonate lens and sealed electronics
- Up to 50 x longer life than halogen headlamps, lowering life-cycle costs
- Produces pure white light, nearly identical to daylight that is easy on the eye, unlike harsh blue HID systems
- Includes built-in position lamp with optional wiring
- Offers great forward vision, improved roadside coverage and highly controlled beam patterns, offering glare protection to oncoming traffic
- Dipped/passing beam and main/driving beam functionality
- Ultra-bright output for maximum night visibility
- H4, 3-Blade connector system (main & dipped beam only)
- 3-Year warranty

### Technical Specifications

#### Material

- Hard-coated polycarbonate lens
- eCoat aluminium housing and internal structures
- Metalized reflector
- 1.3mm CSA / 16 gauge wire

#### Light Source

- 2 LED arrays

#### Power

- Multi-volt (9V-33V) design works with both 12V and 24V systems

#### Headlamp

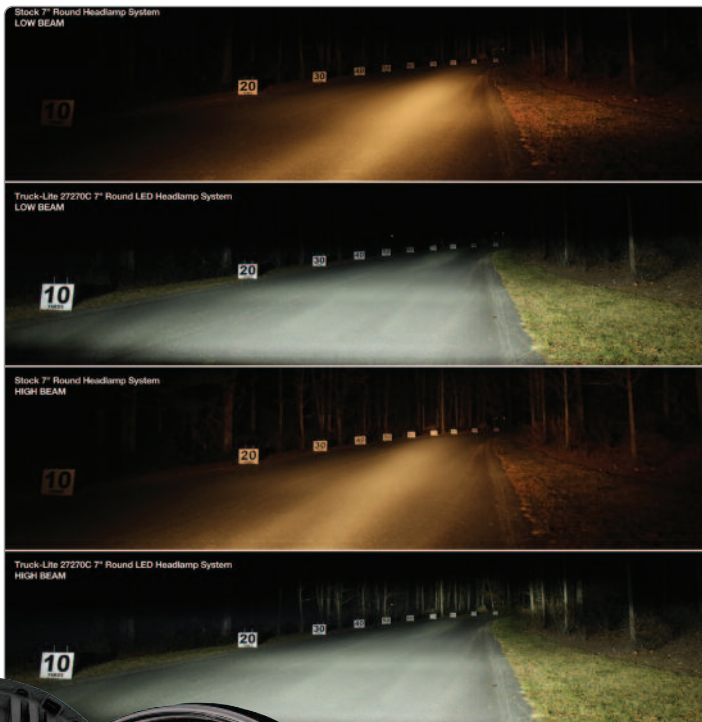

- 1.3A (dipped/passing) @ 13.2V
- 2.3A (main/driving) @ 13.2V
- 0.6A (dipped/passing) @ 26.4V
- 1.1A (main/driving) @ 26.4V

#### Position Lamp

- 0.03A @ 13.2V, 0.03A @ 26.4V

#### Additional Specifications

- Operating temperature range: -40°C to 50°C
- Overvoltage protection to 600V

*Up to 50 x longer life than halogen headlamps...*

Exterior Lights

**Verdict**

*"Robust, and gives a useful spread of light."*  
Neil Watterson  
Deputy Editor, LRO

**DA1146**  
3 watt LED exterior work light with smart matt black aluminium housing. Input voltage 10-30 volts. Waterproof to IP67 standards. 85mm diameter with mounting bracket. Incredibly bright and in most cases will not require a relay due to the 3 watt load.

**DA4120**  
Hella Torero 5760 work light  
Long-range illumination H3 work light with handle. Includes universal mount (swivel) with M10 mounting screw for upright or pendant mounting. Prism optics for long-range illumination. The housing is made of black plastic, with a prominent edge to protect the lens. The reflector of steel sheet is bonded to the glass lens. With switch, vibration damper and guard.  
Rated voltage: 12/24 volts  
Recommended inclination angle: 15° - 20°  
Range: 40 m  
Light exit diameter: 120 mm  
Diameter: 152 mm  
Overall height: 239 mm  
Protection: IP5K4K  
Suitable bulb: H3 (Halogen) not included (part no. 12v - 606178)  
Packaging unit: 1

## Inspection Lamps

### DA5026

#### Professional LED Inspection Pocket Lamp

- Rechargeable and cordless for convenient use.
- High powered LEDs provides a bright light output.
- Anti-slip comfortable grip.
- Magnet for hands free use.
- LED torch function for focussed light output.
- Precision reflector provides wide angle light output.
- Tough and robust polycarbonate lens for demanding conditions.
- Lithium ion battery for faster consistent recharging.
- Includes AC mains charging adapter with UK plug.

#### Specifications

Light Output	120 lumens
Battery	3.7v 1200mAh
Mains Adapter	Input 240v - 50/60Hz Output 5v - 300mA
Operating Time	5hrs
Charging Time	5hrs

### DA5027

#### Essential LED Inspection Pocket Lamp

- Magnet for hands free use.
- LED torch function for focussed light output.
- Protective lens for demanding conditions.
- Integral swivel pocket clip.
- Includes batteries.

#### Specifications

Battery	3 x AAA
Operating Time	5hrs

## All Models

DA2123

Britpart have the equipment to get you **hitched** up and **towing**!

### Towing - hitches

201691	All	Ball, jaw & pin - heavy-duty 4 bolt mounted (ball 3 <sup>1</sup> / <sub>2</sub> ton/jaw 5 ton)
DA2123	All	Ball, jaw & pin (RTC8159/LR008244)
DA5100	All	Tow hitch (3 <sup>1</sup> / <sub>2</sub> ton)
KNB100640	All	Towing jaw (3 <sup>1</sup> / <sub>2</sub> ton)
NRC2051	NATO	Tow hitch

### Towing - ancillary parts

67187	All	Pin universal coupling - heavy-duty (201691)
DA2194	All	Replacement pin for DA2123
ANR3635	All	50mm Tow ball cover
579408	All	7-Pin trailer plug
DA5023	All	7-pin to 13-pin adaptor To use on vehicles with 7-pin towing electric sockets
DA5025	All	13-pin to 2 x 7-pin adaptor - 12N/12S Ideal for when vehicles with a 13 pin socket are required to tow caravan/trailer with twin 7 pin plugs.
DA1126	All	Universal towing electrics 12N Rear audible relay kit with pre-wired 2m cable
DA2195	All	Replacement slider bracket - 1-pin
DA2118	All	Replacement slider bracket - 2-pin
RTC8831	All	Saddle slider - fits all Dixon Bates kits
DA2123A	All	Replacement chain, tag & clip
DA2196	All	Replacement slider pin
DA2197	All	Replacement slider pin 'R Clip'

201691

DA5100

KNB100640

NRC2051

### DA2605

#### Autojaw Semi-automatic universal coupling

- Self engaging / semi-automatic disengaging, simple one handed operation
- No loseable / stealable parts
- Compact design for maximum ground clearance and minimum overhang
- Minimum fixing point to towing point centre dimensions to minimise forces applied to both towbar and towing vehicle
- No chains or wires
- EC94/20 Approved (e11 005762)
- Compatible with 30, 40 & 50mm British standard eyes
- Conforms to Road Traffic Act 1281 (1998)

DA5116

DA5118

**Range Rover Evoque**

**DA5122** Black      **DA5123** Lunar      **DA5124** Almond

**DA5122**

Improve your driving position in a Range Rover Evoque with an additional armrest.  
 • Manufactured from real leather and simple to fit.  
 • The armrest can easily be moved to suit your driving position and you will still be able to access the cubby box.

**Bulkhead Bars & Extended Slide Seat Rails**

**Bulkhead Bars**

**Extended Slide Seat Rails**

**DA1810**

**DA2351**

**DA2148**

Need more leg room and seat adjustment in your Defender? These bulk head bars alleviate that problem without compromising strength. The bulk head bars allow for extra seat recline and travel on the seat base - giving you a more comfortable seating position and more space in the front foot wells. The bars create a rigid bracing for the front of the Defender tub and as well as the added benefits of extra room in the vehicle due to the seats been more manoeuvrable, access to the rear of the Defender is now not compromised by a higher bulk head. Powder coated and supplied complete with all the necessary fixings and instructions.

**DA1810**

## Hoods

Got a Land Rover with a hood that has seen better days?

Tears? Frayed fixings? Scratched windows?

We'll give your vehicle a quick facelift with a new canvas hood from Britpart.

- Hoods are made from the original 18oz canvas and made to OEM specifications.
- All fittings are brass and made to OEM specifications.
- Webbing is made the same way as the original.
- Polypropylene rope is the same construction as the original rope.
- Ropes are all inserted into the hood to help customers.
- Care instruction are included.

Other hoods available on request - please ask for details.

The highly skilled team in the Britpart Trim Shop make a wide range of seats and seat covers for Land Rover vehicles by hand. The material arrives in vast reams and has to be cut with great precision before being stitched together and then assembled into seat bases, seat backs, seat benches etc. In keeping with the Britpart philosophy, all products leaving the Trim Shop are produced to the highest standards and meet with the strictest safety regulations.

For many more pictures of our seats and trim please visit [www.britpart.com/seats](http://www.britpart.com/seats)

## Re-trim Kits

DA5628

Going off-road? Got a working Land Rover?

Well the chances are your seats won't be in showroom condition, luckily here at Britpart we have the answer - a Defender re-trim kit.

**Online fitting guide** - We have compiled a 25 minute tutorial giving you detailed step-by-step instructions on how to disassemble and assemble your Defender seat and information on the correct use of the included parts. The video can be found at [www.britpart.com/re-trim](http://www.britpart.com/re-trim)

**Outer Seats** - Defender - from VIN AA677964 to 2007 (non-plastic backed front squab)

An outer Britpart re-trim kit includes:

1 x Can of contact adhesive spray	1 x Cushion foam
1 x Squab foam	1 x Cushion cover
1 x Squab cover	1 x Headrest cover
6 x Plastic nails	2 x Metal rods
3 x Cable ties	1 x Rubber retainer

**Sparco Seats NEW**

**DA7301 NEW** Black leatherette

**DA7305 NEW** Black/Red

- Lightweight and compact
- High comfort
- Tubular frame construction
- High quality recline mechanism for smooth and easy adjustment
- Compatible with 3 or 4 fixing point harnesses
- Base mounted - 271 x 345mm

- DA7306 NEW** Seat runners
- DA7307 NEW** Mounting kit - removable
- DA7308 NEW** Mounting kit - fixed

Drawing on decades of racing history, Sparco has created a line of street car seats that offer the ultimate in comfort and performance. The ergonomic designs help cradle and protect the driver against even the most demanding lateral forces.

The R100 is Sparco's latest incarnation of groundbreaking steel-model seats. It features redesigned bolsters for greater support and new padding configurations for improved comfort.

It has been built with comfort and support in mind but it's lower side bolsters and slightly narrower steel frame allow it to fit into vehicles where fitting seats with larger side bolsters may be difficult. The seat features backrest harness slots so that it can be used with a race type harness or normal seatbelts.

The seats can be reclined using the double adjuster lever. Made from a durable fabric, the R100 is available in single tone or duo-tone styles. Duo-tone styles feature contrasting side accenting and stitching to match any interior. The Sparco R100 Seat range is designed to attach using Sparco vehicle specific seat mounts.

## Door Stays

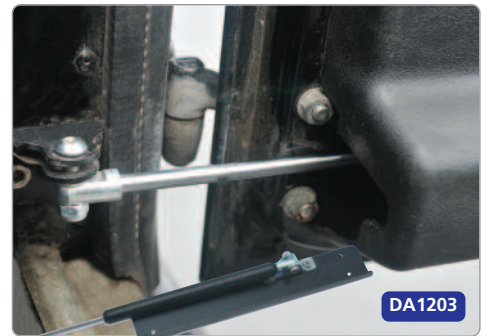

Does your Defender's rear door sometimes close on you unexpectedly?

This neat and easily installed gas strut kit will solve that problem and replaces the original door stopper. The gas strut will hold the door in place when open - even with a spare wheel in place - and will assist in the opening of the rear door too with a smoother and more controlled movement. Complete with fittings and instructions.

## Retrofit Insert Seat Heaters

### DA5717

- Complete set for two seats.
- Extra comfort with 2 heating levels - stage I = pleasant permanent heat & stage II = heat-up.
- Installation kit for driver's seat and front passenger's seat with four heating elements.
- Pre-assembled cable set with switching relay and two illuminated switches for universal use.
- Integrated temperature guard.
- Heating elements made of extremely flexible coated wires.
- For seats with removable covers.
- Fitting materials & instructions.

Enjoy comfortable seat heating in a matter of seconds with these retrofit insert seat heaters. Highly flexible, coated heating elements for seat base and back are placed between the upholstery and seat cover without altering the shape of the seats. The heater is connected to the 12V on-board power supply using a ready-made cable set with switches for the drivers seat and passengers seat with the heat output able to be set at two stages. Integrated temperature sensors protect against overheating. The seat heater can be fitted in any vehicle with a removable cover.

Operating voltage:	12 volt
Output:	Stage I: 44 watts & Stage II: 90 watts
Dimensions:	Seat: 400 x 280mm & Backrest: 300 x 280mm
Test mark:	e-approved to 95/54/EC (EMC guidelines for vehicles)

**Notes** - **1** If vehicle was manufactured during 1993, check spline count. **2** Air Locker not available for vehicles equipped with high load option. **3** Ring gear spacer required. Longer ring gear bolts (not supplied) are also necessary - (Land Rover part no. 576521). **4** When an DA4191 Air Locker is to be installed in Range Rovers manufactured prior to 1980 (approx.), special carrier bearings (No. K11300/K11162) may also be necessary - Land Rover part no. RTC3426. **5** Some vehicles have crown wheel bolts which cannot be reused and must be replaced. Consult service manual. **6** P38A is most commonly found in traction control equipped vehicles. Identify P38A type diff by large 205mm [8.07"] flange diameter. P38A was not used on North American delivered Discoverys - use DA4193.

**ARB Compressor**

**DA4190**

- Compressor assembly 12 volt
- Designed for Air Locker use.
  - High flow, compact 12v compressor.
  - Sealed for moisture and dust resistance.
  - Hard anodised cylinder bore and Teflon impregnated carbon fibre piston seal for reduced friction and maximum trouble free life.
  - Heavy-duty maxi-fuse equipped for professional in-line circuit protection.
  - Quality components for quiet operation and extra long life.
  - Anodised mounting brackets dissipates motor heat and allows compressor to be repositioned by 180°.
  - Constructed entirely of lightweight, high strength engineering grade materials.
  - Over-pressure safety valve equipped.
  - Motor is internally thermal protected against extreme temperature damage.

**ARB Tyre Inflation Kit**

**DA6253**

- The ARB tyre inflation kit for air compressors is specially sourced from Japan, providing a unique high-heat tolerant hose for the hi-output compressor (DA4190). The practical kit includes a dust resistant air chuck and an enclosed internal bearing system to prevent dirt ingestion.
- Suitable for camping, touring and off-road applications as well as everyday usage.
  - Provides fast, accurate inflation.
  - Kit includes - 1 x high heat pressure hose, 1 x ARB air chuck with quick press fitting, 1 x ARB T-fitting for use with the ARB air compressor (DA4190) and an assortment of additional fittings to suit various camping and sporting gear such as air mattresses and footballs.

## Ashcroft Transmissions

### DA1224

Defender - 1993 onwards	Front & Rear
Discovery 1 - 1993 - 1998	Front & Rear
Discovery 2	Front & Rear
Range Rover Classic - 1993 - 1996	Front & Rear

### DA1224SN

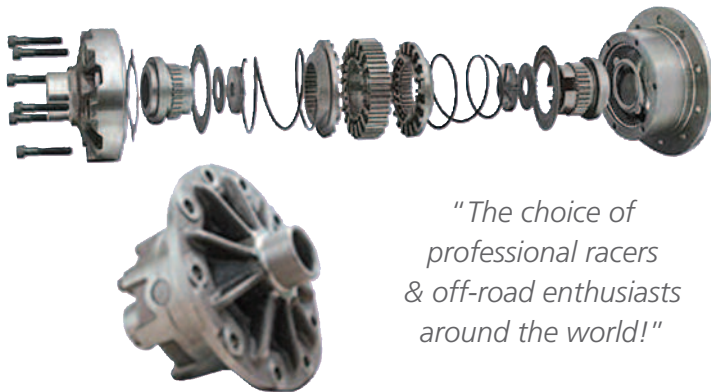

Defender 110 - 2002 onwards (Wolf)	Rear
Range Rover P38	Front & Rear

### Features

- A unique non-rotating annular piston locking actuator is designed to eliminate air leaks sometimes found with rotating seals.
- The annular piston is also designed to eliminate the oil blow back in the air exhaust line.
- The large piston area give maximum hold-in force to reduce the possibility of jumping out of lock.
- Locking ring gives full 6mm positive engagement with side gear, again reducing the possibility of jumping out of lock.
- Gears have been redesigned for maximum strength and durability.
- The lock ring is made from high spec 300m steel to provide ultimate strength and ability to withstand shock loads.
- Locking actuator cage made from steel to withstand shock loading caused by power locking.
- Locker body turned from billet 817M40T (EN24T) to give optimum strength.
- Only change necessary to fit the locker is drill and tap the diff housing 1/4" bsp for the air feed fitting.
- No changes to the axle case.
- Requires on board air supply - not supplied. (DA4190 - ARB compressor assembly 12 volt)

## Detroit

*"The choice of professional racers & off-road enthusiasts around the world!"*

### Detroit Locker

- 100% locking differential
- Legendary traction
- Ultimate performance

The legendary Detroit Locker began the revolution in performance differentials and still leads the industry today as an Eaton brand. The Detroit Locker is the most durable and dependable locking differential available.

The Detroit Locker maximises traction by delivering 100% of the torque to both drive wheels. It is engineered to keep both wheels in a constant drive mode, and has the ability to automatically allow wheel speed differentiation when required.

No other performance differential has the reputation for delivering traction in mud, snow, rocks and on the track. The choice of professional racers and off-road enthusiasts around the world!

The durability of the Detroit Locker is unmatched!

DA5700	Series 3/Defender/Discovery 1/Range Rover Classic	Detroit Locker	24 spline	Rear
DA5701	Series 3/Defender/Discovery 1/Range Rover Classic	Detroit Locker	10 spline	Rear
DA5704	Defender - Salisbury axle	Detroit Locker	24 spline	Rear

### Detroit Truetrac

- Smooth operation
- Performs open until needed
- Fully automatic limited slip

*"Recognised for its toughness as well as its smooth & quiet operation."*

The Detroit Truetrac was the first helical gear differential ever introduced into the automotive aftermarket as an Eaton brand. It remains the leading helical gear-type limited slip differential in the industry. Detroit Truetrac's proven helical gear design eliminates the need for wearable parts, resulting in maintenance free traction.

Recognised not only for its toughness but also its smooth and quiet operation. Engineered to work efficiently in front and rear axles, semi-floating (C-clip axles) and transfer cases. Power transfer is so smooth, it literally goes unnoticed by the driver - even in front wheel drive axles.

Proven design, low cost and effective performance, all make the Detroit Truetrac limited slip differential the ideal choice for a wide variety of vehicle applications.

No maintenance - just traction!

DA5711	Defender - Salisbury axle	Detroit Truetrac	24 spline	Rear

### IMPORTANT

When fitting a metric diff centre with metric bearings into an imperial casing you will require the additional following parts. Diffs went from imperial to metric in approximately 1983, take a look at one of the heads of the four large journal end cap bolts, if '8.8' is on the head it is metric, if not then it is imperial. Parts are required for fitting to both Truetrac or Detroit lockers.

DA5712	Spacer ring
DA5713	Imperial bearing sleeves
RTC3095	Bearings

**Note** - 2 x bearings are required

Fitting a Detroit Truetrac to the rear of a late Defender 110 will require the spacer ring DA5712. Ten longer bolts are needed too 576521 is a pack of 10.

## Diff Lock Lever Kit

DA1178  
Diff lock lever kit  
Discovery 2

Early Discovery 2's were not supplied with a centre diff lock function for the LT230 transfer case although the vehicles still have the centre diff lock installed in the transfer case. To get the diff lock function to work it just needs connecting. The linkage is easy to fit, cable operated and very neat. You attach the existing high/low stud to this new lever assembly. This kit will only work on transfer cases with serial numbers starting with either 41D or 42D.

## LT230 Cross Pin

### DA1225

Ashcroft Transmissions cross pin  
The standard LT230 transfer boxes have a two piece cross pin in the centre diff, this is two shafts with a cut out in the centre so they can overlap. This one piece heavy-duty cross pin is much stronger.

**Emergency Equipment**

**Fire Extinguishers**

**STC8138AB**

- 2kg kit
- Long-life - 100% polyester resin coated fire extinguisher
- Safe handling & crash proof fastening
- Readiness to operate displayed by manometer
- Precision brass valve

**STC8529AA**

- 1kg kit
- One-handed operation fire extinguisher
- High rating
- Checkable & re-chargeable
- With crash-tested bracket
- Attractive design
- Controlled discharge

STC8529AA

STC8138AB

**Emergency Hammer**

Life Hammer - The Original

DA6500

- Double-sided steel hammer for shattering windows quickly and easily for a safe and quick exit from any vehicle.
- Razor sharp blade cuts through seatbelts to ease escape.
- Fluorescent button allows hammer to be located in the dark.
- Installation mounting bracket ensures hammer is accessible when you most need it.

**Fuel Tanks & Jerry Cans**  
Fuel Tanks - Long Range

**Defender 90**

**DA4547**

Defender 90 - Td5 & Tdci - up to 8A

**DA4548**

Defender 90 - Tdci - from 8A

- 30 litres\* plastic flow tank
- Lightweight
- Supplied as kit
- Easy to install & use
- Requires no pumps or added fillers
- Does not interfere with storage or clearance
- Compatible with standard Defender fuel filler cap

\*approximately

DA4545

DA4546

**Defender 110**

**DA4545**

Defender 110 - up to 1999 (pre-Td5 models)

- Rear arch metal spare fuel tank - right hand side
- 45 litres
- Supplied with all the necessary fittings to install and use

**DA4546**

Defender 110 - 1999 onwards (Td5 & Puma models)

- Rear arch metal spare fuel tank - right hand side
- 45 litres
- Supplied with all the necessary fittings as well as a replacement filler neck and specifically engineered bulkhead fitting for the balance pipe, having these makes the fitting of the tank quicker and easier as well as it working better too.

**Note** - Both above tanks are not suitable for use in a Defender 130.  
Additional bracket required for 7 seater.

**STC7642**

To DIN 13164, the industry standard first aid kit solution.

**Travel Kits**

**DA5033**

**Essential Emergency Travel Kit**

Essential items for emergencies on the roadside. Compact carry case. Ideal size to store in front of the vehicle for easy access.

**DA5028**

**European Travel Kit**

Includes essential items when travelling to Europe. All products are manufactured to UK required standards where applicable.

**DA5029**

**Glovebox Travel Kit**

Ideal size to fit into your glove compartment, contains essential everyday items for in & around the vehicle.

## Jacks

### Hi-Lift

**RUGGED,  
HIGHLY  
VERSATILE  
JACKS**

DA2243 48" Jack (4ft)  
DA3120 60" Jack (5ft)

The Hi-Lift jack is a rugged, highly versatile jack that puts you in command of situations requiring lifting, pushing, pulling, winching, and clamping. Although light in weight and easy to manoeuvre, the Hi-Lift jack offers a rated lifting capacity of 2<sup>1/3</sup> tons (2,114kgs).

#### Specifications

- Approximate weight: 30lbs (14 kg).
- 4,660lbs (2,113kgs) rated capacity.
- Climbing pins of specially processed steel with 125,000psi tensile strength and 100,000psi yield.
- Steel bar is manufactured of specially rolled extra high carbon steel with 80,000lbs minimum tensile and carbon 0.69 to 0.82.
- Steel handle of 14-gauge high-yield structural tubing with minimum yield of 55,000psi - 1<sup>5/16</sup>" diameter x 30" long.

#### Features

- Every jack comes complete with an adjustable top clam clevis for use in clamping and winching.
- For speedy disengaging, lifting unity automatically drops away when load is removed.
- 4<sup>1/2</sup>" (11cm) long lifting nose for positive contact with load.
- Safety bolt is designed to shear at 7,000lbs (3,175 kg).
- Steel bar can be reversed for extra long life.
- Low pickup of 4<sup>1/2</sup>" (11cm).
- 28" square base plate.

#### Accessories

DA2174	Off-road base plate	Alleviates jack sinkage on soft surfaces - suits both models
DA2243EYE	Jacking eye	Spare jacking eye
DA2244	Jacking point adaptor	Allows the use of the jack with the standard jacking points on a Defender
DA2248	Fix-it-kit	The maintenance kit contains all the key components for servicing all Hi-Lift jacks
DA4350	4XRAC	Heavy-duty mounting system for the serious off-roader
DA4351	Loc-Rac	Conveniently mounts and locks your Hi-Lift jack. Includes lock and suits all models
DA4352	Jack protector	The jack protector vinyl bag protects your jack from the elements - one size fits all
DA4353	Lift mate	Designed to provide a lift point from most wheels for quick and easy lifting. Lifting capacity is 5,000lbs/2,273kgs
DA4354	Off-road kit	The Hi-Lift winching kit includes a winch attachment, winch tensioner, tree strap, d-ring shackle, Hi-Lift gloves and gear bag. Winch time is reduced significantly using the winch attachment and tensioner together.
DA4355	Bumper lift	Designed to fit curved steel bumpers. Rugged design of the bumper lift has a lifting capacity of 3,000lbs/1,361kgs
DA4356	Neoprene jack cover	This jack cover offers a level of mud and dirt protection for the main lifting mechanism of the jack when not in use. It zips on easily over the foot of the jack and provides a tight fit.

#### Adjustable tube jack mounts

Designed for mounting a Hi-Lift jack to round and square tube bumpers, bull bars, roll cages and roof racks, this accessory allows for easy and adjustable mounting on tubes from 1" to 3" in diameter

DA4357	Small set	Is for use on tubes from 1 to 2" in diameter, which works on many roof racks. It can also be used on ATV/UTV bars, bumpers and roll cages
DA4358	Large set	Is intended for tubes from 2 to 3" in diameter that will work on most vehicle bull bars and roll cages

**RUGGED &  
POW'R-FUL JACKS!**

Jackall

Built with a patented 'Safety Link', the Maasdam Jackall is the 'Jack with More'! Larger base for greater stability. 'Safety Link' mechanism that prevents abuse, misuse and makes operations safer. Jacks come with a lifetime warranty and are built to current ANSI/ASME specifications. When safety and dependability matter most, continue to rely on Jackall.

**Features & Benefits**

- Patented "safety link" mechanism which prevents abuse and misuse.
- Heavy ribbed, extra large base which provides strength and greater load stability.
- Cast components assures long life, trouble free operation.
- Hot roll-formed, alloy steel beam which is strong and reliable.
- Steel handle locks against beam for convenient storage.
- Powder coated through and through which reduces scratching, greater corrosive resistance.

DA5601

## Lift Rod Kit

DA4587

**GREAT FOR  
ADDED TRACTION**

**Fully adjustable suspension lift rod kit.**

*"The ease of changing the ride height is what separates these rods from others in the marketplace."*

DA7531

Discovery 3/Discovery 4/Range Rover Sport - 2005 - 2013  
These adjustable rods replace the plastic and rubber parts Land Rover supply on the vehicle. Made from aluminium with an industrial heavy grade rubber bushing, the aluminium parts are anodised black to help with corrosion protection and blending in when in the garage for work.

The lift rods have two settings; standard and off-road. With the vehicle set to normal driving height the shortened rods will give you off-road height. If you select off-road height the vehicle will be in the 'super extended' position as standard if you use the 'shortened' settings. The ease of changing the ride height is what separates these rods from others in the marketplace.

No tools are required and should take no more than 2 minutes to do all four rods. Access to the front is over the front wheels and for the back is through the rear wishbones (blanket required!)

**Note** - If run for a long time in off-road position then wheels may need realigning.

## Land Meters

DA1003

DA1004

- Independent twin meter.
- Convenient for seeing the pitching and rolling of the vehicle body or terrain.
- Transparent illumination for easy-to-see readings at night.

## Raised Air Intakes

Raised Air Intakes - Other

If your likely to be driving your Land Rover in circumstances which could mean wading deep water or driving in very dusty conditions then you should consider fitting a raised air intake to your vehicle.

This version from Britpart is a classic mushroom-top snorkel for Defender. Featuring heavy-duty metal pipe work, cyclone pre-cleaner and a durable attractive matt black finish.

<b>DA2225</b>	Defender - 300Tdi/Td5
<b>PHD500340</b>	Defender - 2007 onwards
<b>NRC6920</b>	Raised air intake cleaner for DA2225 & LR008383
	Inside diameter - 64mm
<b>VPLAP0018</b>	Discovery 3/Discovery 4

## Raised Air Intakes - Safari

Pioneered in Australia in the early 1980's, Safari Snorkels were born out of a need to protect 4WD engines from the hazards of dust and water commonly encountered in touring and off road applications.

Safari snorkels are manufactured to the highest standards in durable, UV stable, cross linked polyethylene material, using stainless steel hardware where appropriate. Each system includes quality fixtures and fittings, which offer superior sealing, presentation and long-term durability.

In arguably the best, if not toughest environment, Safari Snorkel Systems are thoroughly researched, tested and tooled for each model of Land Rover. The Safari Snorkel delivers a continuous and cooler supply of air for maximum engine performance. It is positively sealed as well to ensure the best protection against deep water crossings and dust.

## Batteries

### Optima Batteries

With its patented Spiralcell® Technology, Optima batteries offer **15 times the vibration resistance** and **up to twice the life** of ordinary batteries. The Optima is like no other battery found in today's market. Optima's unique patented Spiralcell® design offers the best technology by providing a strong and clean power source that far surpasses any of today's traditional lead acid batteries. With Optima as your choice, you can count on a longer lasting battery.

#### Yellow Top

Demand more from your vehicle? Then get more from your battery. Optima Yellow Top batteries are made for the extremes. If your vehicle is designed to take the abuse of off-road driving, you need increased performance and reliability from your battery.

Optima batteries combine patented Spiralcell® Technology to deliver that performance. The deep cycle characteristics of this technology coupled with its extreme resistance to vibration provides performance vehicles with the repetitive power they need, packaged in a spill-proof compact design.

If your vehicle is fitted with high drain accessories such as additional lighting, tracking devices, ICE systems, winches, hydraulics etc, then this ultimately demands more from your battery. Optima Yellow Top batteries provide the extra performance and deep cycling capability that your vehicle demands.

#### Red Top Batteries

Voltage - 12v  
Capacity - 50Ah  
Cold Cranking Amps (CCA) - 815  
**DB1019** Top terminals  
**DB1021** Top & side terminals

#### Yellow Top Batteries

Voltage - 12v  
Capacity - 55Ah  
Cold Cranking Amps (CCA) - 765  
**DB1018** Top terminals  
**DB1020** Top & side terminals

#### Red Top

Optima Red Top batteries are built to withstand the abuse 4x4's experience on and off-road. Spiralcell® Technology immobilises the internal components of the battery, enabling Optima batteries to withstand incredible amounts of vibration.

Vehicles modified for improved engine performance demand more from a battery. Optima batteries withstand the high engine bay temperatures associated with these performance vehicles. The sealed construction makes the battery spill-proof, even if you install it on its side! This prevents external gassing and leaking which can damage engine components and reduce battery performance.

If your battery is used in applications that demand extra reliability endurance and performance, or if you just take pride in getting the best performance out of your vehicle, Optima Red Top batteries deliver the performance you demand.

## Replacement Batteries

- Batteries are manufactured on the same equipment as OE batteries and use the same components to give consistent quality and performance.
- Original equipment (OE) quality standards, giving assurance that the batteries will not let the user down.
- Batteries are recyclable, helping to protect the environment.

**DA3185**

**Universal battery charger**

MULTI XS 7000 is a charger that provides complete battery care for those needing to charge normal size and slightly larger batteries, for example, in caravans, boats and cars.

It is fully-automatic with unique 8-step charging that supplies 7A and which is suitable for 12V batteries between 14-150Ah and is suitable for maintenance charging up to 225Ah.

The MULTI XS 7000 analyses whether the battery can accept and retain the charge, it removes harmful lead sulphate crystals, charges quickly and efficiently and automatically switches to maintenance charging when the battery is fully charged.

It also has a practical Recond mode that balances the acid concentration in deep discharged batteries. It features a special cold mode to give optimal charging on cold winter days and to demanding AGM batteries (type Optima).

Supply mode allows the charger to be used as a power supply if you need to disconnect batteries from the vehicle. It is fully protected from producing voltages that can damage the vehicle's electronics. It is also non-sparking and features reverse polarity and short circuit protection.

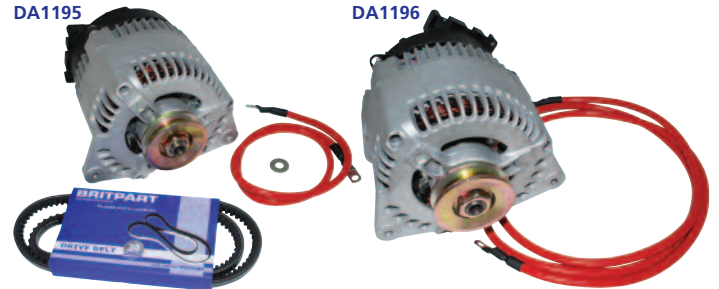

Input voltage	220 - 240VAC, 50 - 60Hz
Output voltage	14.4V, 14.7V, 13.6V/Supply, 15.8V/Recond
Charging current	7A
Ripple	Max 150mV rms, 0.3A
Ambient temperature	-20°C to +50°C, output power is reduced automatically at higher temperatures
Charger type	Eight step, fully automatic switch mode with pulse maintenance
Batteries	12V lead-acid batteries (Wet, MF, AGM, Calcium/Calcium and GEL)
Battery size	14 - 150Ah (14 - 225Ah maintenance charging)
Dimensions	191mm long x 89mm wide x 48mm high
Insulation	IP 65
Weight	0.8kg

**Alternator Upgrade Kits**

<b>DA1196</b>	Discovery 1 - 200Tdi	Upgrade the alternator to 120A

## Microprocessor Controlled Dual Battery Management System

### DA1174

#### Microprocessor Controlled Dual Battery Management System

This fully automatic Microprocessor Controlled Dual Battery Management System separates the starter battery from auxiliary battery if the vehicle has stopped and links them while the car is running. All systems are equipped with a 200A power relay. For emergency situation all systems are equipped with the manual override function (link). This manual linking function (called load sharing) is very helpful for jump starting or when using high current appliances such as an electrical recovery winch, power inverter or compressor. The kit includes a 4.7m wiring loom with sealed automotive plug, battery and crimp terminals for easy installation.

The battery monitor is installed in the vehicle (dash) and informs the driver about the charge level of both batteries, the charging voltage from the alternator or an additionally installed solar system and the relay link status. The system offers low battery alarm on both batteries and a link failure alarm. Includes a manual link for 30 and 120 minutes with automatic return.

#### Functions

##### Display of Battery Voltage (Energy Level)

###### LED indicators:

Green: Batteries are in the safe working range

Yellow: Check batteries

Red: Batteries should be charged

The LED's show the energy level if all loads are switched off:

12.6V = 100%

12.4V = 75%

12.2V = 50%

12.0V = 25%

11.0V = flashing and beeping indicates low battery situation

This function is called by pressing the display button for about 30 seconds.

##### Display of Charge Voltage while charging

###### LED indicators:

Red: >14.5V: High loading of batteries, may be present at cold ambient temp. for a longer time.

Yellow: >14.0V: Proper charge mode.

Green: <14.0V: Save charge mode, no damage to batteries.

##### Bi-directional Automatic Battery link

While the engine is running the main and auxiliary batteries are linked together for parallel charging from the alternator (green LED linked is on). If the engine is stopped, the two batteries will be disconnected automatically with some delay. Appliances as fridges, lights, compressors, inverters are now safely fed from the auxiliary battery. With the additional charge by solar equipment, battery charger or generator is sufficient for charging, the starter battery will be charged automatically with auxiliary battery together (green LED "link" lights).

##### Manual Battery "link"

In an emergency situation (defective or empty main battery) or in case of higher power consumption the two batteries (main & auxiliary) may be connected together by activating the link button (red LED manually linked is on) After a laps of time of 30 minutes (or immediately after activating the auto button), the system returns to the automatic mode. When using an electric winch, the battery connection can be activated for 120 minutes by pressing twice the link button. In this mode sounds every 30 seconds a beep to remind this status (auto return after time expired). The load sharing function with the manual battery connection reduces the load on the alternator, the wiring and the batteries in the use of the winch.

##### Alarm functions:

###### Low battery alarm

If the battery voltage of one or both of the batteries, is for a longer period below 12V, the sound low battery with "Beep" and the LED "Low Battery" of the corresponding battery (main and / or auxiliary) flashes. With the display button, the "Beep" is switched off. The blinking LED "Low Battery" is reset if the battery voltage is exceeding 12V.

###### Link failure alarm

The monitor monitors the charge on both batteries. When fitting charge (from alternator, solar, charger) no charge to the other battery is detected, the link error alarm with flashing green LED "linked" and the "Beep" sounds. If this error occurs, check immediately the wiring of the power cables to (relay, battery terminals, crimp contacts, control relays). After bug fixes, alarm will automatically reset.

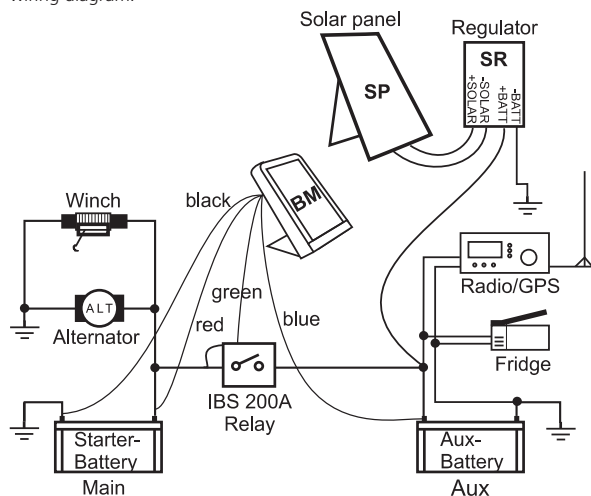

###### Deactivation of automatic and manual battery dual link function

Is there a problem with the auxiliary battery (aux) as short circuit of cells, short circuit or defective battery housing, leading to damage of the generator (alternator). In an emergency situation the battery system can be operated in the vehicle in the basic configuration (alternator, starter battery without additional charge to auxiliary battery). By pressing the link button for 6 seconds (until the sound of the beep), the link is deactivated. In this mode, no manual and automatic battery connection is possible. This feature can after solving the battery problem of the auxiliary battery by pressing the auto button for 6 seconds to be reset. Now the system is working again with all the functions.

#### Winch application

Connect an electrical recovery winch to the main battery as shown in the wiring diagram.

#### Specifications

Supply voltage	4 - 16V
System voltage	12V
Measuring range (sense wire blue)	8 - 16V
Display range (battery voltage)	11.0V - 12.8V
Alarm level main and aux	12.0V
Display range (charge)	13.0V - 14.5V
Accuracy	+/-1%
Consumption monitor	1mA
Consumption max. display active (30 sec)	20mA
Isolator link-on/off threshold	13.1V/13.0V
Consumption on-state (relay)	0.6A
Relay continuous load current	200A
Relay current inrush	500A
Relay contact material	Silver (AG SnO2)
Free combination of batteries possible?	Yes
Operating temperature	-40°C - +80°C
Housing	ABS black
Sealing level	IP40
Size, dimensions	100 x 65 x 24mm
Weight	800g
Cabling	Red - Supply/sense (main battery) Black - GND (main battery) Blue - Sense (aux battery) Green - Control relay (open collector)
Protected against	Against wrong polarity Against overload of solenoid driving circuit on PC Board with SMD electronically security devices, no fuses have to be replaced.

#### Mounting Options

DA1174GM

Mounting plate with flexible arm

DA1174SM

Mounting plate with swivel mount

**BRITPART**  
**PULLING POWER**

If you are serious about off-roading then a winch is an essential piece of kit. They are indispensable when getting yourself and others out of tricky situations. The Britpart Pulling Power range of powerful and reliable electric winches all feature a planetary gear system for fast line speed, free spooling, power in & power out and low electric current. Now with the larger winches you have a choice of having the traditional steel cable fitted or dyneema rope.

A full range of winching equipment is also available from Britpart - including; safety gear, bumpers, chocks, hooks, shackles & ropes. Together with the winches you'll be able to 'Get to where you want to go!'

<b>Note</b> - Grille needs trimming for fitment to air-con & automatic vehicles			

**Standard bumper**

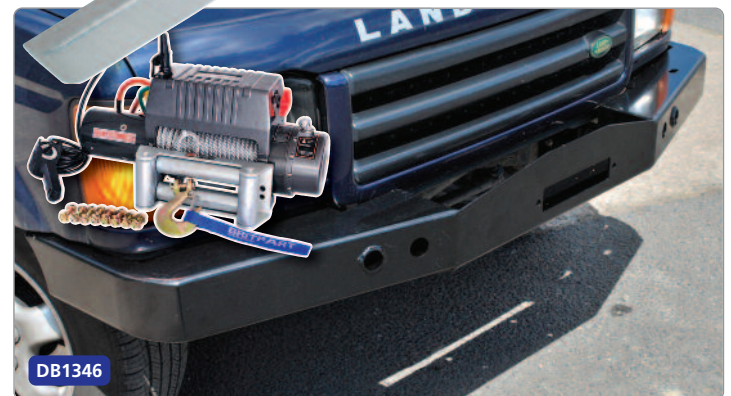

DB1344R

DB1313GALV

**Galvanised standard bumper**

DB1324 / DB1325

DB1346

## Tubular winch bumpers

- Stylish tubular steel space-frame construction for strength
- Extremely close fitting for maximum approach angle
- Compatible with many steering guards
- Built-in high-lift jacking points
- Integral rock guard
- Supplied with full fitting kit

**Note** - Grille will need modifying

**DA5609** Defender - air-con  
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches

**DA5622** Defender - non air-con  
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches

**DA5604** Discovery 1  
Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches

**Note** - Grille needs trimming for fitment to air-con & automatic vehicles

## Standard winch bumpers

- Heavy-duty steel winch bumpers

**DA5620** Defender - non air-con Black

**DA5681** Defender - non air-con Galvanised

Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches

**DA5623** Defender - air-con

Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches

**DA5643** Defender - air-con

Suitable for Warn 9000 and 9.5 Series winches

**DA5621** Discovery 1/Range Rover Classic

**Note** - For vehicles without air-con and/or without transmission oil coolers fitted

Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches

**DA5645** Discovery 2

Suitable for DB12000i, DB9500i, DB9000C & DB8000 winches

- One piece bumper manufactured from 5mm steel with wrap around sides to protect the wings

- Fixed to standard mounting points with provisions for 2 swivel recovery points and 2 Hi-Lift jacking points

**Note** - Grille needs trimming to fit winch

## Discreet winch bumpers

- Suitable for any low line winch

- Made from 6mm and 8mm steel

- Discreetly fits behind the existing bumper

- Bolts directly onto the front cross member using existing holes

- Modifications to bumper are required, includes instructions

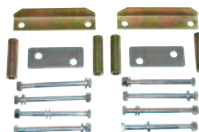

- Excludes fairlead

**DA7537** Discovery 3 - TdV6/Discovery 4 - TdV6/Range Rover Sport - TdV6

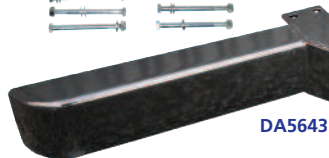

**DA7538** Range Rover Sport - 3.6 TdV8, 4.2 V8 Supercharged, 4.4 V8

**DA1171**  
A pair of Defender bumper fixing plates. Easier fitment plates which replace the standard fitted spring clip style plates. Can be used on standard bumpers too.

**DA5621K**  
Discovery 1/Range Rover Classic Replacement fitting kit for winch bumper - DA5621

**DA5643**

**DA5609**

**DA5622**

**DA5604**

**DA5699**

Universal number plate mounting bracket  
405mm wide x 110mm deep

Number plate not included

**A range of winch bumpers to suit your vehicle!**

## Standard winch bumpers

**DA5623**

**DA5681**

**DA5621**

Winch not included

**DA5620** Winch and A bar not included

**DA5645**

**DA7537**

## Fairleads

### Other Essential Winching Accessories

<b>DB1001</b>	Winch bag - a heavy-duty black and green bag
<b>DB1014</b>	Extended winch wiring kit - 1 x red, 1 x black wire, each 1.8m in length with end connectors and cut-off switch for Defender vehicles
<b>DB1309</b>	'Dyneema Bowrope' 12 strand synthetic fibre replacement winch rope - 11mm x 28m Breaking point - 25,800lbs <ul style="list-style-type: none"> <li>• For use with DB9000C, DB9500i and DB12000i winches</li> <li>• Very light</li> <li>• Easily spliced</li> <li>• Highly visible</li> <li>• Less effort in use</li> <li>• Very strong</li> <li>• Does not curl</li> <li>• Compact</li> <li>• Safety in use</li> <li>• Easy to handle</li> <li>• Floats</li> <li>• Does not kink</li> </ul>
<b>DB1314</b>	Ground anchor set - 600mm pins
<b>DB1318</b>	Ground anchor bag set - 2 x Pulling Power bags <b>Note</b> - ground anchor not included (DA1314)
<b>DB1328</b>	Replacement winch cable with hook - 30.5m x 9.5mm Galvanised aircraft cable with break force - 14,400lbs

DB1015

### Winching Accessory Kits

- DB1015**
- 1 x DB1000 Wheel chocks (pair)
  - 1 x DB1001 Winch kit bag
  - 1 x DB1002 Snatch block - 9,000kgs
  - 1 x DB1006 Tow strap - 8 ton, 60mm x 9m
  - 1 x DB1007 Tree stop
  - 1 x DB1010 Winching gloves
  - 1 x DB1011 Snatch tow sling - 8 ton
  - 2 x DB1012 Alloy bow shackle - 4.75 ton
  - 1 x DB1016 Winching blanket

DB1017

- DB1017**
- 1 x DB1001 Winch kit bag
  - 1 x DB1002 Snatch block - 9,000kgs
  - 1 x DB1006 Tow strap - 8 ton, 60mm x 9m
  - 1 x DB1007 Tree stop
  - 1 x DB1010 Winching gloves
  - 2 x DB1012 Alloy bow shackle - 4.75 ton

DB1017P

- DB1017P**
- 1 x DB1001 Winch kit bag
  - 1 x DB1002 Snatch block - 9,000kgs
  - 1 x DB1007 Tree stop
  - 1 x DB1010 Winching gloves
  - 2 x DB1012 Alloy bow shackle - 4.75 ton
  - 2 x DB1329 Jate rings

Britpart Pulling Power winching recovery kits come with all the basic items needed to ensure your winch can be used to the best effect. There is a choice of a starter or professional kit depending on your needs.

Silicone turbo hoses	103		

"Upgrade your Land Rover from its standard spec into something a bit more special with upgrades for the braking system and engines."

## Braking

### Anti-squeal shims

Universal self adhesive noise dampening shims

DA1141

The shims are manufactured from wolverine and cut to shape and applied to the backing plate of the Brake pads prior to fitting to help eliminate any noise issues (should the pad be unshimmed). When used in conjunction with Mintex CeraTec silicon based lubricant, most brake noise related issues will be eradicated. Pack quantity 4.

#### IMPORTANT BRAKE INFORMATION

For exact change over points with vehicle applications please contact your local Britpart distributor with the full chassis number for the correct application. These references are intended as a guide only.

## Brake Lubrication

### Cera-Tec Advanced Lubricant

Mintex Cera TEC is an advanced non-metallic universal lubricant that provides many benefits over traditional copper-based grease.

DA2389

- Non-metallic content - ABS and ESP friendly
- Operates to a high temperature (1,000°C)
- Non-conductive
- Free of copper and acid
- More effective at reducing any brake squeal
- Protects against corrosion and dirt
- Neutral colour prevents any visible residue or staining

## Brake Discs - Britpart Performance

- Slotted design to increase braking efficiency by reducing dust, debris, water and gas on the disc.
- To improve brake cooling, reduce weight and to offer an escape route for dirt and gasses these performance discs are drilled with rows of holes.
- Excellent upgrade for your Land Rover to aid braking, especially under a heavy load.
- Ideal for off-road use.
- Manufactured to British Standard BS1452 Grade 220 and DIN1691 GG20.
- Supplied in pairs.

- High friction compound which is effective from cold up to high heat.
- Effective brake upgrade for heavy-duty braking.
- Long lasting powerful brakes.
- Shims, edge chamfers and slots for silent braking.

EBC Yellowstuff brake pads are British made and contain Aramid fibres. These are man-made high performance fibres, used widely for their light-weight, high strength, abrasion resistance and thermal stability. These properties provide advantages over cheaper steel fibre based products. Not only high in friction from first application when brakes are cold but extremely effective at higher brake temperatures as encountered in faster driving and towing/trailing. These pads are a favourite with the military and are used on armoured vehicles in several countries to handle the higher loads and heat and offer a good brake upgrade. Fitted with shims chamfers, centre slots and the unique EBC Brake in coating for fast bedding in of new brakes these pads are also long lasting and silent in operation.

## Brake Discs & Pads - EBC - continued

# GREEN STUFF

- 100% British design and manufacture.
- Superb gloss powder coat paint finish to reduce corrosion.
- Unique engineering finish with noise reduction slots and edge chamfers.
- Extra high friction compounds for better stops, these pads will improve your stopping power by up to three vehicle lengths.
- Special compound ingredients that prevent "Outline Etching" eliminating brake stiction onto the rotor in damp conditions.
- Unique "Brake-In" surface coating to accelerate pad bed in after installing new pads which also guarantees brake efficiency from install.
- Super quiet braking with rubber-steel-rubber noise reduction shims on the reverse, this dampens all possible noise.
- Extra heavy duty compound lasts longer than low cost standard pads.
- Fully ECE R 90 approved and legal for road and off road use.

# Ultimax

- New AF42/66 friction material which completely eliminates brake judder and produces a high friction long lasting brake pad.
- Unique powder coat finish to both pad and back plate gives lifetime resistance to corrosion and prevents moisture ingress.
- Unique Brake-In surface coating provides instant brake efficiency on installation and conditions the brake rotor removing glaze, black spotting etc from disc surface.
- All pads feature centre line slot which prevents heat expansion cracks and reduces brake noise.
- All pads feature edge chamfers which have major technical benefits;
  - Significant reduction in brake noise
  - Prevents 'edge lifting' under left and right extremities of pad which can cause corrosion ingress and eventual pad de-bond
  - Can extend pad life by virtue of improved pad efficiency
- Most pads in the Ultimax range features factory fitted noise reduction shims.

**INCREASE YOUR BRAKING EFFICIENCY**

**BRITPART**

These brakelines are constructed from the finest quality hose, consisting of a PTFE inner and stainless steel overbraid.

- Eliminates sponginess under heavy braking.
- Increases braking efficiency.
- Abrasion and corrosion resistant.
- Britpart hoses available at plus 150mm lengths - ideal for use with our Plus 5" suspension products.

**GOODRIDGE**

\*Note - Front hoses fit directly into the wheel cylinders replacing brake pipe 537763

**Handbrake Conversion Kits**

Driving off-road you'll know how easy it is for the standard Land Rover hand brake to get bunged up with dirt and once the mechanism gets clogged up it doesn't work as efficiently as it should. Britpart now offer a solution to that problem - a drum to disc conversion kit. These kits use powerful callipers whose mechanism is sealed to prevent the access of mud. Parts are supplied coated with a tough corrosion resistant coating of gold zinc passivate to ensure a long life. Fitting is easy requiring only simple tools. Full fitting instructions are included as well as advice on adjustment and use.

**Defender/Discovery/Range Rover Classic**

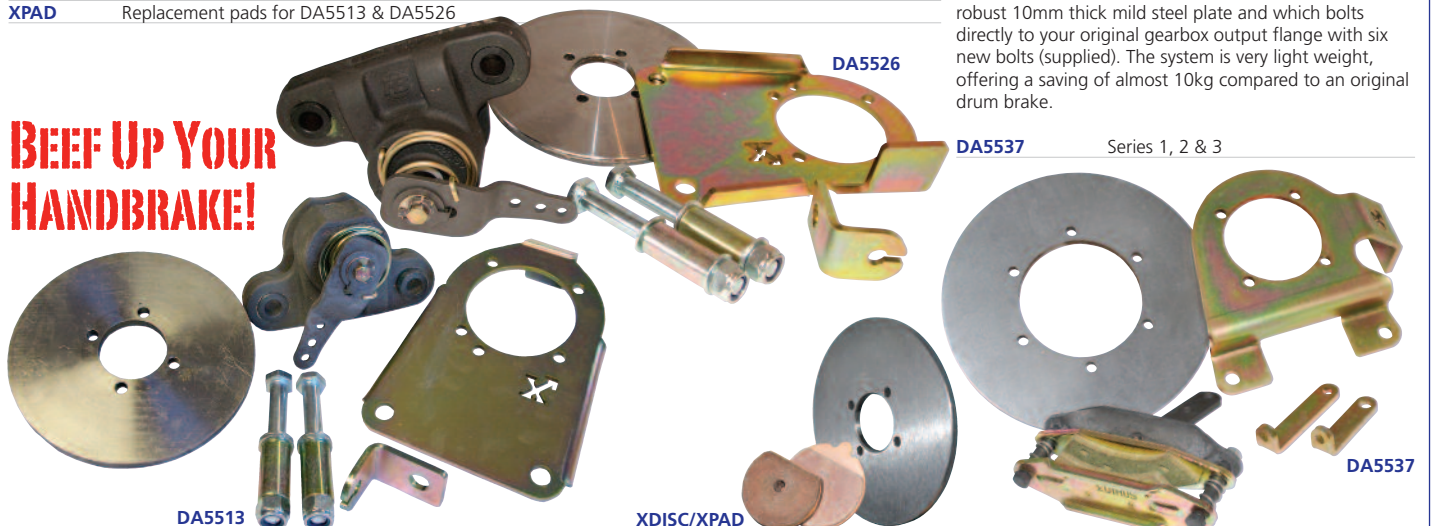

The disc transmission brake uses a state of the art monster sized mechanical caliper designed for agricultural vehicles and earth moving equipment - so using it on a Land Rover is easy work for it. The mechanism is sealed so it will not seize up due to ingress of mud or water and it uses special 'sintered' pads which are resistant to abrasion from mud as well as providing greater friction against the disc than a standard pad. The disc has been specially designed for Land Rovers and manufactured from tough 10mm thick steel. It has a smaller diameter than a standard drum and so does not dangle below the transfer box which helps it to protect it from whatever you are driving over. The caliper mechanism sits in a well protected area at the top, away from most of the mud and water.

- DA5513** Defender 90 & 110  
For anything post 1993 (300Tdi, Td5 & Puma) you need to change the cable - NRC5088.
- DA5526** Discovery 1/Discovery 2/Range Rover Classic - will not fit a Borg Warner or LT95 transfer box.
- XDISC** Replacement disc for DA5513 & DA5526
- XPAD** Replacement pads for DA5513 & DA5526

**Series**

This will fit any Land Rover fitted with a standard Series transfer box, including those fitted with PTO's, under or overdrive units. The new brake replaces the original transmission brake drum. It is supplied with a new adjustable actuator rod which connects from your original handbrake lever, direct to the caliper, reducing the amount of slack in the linkages. The disc transmission brake uses an industrial open-frame caliper with simple adjustment and easy cleaning. The new caliper is mounted on a laser cut steel back-plate with a folded gusset for added strength and incorporating a built in skid plate to protect the disc which is manufactured from robust 10mm thick mild steel plate and which bolts directly to your original gearbox output flange with six new bolts (supplied). The system is very light weight, offering a saving of almost 10kg compared to an original drum brake.

**BEEF UP YOUR  
HANDBRAKE!**

## Engine

### E.G.R. Blanking Kits & Tubes

A Britpart EGR (exhaust gas recirculation) blanking kit enables you to remove the original mechanical EGR from the vehicle resulting in better fuel economy and improved performance.

### Filter Guards

*Britpart Filter Guard removes potential engine damaging metal particles from your oil.*

**Clean oil works better than dirty oil with reduced friction and less wear.**

Britpart's Filter Guard is an inexpensive way of removing the harmful contaminants that conventional oil filters can miss. The contaminants are fine metal particles which act like an abrasive on the fast moving parts in your vehicle's engine - dramatically shortening engine life.

Filter Guard works by magnetic filtration technology resulting in cleaner oil which your engine will thank you for by running better now and in years to come. The Filter Guard will never clog or restrict the all important oil flow.

**Note** - Filter not included with Filter Guard  
**DA6081**

Improves fuel economy!

- Improves fuel economy
- Extends engine life
- No vehicle modification needed
- Added protection for stop & go driving and towing
- Cleans engine oil for 50,000 miles/80,000kms
- Does not effect your Land Rover's warranty

Added protection for your engine!

A breath of **fresh air** for your Land Rover

"breathing efficiency for your engine means more power or better fuel mileage"

To see an image of each filter go to [britpart.com/filters](http://britpart.com/filters)

- A range of performance filters tailored to fit your Land Rover.
- Maximum breathing efficiency for your engine means more power or better fuel mileage.
- No compromise on quality - the engine gets more air but the dirt particles are trapped by the quality filters.
- No need to replace as easy cleaning means maximum performance guaranteed.
- Easy fit, directly replaces standard air filter.
- Ideal for use in hot dusty conditions to reduce engine wear.
- Compatible with snorkels, ideal for use in conjunction with other performance modifications.
- Filters don't need pre-oiling and if the filter gets dirty there is no need to use a cleaner to clear the dirt on the filter - just use air, water or detergent.

## Air Filters - K&N

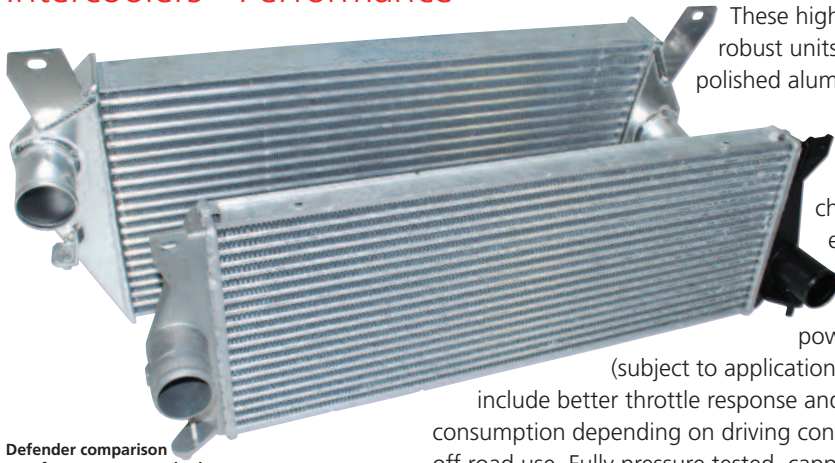

- Designed to increase horsepower and acceleration.
- Washable and reusable.
- Easy high performance add-on.

## Intercoolers - Performance

These high performance and robust units are constructed from polished aluminium and are 30% larger than the standard intercooler. As a result air has a chance to cool before entering the engine.

This cooler air can increase engine power by up to 25bhp

(subject to application). Other benefits include better throttle response and reduction in fuel consumption depending on driving conditions. Ideal for on or off road use. Fully pressure tested, capped and sealed.

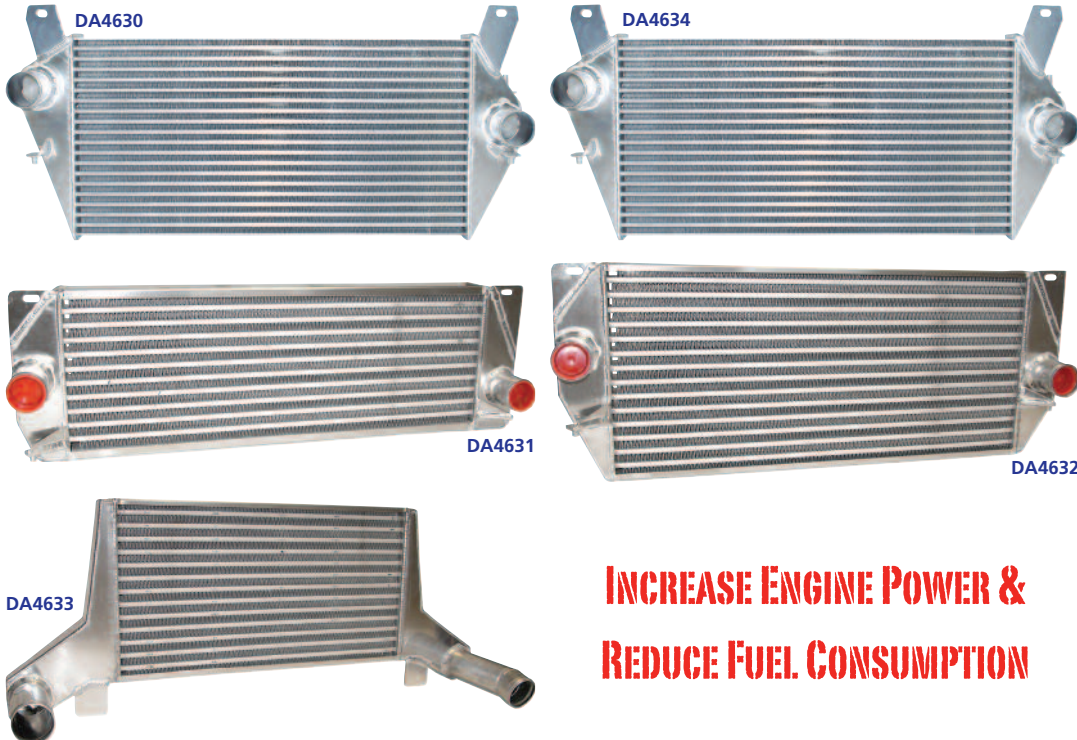

You can now find all the latest Britpart news on Facebook!

Defender comparison - performance vs standard

DA4630	Defender 90/110 - Td5 - 1998 - 2006 inc. air-con vehicles	60mm deep x 300mm high
DA4634	Defender 90/110 - 2007 onwards inc. air-con vehicles	60mm deep x 300mm high
DA4631	Discovery 2 - Td5 - automatic/manual with transmission oil cooler - 1999 - 2004	60mm deep x 235mm high
DA4632	Discovery 2 - Td5 - manual without transmission oil cooler - 1999 - 2004	60mm deep x 300mm high
DA4633	Range Rover P38 - DSE	60mm deep x 280mm high

Note - Dimensions for main intercooler body only. If you have a winch fitted please check clearance before fitment.

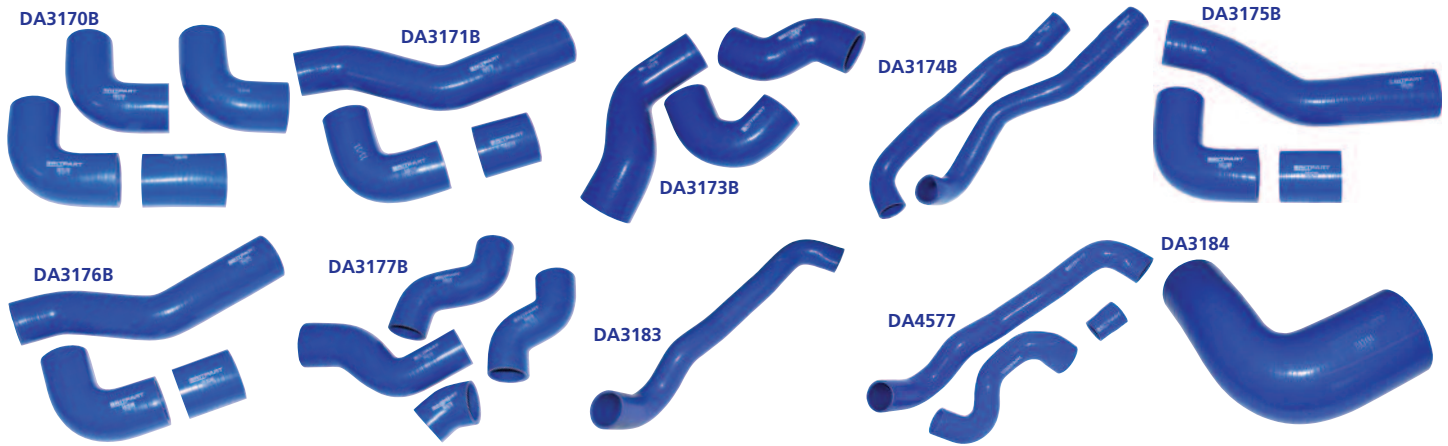

**DA4635**  
Discovery 3 - 2.7 TdV6  
Range Rover Sport - 2.7 TdV6  
The original Land Rover intercooler design can have problems due to the blocking up of the core with mud when the vehicles are used off road, as the intercooler is mounted at the lowest point in the front of the vehicle. This intercooler is designed to be easier to clean and less prone to blockage due to the courser, less dense fin design whilst dramatically improving flow, performance and economy, even without any further tuning. Tests have shown a minimum improvement in fuel economy of 12-15%. Power and throttle response in the lower and mid-range engine revs particularly are noticeably improved. The intercooler is designed to be simple to install without major modifications to the vehicle. The performance intercooler makes full use of the space available behind the bumper. It is designed with an integral fan cowl extension to ensure no loss of cooling efficiency and is supplied with mounting brackets and fitting guide.

**INCREASE ENGINE POWER & REDUCE FUEL CONSUMPTION**

**Silicone Turbo Hoses**

**Britpart Silicone Hoses**

- Quality silicone hoses are designed to operate at a higher temperature than the original hoses.
- Will not rot or perish like rubber hoses.
- Fit with both standard and performance intercoolers.

**WILL NOT ROT OR PERISH!**

## PSI Power Tuning Products

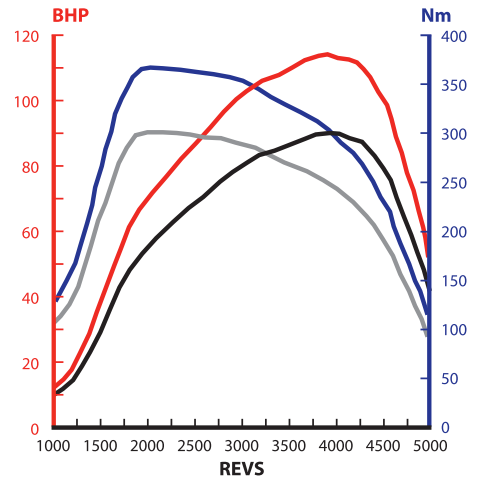

DA4419

The Power Box houses a digital microprocessor which intercepts the fuelling signals being transmitted from the ECU to the fuel pump; it then modifies them to ensure the exact amount of diesel required for enhanced performance. Such efficient use of the fuel optimises consumption, reduces smoke emissions and there is less engine stress, enhancing engine life in many cases.

The Power Box improves torque enabling the vehicle to change gears earlier and hold higher gears at lower speeds, making driving more pleasurable.

The unit fits using the original manufacturers plugs; these existing plugs are opened and the Power Box is secured in between. Full fitting instructions are included with every unit.

Performances for Defender Td5:

Standard: 121 HP 90 Kw 300 Nm  
**PSI: 158 HP 118 Kw 374 Nm**

### Features

- Plug-in unit
- No intervention with the original ECU
- TUV approval
- Compact size
- Shock resistant & waterproof
- Competitively priced

### Benefits

- Can be removed prior to sale or used as a selling point
- Traceless
- Peace of mind
- Quality product which is legal & safe
- Unobtrusive in interior of vehicle
- No worries off road
- A good investment

### Performance improvement - (before / after)

## Tunit

DA4437

Freelander 2 - 2.2 Td4 - 2007 onwards

**Performance improvement** (before / after)

Power - HP    Power - Kw    Torque - Nm  
152 / **177**    112 / **130**    295 / **325**

**Tunit Diesel Performance** - The Diesel Tunit has been forged from many years of experience to bring a world class unbeatable range of diesel performance solutions.

**Tunit Features** - Tunit possesses many advantageous features not seen in other tuning solutions such as chips, eprom serial reprogramming (flashing) or other types of fixed map devices. It is interchangeable between vehicles and able to be upgraded. External to the ECU or 'Plug and play' as it is often called means no interference with the original manufacturers engine equipment. Its option to adjust power and performance provides easy manual adjustment for the novice or finer electronic alterations for the more dedicated tuner. Tunit is backed up by an outstanding after sales service, part exchange program and class beating three year warranty.

**Fuel Savings** - Tunit has become advantageous in reducing fuel costs for a variety of applications; not just improving performance but now helping with saving fuel costs.

**Installation** - The Tunit is normally connected to original plugs on the vehicle and can either be self-installed or by a professional mechanic.

## Turbo Boost Box

DA4667

The Td5 engine fitted in Defenders and Discovery's is one of the most 'tuneable' engines available and it responds well to modifications including a PSI power tune box, larger intercooler, EGR removal kit and decat pipes. However the turbo will only boost to 14.7psi in standard form and this will quickly limit the potential from the modifications you have made. The ECU will cut fuel to the engine if it detects an over boosting situation, but there is a solution.

**Turbo Boost Box!** This intelligent box allows the Td5 engine to run with a higher boost pressure after adjusting the waste gate in accordance with the instructions. This allows increase turbo boost pressure without the engine going into limp home mode. You will feel the benefits of fitting the Turbo Boost Box as soon as you drive. At the lower rpm's the vehicle will feel more responsive whilst at the same time giving you a much smoother spread of power through the rpm range. An added benefit is a reduction of exhaust smoke.

*You will feel the benefits of fitting the Turbo Boost Box as soon as you drive!*

Fitting the Turbo Boost Box is an easy 3 wire installation. The box is manufactured from extruded aluminium and easy to fit as it uses the original Land Rover connectors. The box is 99% water resistant - ideal for most off-road uses.

This product must be fitted by a competent mechanic in accordance with the included instructions, incorrect waste gate adjustment can lead to engine damage.

## Upgrade Chip

DA4497 Range Rover P38

Replacement ECU chip to improve power and economy on the GEMS engine 4.0 and 4.6 in the Range Rover P38. Fitting this chip will increase economy by approx 15% and power by 10%. Once fitted, it helps make a big difference to the driveability of the vehicle by improving throttle response and mid-range pull.

### Accelerate technology

Limitations and restrictions exist which prevent your vehicle from achieving optimal performance. The manufacturer's emissions test is extremely rigorous due to inclusion of all parts of the driving cycle, especially warm up and full load operation, which is where problem emissions are at a maximum. To meet these they compromise performance and efficiency of the engine - this chip helps redress that balance.

### Off roaders in the driving seat

Your requirements are met through a stable and predictable idle quality, good engine braking and an engine which has plenty of midrange torque. Perfect idle control for hill descents and winching, with no possibility of stalling. Total reliability ensures you never lose control.

### Greater expectations

By comparison we know climate conditions and fuel quality your vehicle experiences and can therefore improve efficiency by reducing fuel consumption and optimising the engine to get its best performance on full load, which is less than 10% of the time.

No trade off between fuel economy and increased power!

## Weber Carburettors

DA3049

V8 4-Barrel conversion kit including manifold

The Weber 4 barrel replacement carburettor kit is a direct replacement for the twin Stromberg or SU carbs fitted to the Rover V8. Calibrated to work perfectly on the 3.5 and 3.9 engines, the Weber kit is the most complete on the market and features a Webcon modified Weber 4 barrel 500cfm carburettor, intake manifold, air filter and every single nut, bolt, washer, gasket and hose that could possibly be needed. The kit adds up to 20bhp at the wheels and transforms the driveability and economy. Starting becomes instant either hot or cold and with no balance adjustment to worry about with twin carbs, the engine is simply superbly smooth as indeed a V8 should be.

DA3049AF Replacement air filter for DA3049

DA3049KD Weber kick down kit for use with DA3049 on automatic vehicles.

DA2126 Series carburettor - to replace Solex use also STC541 adaptor

DA2206 Service kit for DA2126 & ERC2886W

DA2126A Choke cable for DA2126

ERC2886W Series - replacements for the Zenith 361V

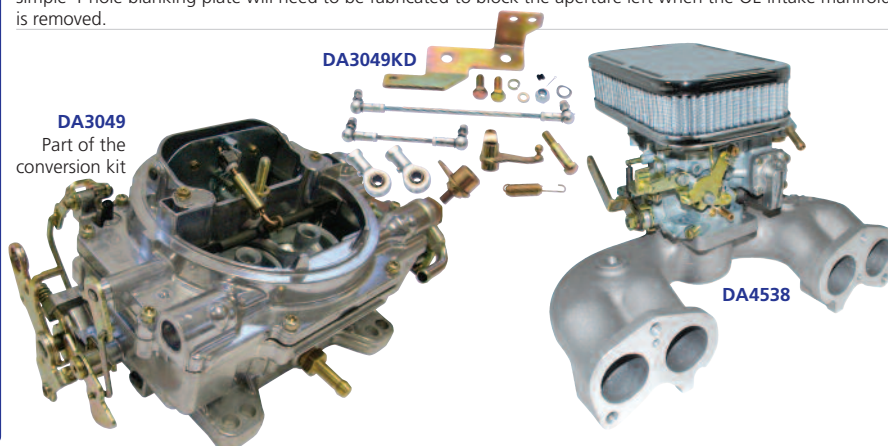

Available for LHD, RHD, with or without fuel shut off solenoid, the Weber range of carburettor kits to replace the Zenith 361V offer the optimum balance of power and economy together with the legendary quality and reliability of Weber. Shipped as complete turnkey solutions, all kits are supplied with every nut, bolt, washer and gasket required and comprehensive, easy to follow instructions ensure that installation can be carried out with no specialist carburettor knowledge.

DA4538 Twin choke performance carburettor kit for Land Rover 2.25ltr engines.

The kit is fitted with Webcon's new Sync Link kit allowing synchronous opening of the Weber 32/36 DGV throttle butterflies. This greatly enhances low speed driveability and torque, essential for off-road driving. This kit will fit all engines fitted with a tubular exhaust manifold. If the original exhaust manifold is still fitted, a simple 4-hole blanking plate will need to be fabricated to block the aperture left when the OE intake manifold is removed.

DA3049

Part of the conversion kit

## Exhaust Systems

### Double 'S' Stainless Steel Exhausts

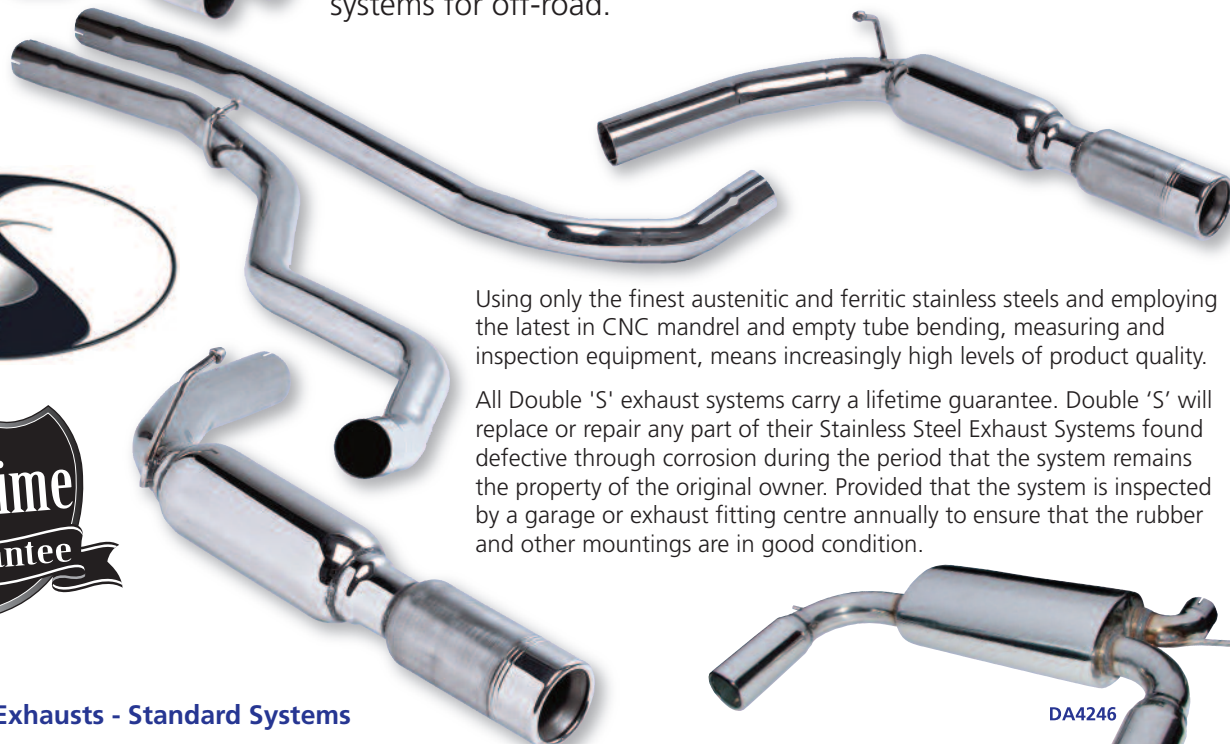

Double 'S' is recognised as one of Europe's leading manufacturers of stainless steel automotive components with a wide selection of systems for off-road.

Using only the finest austenitic and ferritic stainless steels and employing the latest in CNC mandrel and empty tube bending, measuring and inspection equipment, means increasingly high levels of product quality.

All Double 'S' exhaust systems carry a lifetime guarantee. Double 'S' will replace or repair any part of their Stainless Steel Exhaust Systems found defective through corrosion during the period that the system remains the property of the original owner. Provided that the system is inspected by a garage or exhaust fitting centre annually to ensure that the rubber and other mountings are in good condition.

“Firm up your ride with some new shock absorbers & springs or raise your game with a lifted suspension kit. Britpart have plenty of suspension upgrade options depending on how you use your Land Rover.”

suspension & axle equipment

## Axle Anti-Roll Bar Kits

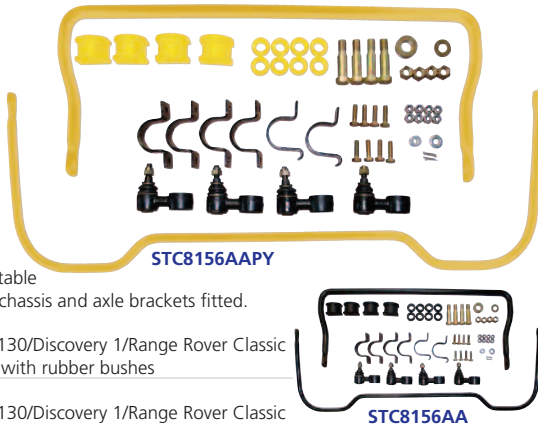

Stiffen up your vehicle!

Front and rear kits complete with fitting instructions. Only suitable for vehicles with the chassis and axle brackets fitted.

**STC8156AA**  
Defender 90, 110 & 130/Discovery 1/Range Rover Classic  
Black anti-roll bar kit with rubber bushes

**STC8156APY**  
Defender 90, 110 & 130/Discovery 1/Range Rover Classic  
Yellow anti-roll bar kit with Britpart yellow polyurethane bushes

**Note** - To fit these anti-roll bars to the rear of a Defender 90 Td5 - onwards 2 x EGP1661L & 2 x EGP1889 are required  
Defender 110/130 Td5 - onwards 2 x NRC5674 & 2 x 592773 are required

## Panhard Rods

If your Land Rover has raised suspension it is wise to use an adjustable panhard rod to correct the axle position which will in turn maintain and restore the steering geometry.

**DA1130**  
Defender  
Td5 & 2007 onwards  
**RBX101340PY** or  
**RBX101340YELLOW**  
Polyurethane bushes to fit DA1130

**DA1110**  
Defender - up to 2002  
Discovery 1  
Range Rover Classic  
Complete with yellow polyurethane bush set

## Fulcrum Brackets

Fulcrum brackets  
Defender/Discovery 1/Range Rover Classic  
**DA1129**  
With ball joint assembly (ANR1799)  
**DA1129G**  
With OEM ball joint assembly (ANR1799G)  
**DA1129ADJ**  
With adjustable ball joint assembly (ANR1799A)  
**DA1129KIT NEW**  
Fitting kit for all fulcrum brackets

**DA1129KIT**  
**NEW**  
**DA1129ULTRA**  
Fulcrum bracket with high articulation  
Defender/Discovery 1/Range Rover Classic

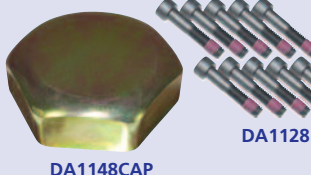

One of the major factors limiting the rear suspension movement on vehicles fitted with an A-frame is the standard ball joint. We have developed this part to provide significantly more articulation than the standard and most aftermarket joints. Others claim more articulation yet in reality they offer very little over the standard 30°. This exclusive ball joint offers 45° movement in all directions. It is easily adjustable with a regular hex spanner and has a grease nipple for convenient regular maintenance. It is supplied fitted ready to bolt to your Land Rover.

## Heavy-Duty Drive Flanges

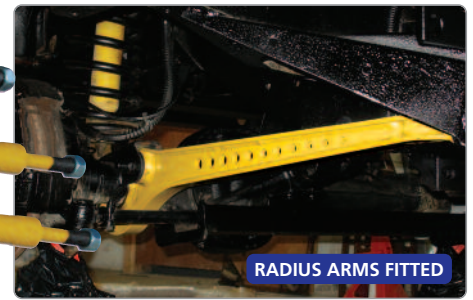

These heavy-duty drive flange kits have been engineered to outperform many of the inferior products available on the market. Manufactured from 5140 steel to they are much stronger than an OE drive flange. Complete with hex head bolts and screw on caps with integral seal.

<b>DA1148</b>	Defender - from LA/Discovery 1 - from JA Range Rover Classic - ABS and front from JA	Pair
<b>DA1149</b>	Defender - up to KA	Pair
<b>DA1148CAP</b>	Replacement drive flange cap with rubber seal for DA1148 & DA1149	Single
<b>DA1128</b>	Replacement drive flange bolt set for DA1148 & DA1149	Qty 10

**Radius Arms**

- Designed for Defender/Discovery 1/Range Rover Classic with an extended 1 to 3" lift.
- Front radius arms correct castor alignment which in turn ensures safe driving.
- Rear radius arms provide full rear axle articulation.
- Fitting the radius arms will contribute to much better off-road capability for your vehicle by fully utilising your spring and shock absorber set.
- Zinc passivated with a yellow heavy-duty powder coating finish to complement each component and the Britpart coil springs.

<b>DA5505</b>	3° Heavy-duty	Narrow	Use with NTC7307 & DA2353 bushes	38mm
<b>DA5506</b>	3° Heavy-duty	Wide	Use with NTC6781 & DA2353 bushes	45mm
<b>DA5510</b>	2" Lift rear radius arm			

See the end of this section for full details

**Bush Kits NEW**

<b>DA1242 NEW</b>	Range Rover Classic - up to 1985	Front bush kit
<b>DA1243 NEW</b>	Range Rover Classic - up to 1985	Rear bush kit
<b>DA1244 NEW</b>	Defender - up to KA	Front bush kit
<b>DA1245 NEW</b>	Defender - from LA up to VA130784/Range Rover Classic - from 1986 onwards	Front bush kit
<b>DA1246 NEW</b>	Defender - from VA130785 up to 2A626645	Front bush kit
<b>DA1247 NEW</b>	Defender - from 2A626646 onwards	Front bush kit

<b>DA7206</b>	Discovery 3/Discovery 4/Range Rover Sport - 2005 - 2012	Rear lower Suspension arm

**Castor Corrected Swivel Housings NEW**

**DA3203 NEW**  
Defender - from LA up to WA  
Normally the only way to correct the castor angle on a beam axle vehicle is to fit castor corrected radius arms or go through the lengthy process of repositioning the brackets on the axle. Something which takes considerable time and skill.

Britpart offer you an alternative. These castor corrected swivel housings come as a handed pair. They are a direct replacement for vehicles normally using the FRC7065 swivel housing but they have the mounting holes positioned to give 3 degrees of additional castor.

The swivel housings are from the OEM supplier and then machined to our specification.

Kit contents - Swivel housings; swivel pin bearings; gaskets; seals; plates; shims; joint washers; swivel pin uppers - non-ABS & swivel housing grease sachets.

**Front Suspension Arm & Bolt Kits**

Have all the parts you need with one easy part number when you have to change a front suspension arm. Kit contains suspension arm and bolts.\*

## Brackets, Mounts & Ancillary Products

### Shock Absorber Brackets & Turrets

**DA1164**  
Heavy-duty, plus 30mm, front turrets for Discovery 2. Finished in heavy-duty powder coating. Complete with nuts and bolts.

**DA1186**  
Defender/Discovery 1/Range Rover Classic Galvanised standard height front shock turrets with fitting kit.

*Sometimes off-road conditions can be serious enough to test the standard equipment on your Land Rover...*

Kit includes nuts, bolts & washers

**DA6337**

**DA6322**

**DA6323**

**DA6322L**

**DA6323L**

Sometimes off-road conditions can be serious enough to test the standard equipment on your Land Rover to its maximum. One of the critical components that takes most of the abuse is the suspension system. When using the standard single shock absorber configuration it is not unknown for the shock absorber to break the factory fitted turret mount. These shock absorber turrets from Britpart give you confidence that your vehicles suspension will tackle the terrain you take it through with greater ease.

The single shock absorber turret is manufactured from heavy-duty steel and replaces the existing turret mount which is susceptible to corrosion by allowing a build up of dirt inside which is hard to clean thoroughly. The new design is harder wearing and easier to clean.

The twin shock absorber turret is manufactured from the same quality steel as the single shock absorber turret but allows for the fitment of an additional shock absorber. The benefits of having extra shock absorbers fitted to your Land Rover is that any extreme force encountered is divided between the two shock absorbers for a more comfortable ride for you and your passengers. Using twin shocks is also beneficial when carrying loads both on and off-road as it improves the load carrying ability of the vehicle. An additional benefit is that when changing shock absorbers there is no need to remove the turrets.

**Note** - Rear brackets involve some welding to fit.

<b>DA6322</b>	Defender/Discovery 1/Range Rover Classic*	Twin shock turrets	Front	Standard height
<b>DA6322L</b>	Defender/Discovery 1/Range Rover Classic*	Twin shock turrets	Front	2" Lift
<b>DA6323</b>	Defender/Discovery 1/Range Rover Classic*	Single shock turrets	Front	Standard height
<b>DA6323L</b>	Defender/Discovery 1/Range Rover Classic*	Single shock turrets	Front	2" Lift
<b>DA6324</b>	Defender/Discovery 1/Range Rover Classic*	Twin shock brackets - kit	Rear	
<b>DA6337</b>	Defender/Discovery 1/Range Rover Classic*	Long travel rear shocker absorber mounting kit		

Laser cut, jigged and computer welded with zinc plated and powder coated finish

The standard pin and eye shock absorbers don't have the necessary articulation for extreme off road conditions and the answer is to use pin and pin shock absorbers. If you use our Cellular Dynamic Plus 5 shock absorbers they offer better articulation. To be used in conjunction with DC6000LL. On Defender Td5 the fuel filter must be moved.

**\*Note** - Fitting shock absorber brackets may require some vehicle modification, please ask distributor for full details.

### Spring Retainers

Defender/Discovery 1/Range Rover Classic

In some situations the vehicle's springs can get dislodged from their setting, these heavy-duty spring retainers ensure the springs are kept in the correct position.

**DA2362** Front **DA2363** Rear

**DA2362**

**DA2363**

### Adjustable Ball Joint

**ANR1799A**

Defender/Discovery 1/Range Rover Classic  
An adjustable A-frame ball joint  
Single

### Dislocation Cones

These clever products ensure your springs relocate correctly when using your Land Rover in extreme conditions. Manufactured from stainless steel. Use in conjunction with spring retainers.

Rear Pair

**DA2186**

**DA1962**

### Spring Spacer Blocks

**Defender/Discovery 1 & Range Rover Classic**

These 50mm spring spacer blocks are manufactured from 6mm plate with a powder coated finish. The spacers fit between the axle and the spring seats on the front and rear to give you that extra 50mm of lift you need.

**DA6344** Front pair  
**DA6345** Rear pair

**DA6344**

**DA6345**

**Discovery 2**

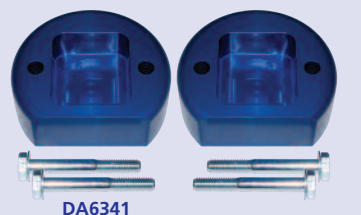

These 40mm spring spacer blocks are machined from high quality aluminium and anodised deep blue.

**DA6341** Front pair

With this kit you are able to retain the standard springs and shock absorbers. Use in conjunction with DA6342.

**DA6342** Rear pair

This kit enables you to retain your air springs yet give your vehicle the desired 40mm lift. We recommend that this kit be fitted in conjunction with DA6341, DA4198 or DA4199. Please look at the shock absorbers suitable for this vehicle and at 40mm braided brake hoses. Use in conjunction with DA6341.

**DA6341**

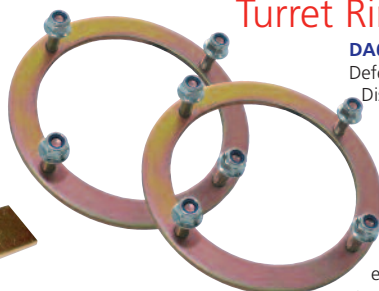

**DA6342**

### Turret Rings

**DA6338**

Defender  
Discovery 1  
Range Rover Classic

These robust & heavy-duty front shock absorber turret rings are made to replace the existing standard turret rings.

## Lift Rod Kit

### DA7531

Discovery 3/Discovery 4/Range Rover Sport - 2005 - 2013  
 These adjustable rods replace the plastic and rubber parts Land Rover supply on the vehicle. Made from aluminium with an industrial heavy grade rubber bushing, the aluminium parts are anodised black to help with corrosion protection and blending in when in the garage for work. The lift rods have two settings; standard and off-road. With the vehicle set to normal driving height the shortened rods will give you off-road height. If you select off-road height the vehicle will be in the 'super extended' position as standard if you use the 'shortened' settings. The ease of changing the ride height is what separates these rods from others in the marketplace.

No tools are required and should take no more than 2 minutes to do all four rods. Access to the front is over the front wheels and for the back is through the rear wishbones (blanket required!)

**Note** - If run for a long time in off-road position then wheels may need realigning.

**Notes** \*Kit includes front anti-roll bar bushes but these bushes aren't suitable for vehicles with ACE fitted.

\*\*Excludes shock absorber bushes

**All bushes are manufactured using the latest Vulkollan™ polyurethane technology**

- Britpart are proud to present an exclusive range of Yellow and Black polyurethane bushes.
- Manufactured exclusively for Britpart using the latest Vulkollan™ polyurethane technology.
- Machined to exact tolerances once cast to produce the highest finish available.
- Produced in both yellow and black they are both the same compound which gives similar ride characteristics to the standard rubber bushes, but they offer improved articulation, vibration damping and last longer.
- The black bushes are ideal for replacing individual bushes as they can be fitted without a press.
- The DC range of kits include shock absorber and A-frame bushes.

bush sets also available in **black**

## Air Suspension Compressors

At last, a cost effective and easy way to replace the OE air suspension compressor. These compressors are a direct replacement fit for the OE compressors that were fitted by the factory. They are made in Japan by Hitachi. By using the original brackets and pipes they are easy to install. The relay, which is included, must be changed. No need to reprogram the ECU (fault codes may need to be cleared).

- Direct replacement fit
- No need to reprogram the air suspension ECU
- Cost effective
- Uses all original mounting & pipework

**LR015303 & LR023964**

Discovery 3 - up to 9A513325

Range Rover Sport - up to 9A215622

**LR015089 & LR025111**

Range Rover L322 - from 6A198058 up to CA393639

**LR044034**

Discovery 4 - from 9A513325 / Range Rover Sport - from 9A215622

A direct replacement compressor for all non-Hitachi vehicles. Manufactured by the OE company in Germany. The relay which is included must be changed.

**LR061888 NEW** Compressor, relay, fixings and bracket

**LR045444** Compressor, relay and fixings

**LR044034 NEW** Bracket only

## Shock Absorbers

### Britpart XD Remote Reservoir **NEW**

Britpart have developed this range of remote reservoir shock absorbers for users wanting the extra benefits of a remote reservoir shock absorber on a vehicle that is used on the road as well as off it. The remote reservoir allows the shock to remain cooler under more extreme conditions and hence reduces the possibility of fade. Unlike most remote reservoir shock absorbers on the market the Britpart XD remote reservoir shock absorbers use conventional rubber bushings instead of ball joints. This is because ball joints have a very short life span when used on a road vehicle and are more suited to an all out competition vehicle.

Nitrogen filled remote reservoir shock absorbers with zinc plated steel body and anodised fittings.

**Note** - Will require extra fabrication to fit.

Application - Defender 90 & 110/Discovery 1/Range Rover Classic

Body diameter - 51mm

Shaft diameter - 20mm

Hydraulic hose length - 600mm

**DC8000 NEW**

Front pair

Open length - 716mm

Closed length - 462mm

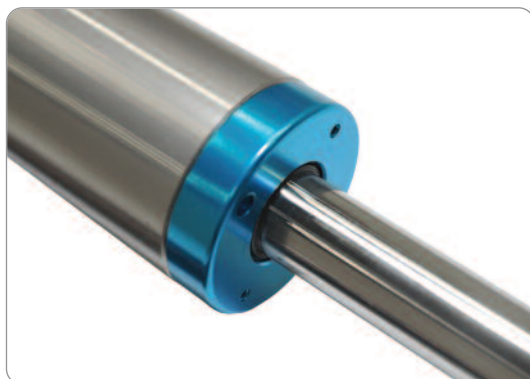

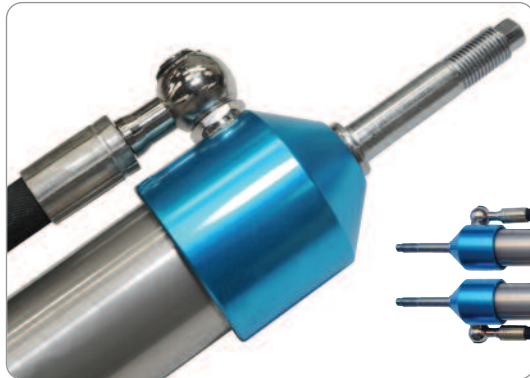

**DC8001 NEW**

Rear pair

Open length - 717mm

Closed length - 463mm

The Britpart Cellular Dynamic Shock Absorber represents a significant advance in Land Rover suspension systems. It features a cellular foam insert instead of a normal nitrogen gas or air, this is to stop the oil from boiling. The foam takes up less room which means more room for oil, 50% more, which offers maximum heat dispersion. This heat dispersion translates to a very subtle but controlled ride that will not fade no matter how hard you push them. They are ideal for a driver who needs more control to complement performance improvements or to enhance a standard vehicle. The unique design ensures ride comfort and cornering ability is maximised and of course they are superb off-road.

- Cellular technology tube
- Sintered 18mm rod
- Piston diameter 41mm
- Polyurethane bush
- Teflon piston with multi-lip seal
- Single piece eye ring

**Notes**

**Air Suspension Control**

**EASCONTROL**

For full details on **Bluetooth connectivity** please see refer to Diagnostics section of this catalogue.

**Electronic Air Suspension Control**

Re-programme your air suspension's height settings to raise or lower your vehicle in minutes – without getting your hands dirty!

The EASControl is an easy to use tool that allows fast, simple adjustments to the EAS suspension height settings. It also contains full diagnostic functions for the electronic air suspension system.

*Raise or lower your vehicle:* Height adjustment in front, rear or both.

*No installation or additional equipment required:* the EASControl is plugged into the OBD port and the easy to use, intuitive menu is displayed on the cluster message centre (or compatible Bluetooth device – EASControl BT models only). No wires to cut, holes to drill and no crawling under the car.

*Restore and save functions:* Original ECU settings backed up and 3 memory slots available to save your favourite settings.

**Raise, lower or repair your Land Rover's electronic air suspension like a pro!**

**Springs**  
Air Lift Kits

**Adjustable Air Helper Springs**

The load and towing problem solver

Air adjustability is the difference! Stiff steel factory suspensions must compromise between ride comfort and load hauling capacity. Smooth ride suspensions can't carry heavy loads; heavy springs ride rough, especially when the vehicle is unloaded. Air Lift adjustable air springs solve these problems by allowing you to tune your suspension under all load and road conditions. Just add air when towing or hauling and then remove air for a softer ride when unloaded.

**Features and benefits of Air Lift 1000**

- Improve ride, handling and stability by reducing roll, sway and "bottoming out"
- Fits open coil springs, front or rear
- Up to 1,000lbs of levelling capacity
- Tough long-lasting moulded polyurethane construction
- Quick connecting easy-to-use engineered polymer air fittings

**Air Lift 1000**

**Load Controller II**

The economical, popular, basic on board air system.

This system controls the rear bags equally. All kits include wiring harness for fast, easy installation.

To eliminate the major cause of air spring failure, the low pressure sensor automatically activates if pressure falls below the minimum safe level.

## Air Spring Conversion Kits

### Discovery 2

It is a sad fact that it's likely the air suspension on your Discovery 2 will fail - probably at the most inconvenient time possible. You then have a choice to make.

Do you replace it with a new air spring system which is comfortable but not so comfortable on your wallet or replace with an equally comfortable but much more affordable and reliable coil spring system?

Well Britpart have the complete kit for air to coil spring conversion making your decision that little bit easier.

<b>DA5136</b>	Standard ride height Rear kit - black springs

### Discovery 3

#### DA5034 **NEW**

Coil conversion kit with module

Does the complexity of having air suspension on your Discovery 3 worry you?

This comprehensive kit contains everything you need to convert to conventional coil spring suspension. Kit comprises four strut units and module to prevent the air suspension lights from being illuminated.

DA5034

DA5007

Air to coil spring conversion kits from Britpart - get a reliable and maintenance-free ride for your Land Rover!

### Range Rover

The EAS (Electronic Air Suspension) System found on Range Rover 4.0 and 4.6 vehicles can present expensive, recurring maintenance problems. If you've had an air spring failure before, you know this first hand. Britpart now has a coil spring conversion kit for Range Rover 4.0 and 4.6 that makes switching to coil springs seamless and error-free. Conversion to coil springs provides a better, maintenance-free ride that will save you significant money over time. The EAS Override Module suppresses all typical false dashboard display errors and buzzers seen when converting to coil springs. Any mechanic or Range Rover owner can install this coil spring conversion kit without having to go to a Land Rover dealer or Autologic-equipped repair shop to eliminate false dash warning light errors.

The kit features:

- Detailed step-by-step instructions.
- The EAS Override Module overrides all typical computer errors seen when converting to coil springs.
- Eliminates the need for a costly shop visit.
- Aluminium spring perch adapters.

- Britpart custom made coil springs provide standard ride height and maximum articulation.
- Affordable alternative to expensive, recurring air suspension failures.
- Trip computer compatibility - maintains operation of your vehicle's trip computer.
- Kit provides everything needed to complete a professional installation.

**Note** - All sold individually.

**Springs - Leaf**

For many years Land Rover road springs have been difficult to obtain to the correct OE specification. To remedy this, Britpart commissioned the same Spanish factory that produces our Santana parabolic springs to reproduce a comprehensive range of springs for Land Rover Series vehicles. The springs are constructed from the correct grade alloy steel 60SiCr8, heat treated consisting of hardening & tempering and set as Land Rover engineers specified and therefore will give years of service with the correct ride comfort.

<b>DA1234 NEW</b>	Defender 90 / Discovery 1
	Range Rover Classic with axle brackets

Reduce the ride height of your Land Rover by 1" (25mm). By lowering your vehicle it will help reduce body roll as well as giving your vehicle a more sporty squat stance and improve handling. The springs are designed in line with the standard spring rate specification and are finished in powered coated orange paint to match the anti-roll bars and shock absorbers.

**XD Handling Kit NEW**

Kit contains - Britpart lowered coil springs, Britpart Cellular Dynamic shock absorbers, anti-roll bars, turret rings, straps, ball joint assemblies, bushes, nuts, bolts and washers

## Springs - Coil

### Britpart Performance - Lifted Springs

Britpart performance springs are high quality, versatile and competitively priced - the right choice when replacing the old sagging original springs.

Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind. Britpart performance lifted springs have the added benefit of improving your vehicles approach and departure angles which in turn allows you to overcome more obstacles when off-roading.

As Land Rovers are often working vehicles as well as the family car, uprated springs must offer the ability to carry loads, handle off-road terrain and provide a good ride on road. The progressive springs offer a compliant ride when lightly loaded, but firm up as the load increases.

**Note** - Spring quantity 1 = 1 pair

The right choice when replacing the old sagging original springs!

### Britpart Performance - Standard Height Springs

Britpart yellow springs are designed for the enthusiast who wants a performance spring without having to raise the vehicle. They offer a firmer ride with less body roll, ideal for a vehicle with uprated performance or one used for carrying heavy loads. The springs are designed to offer full articulation off-road with a compliant ride. Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind.

**Note** - Spring quantity 1 = 1 pair

Defender			Bar Diameter	Rate lbs/in	Free Height

DA4278	Range Rover Classic	Rear	18mm	285	385mm

**Propshafts**  
Propshaft Spacer Kit

**DA6355**

Defender/Discovery 1/Range Rover Classic

- 300Tdi models onwards.
- Double cardan extreme use front propshaft with flange and fitting kit.
- For vehicles with L230 transfer boxes.
- Ideal for use with lifted vehicles.
- Helps to reduce driveline vibration where diff and transfer flanges are not in-line.

**Note** - Flange must be fitted to transfer box.

**Propshaft Kit**

**DA6339**

Defender/Discovery 1/Range Rover Classic

15mm propshaft spacer kit machined from billet aluminium and anodised deep blue. When suspension lift kit is fitted it increases the distance between the transfer box flange and the diff flange. This increased distance can cause the propshaft to run out of spline travel. Fitting this 15mm prop spacer helps return the propshaft to its normal operating length therefore allowing full spline travel which also helps reduce the characteristic "binding" of the yokes when a propshaft is over extended.

**Wide Angle Propshafts**

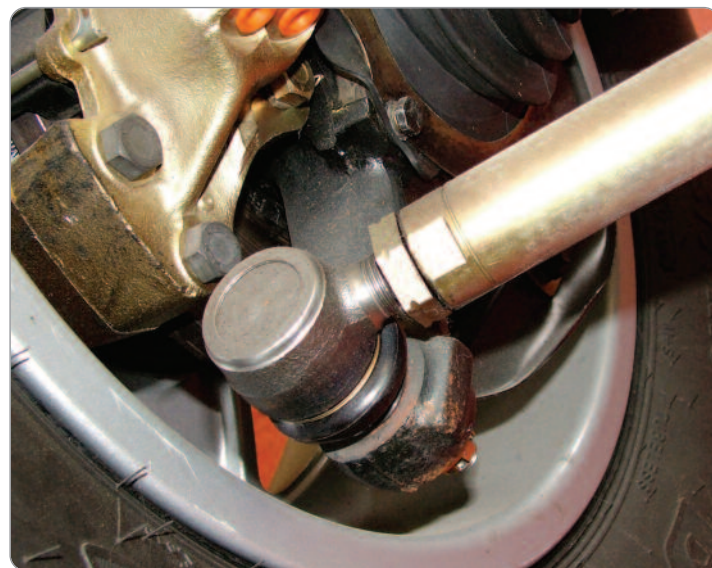

<b>DA6350</b>	Front	Defender - from MA - 300Tdi & Td5/Discovery 1/Range Rover Classic - 1986 - 1991	FRC8386
<b>DA6352</b>	Front	Defender - up to LA (1993)	FRC8390/FRC5566
<b>DA6351</b>	Rear	Defender 90 - 4 cylinder	FRC8392
<b>DA6353</b>	Rear	Defender 90 - V8 - up to 2007 & diesel from MA	FRC8393
<b>DA6354</b>	Rear	Discovery 1 - 1989 - 1994 & V8 from 1997	FRC8387
<b>DA6356</b>	Replacement heavy-duty universal joint for wide angle propshafts		
<b>DA1123</b>	Nut & bolt kit - each kit contains 4 nuts - for transfer box end & 4 nuts & bolts - for diff end Enough nuts & bolts to make propshaft repair out in the field. Suitable for DA6350; DA6351; DA6352, DA6353 & DA6354		

If your Land Rover has raised suspension or been modified for extreme axle articulation then the joints on the existing propshaft will become strained. This will cause the propshaft to lock up or vibrate and wear the universal joints prematurely. Dropping the axle further away from the chassis is great for looks, articulation and off-road performance - a neat solution is to fit a wide angle propshaft. This allows drivetrain angles of up to 32 degrees which reduces vibration, universal joint 'bind-up' and premature wear on the joints. These wide angle shafts have greasable universal joints which are more desirable where longer life is required.

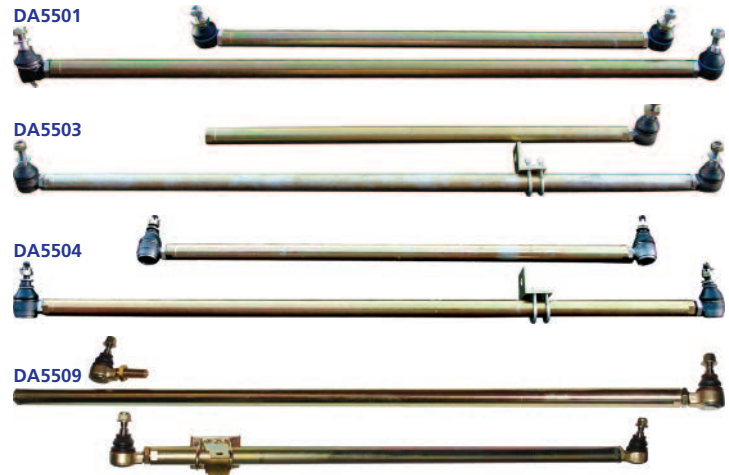

**Steering**

**Steering Arms - Heavy-Duty**

<b>DA5501</b>	Series	4 track rod ends

Lynx Diagnostic Interface	130 - 137

## Section Thirteen

## vehicle diagnostics

Finding and rectifying common electrical faults has never been easier with a selection of diagnostic tools from Britpart.

## Integrated Interface Diagnostics Tool & Electronic Air Suspension Control

### EASCONTROL

#### Electronic Air Suspension Control

Re-programme your air suspension's height settings to raise or lower your vehicle in minutes – without getting your hands dirty!

The EASControl is an easy to use tool that allows fast, simple adjustments to the EAS suspension height settings. It also contains full diagnostic functions for the electronic air suspension system.

**Raise or lower your vehicle:** Height adjustment in front, rear or both.

**No installation or additional equipment required:** the EASControl is plugged into the OBD port and the easy to use, intuitive menu is displayed on the cluster message centre (or compatible Bluetooth device – EASControl BT models only). No wires to cut, holes to drill and no crawling under the car.

**Restore and save functions:** Original ECU settings backed up and 3 memory slots available to save your favourite settings.

**Raise, lower or repair your Land Rover's electronic air suspension like a pro!**

### IIDTOOL

#### Integrated Interface Diagnostics Tool

Self contained diagnostic system with integrated interface or Bluetooth/PC/Mac controller app.

Despite its size and price, the IIDTool is a fully featured diagnostic system offering diagnostic functionality otherwise only found in systems costing many, many times more.

**The IIDTool offers the following unique advantages:**

**Speed and ease of use:** an easy to use, intuitive menu system provides all commonly used diagnostic functionality much more quickly than PC based systems.

**Portability:** no power supplies, cables, or additional equipment necessary - simply plug in and use; can be used at the roadside or in the middle of the desert.

**Restore to default:** upon first use on a vehicle, the IIDTool saves the configuration and settings to allow a restore from backup at any time.

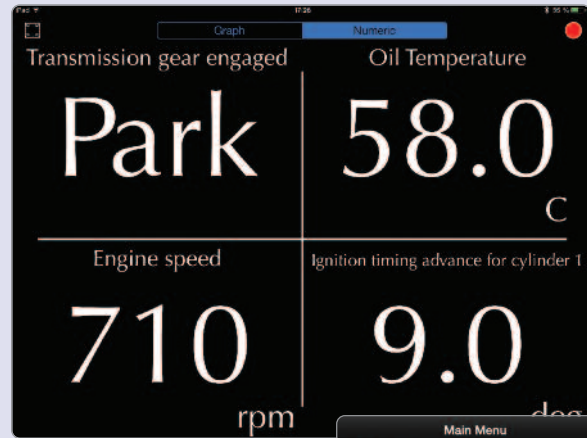

**Covers all vehicle systems:** from ABS, airbags, and BCM, through engine, instrument pack, and LCM, to steering angle, TPMS, transfer case and transmission – all systems covered.

**Enhanced diagnostic functions:** includes component / system calibration, CCF (car configuration file) editing, and ECU flash functions.

**Includes all EASControl functions:** raise and lower the EAS electronic air suspension settings in minutes – without dirty hands!

And much, much more...

**From simple fault finding and clearing to complex changes in the vehicle's car configuration file, the IIDTool does it all - despite its size!**

For something so small these tools are packed with big features...

#### Even more features with App V2.0 and firmware V3.0.

- Multiple vehicle type supported in a single unit (IIDTool BT only)
- Fault list export via e-mail (IIDTool BT only)
- Up to 8 live values displayed at once (IIDTool BT only), on numerical and graph scales. The logs can be saved and recalled
- PC based interface now supported
- More ECU soft ware updates i.e. AMK compressor
- Component system and calibration
- Nav On Move enablement (destination entry while on the move, L322, L319 and L320 up to 2009 only)

Integrated Interface Diagnostics Tool - Pro **NEW**

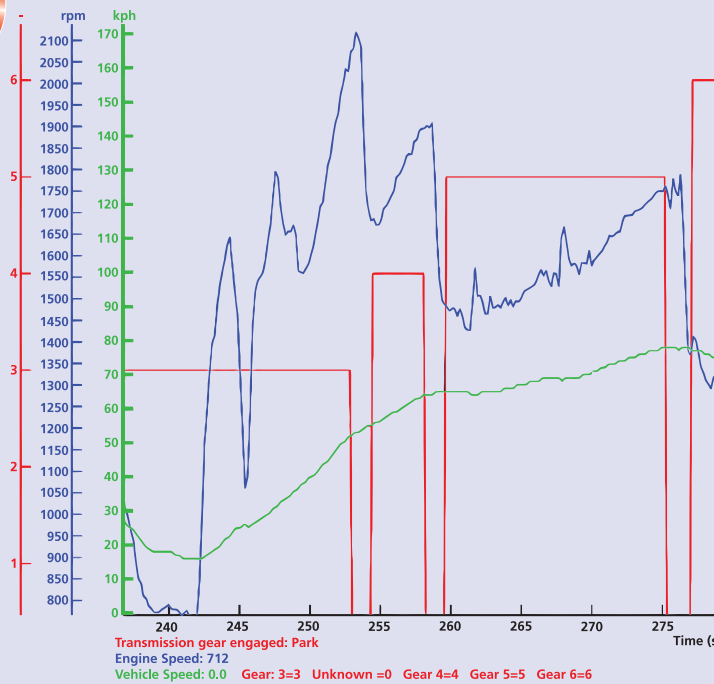

**IIDTOOL PRO**

**VIN UNLOCKED FOR ALL THESE...**

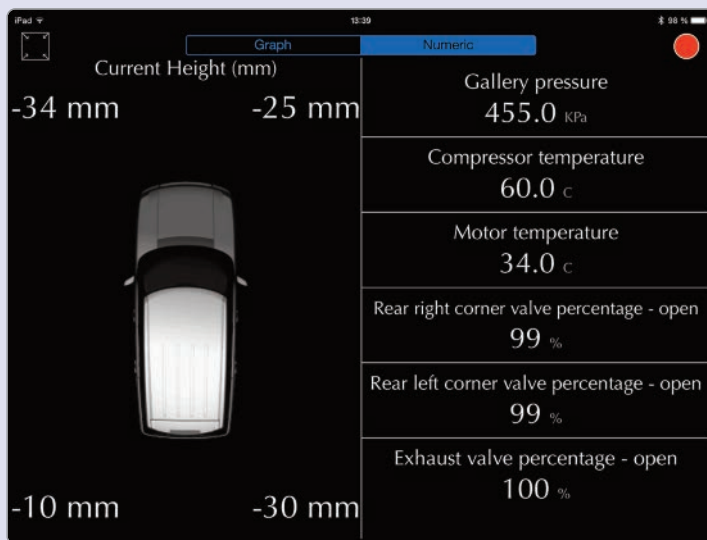

**Supported Vehicles**

- Defender - 2007 onwards
- Freelander 2
- Discovery 3
- Discovery 4
- Range Rover Sport - 2005 - 2013
- Range Rover Sport - 2014 onwards
- Range Rover L322
- Range Rover L405
- Range Rover Evoque
- Additional vehicles will be added in time.

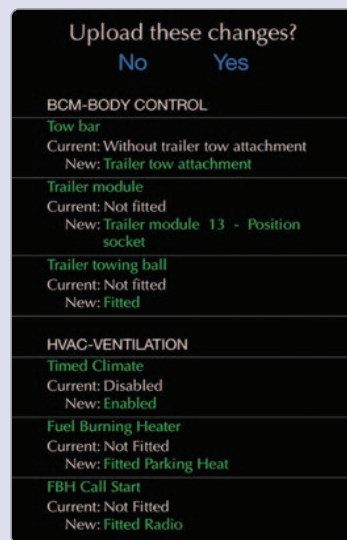

*A professional diagnostic system tailored to the independent Land Rover garage.*

VIN unlocked

The IIDTool Pro will work on an iPad Mini, iPad 3rd gen and up, iPhone 4S, 5 and up, iPod Touch 5 and up, Android devices fitted with a Bluetooth 4.0 transceiver and running on OS 4.3 or higher (except for low cost Chinese devices). Please contact us for more details.

**DA6439 NEW**

**Completes multiple diagnostic tasks quickly and easily.**

- VIN unlocked
- Innovative mobile interface (app)
- Easy-to-use with no or minimal training required
- Reduces diagnostic time significantly
- Simple, compact design (no PC, cables etc) and with unparalleled support
- Fault list export via e-mail, all under 1 minute
- Up to 8 live values displayed at once on numerical and graph views.
- Logs can be saved, recalled and exported (PDF, CSV)
- ECU software updates embedded in the tool's memory
- Key programming
- Component system and sensor calibrations
- Vehicle personalisation including park heat activation, nav on move enablement (Discovery 3 & 4, Range Rover Sport - up to 2009 & Range Rover L322)
- And much, much more...

*Designed for the professional Land Rover technician yet it's easy-to-use with no or minimal training required.*

**GAP Diagnostic subscription package for the IIDTool Pro**

Updates are free for a period of one year after the date of purchase. Afterwards, IIDTool Pro firmware updates will be available for an annual fee. The IIDTool Pro firmware will be continually improved through the addition of new service routines, vehicle enhancements options (modified ECU firmware's etc), convenience features, new vehicle coverage and many more items. The annual fee will be adjusted once the product has matured and updates become less frequent. This annual fee is not mandatory; if you decide not to partake in this offer the tool will continue to function normally even without the latest firmware additions. For more information contact [www.gap-diagnostic.com](http://www.gap-diagnostic.com)

Air suspension individual corner calibration (needed after a repair)	•
Original (default) values backed-up on first use	•

*The IIDTool Pro - Fast..., Easy..., Comprehensive...*

## Lynx Diagnostics Interface

### What is Lynx?

Finding and rectifying common Land Rover electrical faults has never been easier. Britpart have worked closely with Omitec to design and build a highly advanced Land Rover diagnostic tool. As well as the multi-model professional version, a single Land Rover model home use version is available too.

The Lynx interface is Windows\* based and when running diagnostics on a Windows laptop or Windows tablet, far more information can be displayed to the user than on a hand held device. Being Windows based there is familiarity and flexibility with the interface and navigation is much more intuitive.

*Your complete Land Rover diagnostics tool!*

### What does Lynx do?

- Read fault codes
- Clear fault codes
- Read live data
- Record & play back live data
- Test actuators
- Special functions - see coverage chart
- Programming - such as alarm settings, key fobs etc.
- Service reset

### What do you get with Lynx?

- Windows compatible software
- Vehicle Communication Interface box (VCI)
- USB to VCI lead
- VCI to OBD II lead
- Quick start booklet
- Activation form
- Unlock code booklet
- Carry case with foam insert

**See opposite for full Lynx model coverage...**

### More about Lynx

As Lynx is Windows based, the system is future proofed due to your laptop or tablet's hard disk drive which allows for 'many more' numbers of updates compared to hand held devices. Lynx is powered by Omitec who build the T4 - Official Land Rover diagnostics tool. Live data can also be displayed using graphics; making it easier to read time based events. Live data can be recorded for a comparison, a great advantage over hand held diagnostic tools as they do not usually have storage memory. The Windows based tool allows simultaneous access to the vehicle diagnostics and consultation of circuit diagrams and other technical information. Lynx will also allow you to access the internet if you are connected to it whilst diagnosing a vehicle and other such programs you might need to use in a garage environment. Lynx is supplied in a hard wearing carry case with foam insert to protect it when not in use. For the enthusiast home user, using Lynx will mean no more trips to your local main dealer to clear any faults on your Land Rover.

### What do I need?

#### Multi-model professional version

Unlocked for all Land Rover models in Lynx range. See overleaf for full Lynx model coverage.

DA6431	English	DA6431ESP	Spanish
DA6431GER	German	DA6431FRA	French

#### Single model home user version

Unlocked for one Land Rover model only. Upgradable for extra Land Rover models at a later date.

DA6430	English	DA6430ESP	Spanish
DA6430GER	German	DA6430FRA	French
DA6434	Home user additional Land Rover model unlock code		

#### Extras

DA6432	14CUX lead - for use with hot wire V8 Efi vehicles
DA6433	Upgrade lead - power cable for use with firmware updates
DA6433EU	Upgrade lead - European 2-pin power cable for use with firmware updates

Developed in conjunction with Omitec

View live data with intuitive interface

Unlock codes available for home users

*For the workshop and home user...*

See Lynx in action and a FAQ section at -

[www.lynx-diagnostics.com](http://www.lynx-diagnostics.com)

Now compatible with Windows 8.1

Also available - Software Update...

Now released for all existing Lynx users.

[www.lynx-diagnostics.com/upgrade](http://www.lynx-diagnostics.com/upgrade)

\*Microsoft Windows based PC or tablet with - Microsoft Windows XP, Windows Vista, Windows 7 & Windows 8.1 operating system. DVD drive. 500MB available hard disk space (minimum). 1024 x 768 screen resolution (minimum). Administrative rights - only required for software installation.

## Swivel Housing Kits

DA3165

**Corroded, worn or leaking swivel housings?**  
These ten swivel housing kits from Britpart are a convenient way to ensure you have all the quality parts needed to replace a Land Rover's swivel housing.

**DA3203 NEW** Defender castor corrected swivel housings  
These are a direct replacement for vehicles normally using the FRC7065 swivel housing but they have the mounting holes positioned to give 3 degrees of additional castor. Full details in the suspension section.

Series 2, 2A & 3

LR061888

## Air Suspension Compressors

LR025111

At last, a cost effective and easy way to replace the OE air suspension compressor. These compressors are a direct replacement fit for the OE compressors that were fitted by the factory. They are made in Japan by Hitachi. By using the original brackets and pipes they are easy to install. The relay, which is included, must be changed. No need to reprogram the ECU (fault codes may need to be cleared).

- Direct replacement fit
- Cost effective
- No need to reprogram the air suspension ECU
- Uses all original mounting & pipework

<b>LR015303</b> & <b>LR023964</b>	Discovery 3 - up to 9A513325
<b>LR015089</b> & <b>LR025111</b>	Range Rover Sport - up to 9A215622
<b>LR015089</b> & <b>LR025111</b>	Range Rover L322 - from 6A198058 up to CA393639

LR023964

## Suspension Ball Joint Repair Kits

Suspension arm not included.

Using these replacement ball joint kits is now a cost effective way to repair the Freelander front suspension arm.

<b>RB102920/930BJ</b>	Freelander 1 - up to 5A999999
<b>RB102920/930BJG</b>	- OEM
<b>RB102920/930BJG</b>	Freelander 1 - from 6A000001
<b>RB102920/930BJG</b>	- OEM
<b>LR007205-6BJ</b>	Freelander 2
<b>LR007205-6BJ</b>	Ball joint for LR007205 & LR007206

**DA6042**

**DA6047**

**Braking Brake Kits**

**Anti-squeal shims**

Universal self adhesive noise dampening shims

**DA1141**

The shims are manufactured from wolverine and cut to shape and applied to the backing plate of the Brake pads prior to fitting to help eliminate any noise issues (should the pad be unshimmed). When used in conjunction with Mintex CeraTec silicon based lubricant, most brake noise related issues will be eradicated. Pack quantity 4.

**Cera-Tec Advanced Lubricant**

Mintex Cera TEC is an advanced non-metallic universal lubricant that provides many benefits over traditional copper-based grease.

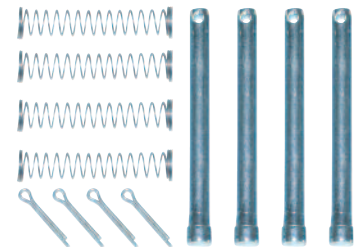

**DA2389**

- Non-metallic content - ABS and ESP friendly
- Operates to a high temperature (1,000°C)
- Non-conductive
- Free of copper and acid
- More effective at reducing any brake squeal
- Protects against corrosion and dirt
- Neutral colour prevents any visible residue or staining

## Britpart XD Brake Pads

The Britpart range of XD Brake Pads gives you the opportunity of fitting a much higher quality brake pad than the price would indicate. Britpart has tested many different brake pads over the last 5 years and have found this brake pad specification offers Land Rover owners the best possible performance at this price level.

The XD Brake Pads are manufactured to an exact tolerance using only the best European friction materials to OEM specifications ensuring long life and low noise.

All raw materials are analysed in-house using a fully equipped quality laboratory with, for example, an atomic absorption device. After analysis the raw materials are mixed and pressed using several different methods to achieve the best brake pad for each application. Each part number is tailored to the application it is intended for. The XD Brake Pad range has been thoroughly tested on dynamometers and noise measuring rigs before being put through their paces on test tracks and extended operations tests to ensure a perfect and effective operation every time.

All pads are covered by the worldwide Britpart warranty and Britpart recommends they are fitted with the Britpart standard or performance brake discs.

## XD Brake Pads

Manufactured to OEM specifications ensuring long life and low noise.

Manufactured in a TS16949 & ISO14021 approved factory.

Asbestos, lead & CR6 free material.

The XD Brake Pad range meet all official legislation for quality and safety and are compliant with European ECE R90.

All XD Brake Pads are produced with an underlayer material designed to dampen vibrations to prevent noise and to reduce heat transfer to the brake fluid.

### IMPORTANT BRAKE INFORMATION

For exact change over points with vehicle applications please contact your local Britpart distributor with the full chassis number for the correct application. These references are intended as a guide only.

**XS Brake Pads**

The Britpart range of XS Brake Pads offers you the opportunity to have the exact factory production line specification of brake pad at an affordable price.

These pads offer the best possible combination of long life, pedal feel and noise suppression.

All the pads in the range use the same friction material specification that your Land Rover was originally made with.

The XS range of pads are all produced in one of the world's premium brake pad facilities where production procedures are carefully monitored to ensure a consistently good product.

The facility has both in-house testing and access to OE testing facilities to ensure all pads meet the exact specification required.

Britpart XS Brake Pads are ideal for high mileage or heavy-duty applications.

*The exact performance material specification of production line brake pads.*

**Brake Pipe Sets**

Ready made brake pipe sets...

- Easily fitted
- Will not rust

More brake pipe kits available on request.

Copper nickel brake pipe sets manufactured in the UK. Each set is for a complete specific Land Rover model. Pipes are cut to the correct length, fitted with solid brass unions and marked clearly to indicate the correct location on the Land Rover. Pipe fitting clips and brass in-line connectors are supplied where necessary.

**DA7440**  
Brake pipe bending tool  
Can be used with all Britpart brake pipe kits.

## Electrics

### Alternator Upgrade Kits

200Tdi alternator upgrade kits. Kits include uprated cable.

<b>DA1195</b>	Defender - 200Tdi	Upgrade the 45A alternator to 120A
<b>DA1196</b>	Discovery 1 - 200Tdi	Upgrade the alternator to 120A

### Electronic Conversion Kits

#### ETC5835K

The Britpart electronic conversion kit replaces the existing points and condenser with a new reliable electronic module. For 4-cylinder petrol engines the Britpart electronic ignition module has been developed to work with the standard ignition coil and provides service free and accurate ignition timing. The kit can be easily fitted to standard points type 45D4 distributors without having to fit a new electronic ignition coil. We'd recommend fitting a new coil at the same time - PRC9858. Also available a new distributor with points to which this kit can be fitted - ETC5835.

#### ERC4536K

This electronic conversion kit is for V8 points and has built in dwell adjustment with rpm protection when not running.

### Ignition Lead Sets

			<b>NGC103740/810</b>	Grey leads Red leads
			<b>NGC103740/810RED</b>	Grey lead
			<b>NGC500370/410</b>	Grey leads Red leads

These silicone HT lead sets are designed to meet or exceed the original equipment specification. The silicon cable has minimal interference with maximum suppression, it is also resistant to water, oils, chemicals and high temperatures. High quality with ISO 3808 class noise suppression performance.

### V8 Ignition Module Kit

**STC1856**  
Discovery 1 & Range Rover Classic  
This kit extends the ignition module on a V8 engine away from the distributor to make it more reliable in wet conditions.

### Ignition Module & Link Lead

**STC1184K**  
Module for V8 distributor  
Kit to convert 3-pin to 2-pin applications

### Wiper Relay - Programmable

#### AMR2341DELAY

*Fed up with your Defender's intermittent wipers not being intermittent enough? Does it drive you mad when you give the screen a quick spray and it wipes for ages?*

Fit this new relay in place of the standard AMR2341 to your vehicle to solve this problem. Once fitted you press the stalk down so that the wiper wipes and then back off again, now count/wait till you want another wipe, switch the stalk down and leave it on, this timing will now remain constant till you set another timing the same way or turn off the ignition at which point the relay reverts to a standard 6 second wipe interval. Another bonus is that the wipers will now only wipe once following a short burst of washer fluid or 3 times after a long burst.

This will work on all Defenders with the latching intermittent wiper stalk PRC7370 or AMR6106 HA onwards (stays down when pressed) but it will also work on 300Tdi and Td5 although on post 2002 Td5s the relay AMR2341 is located behind the speedo. Will not work with early stalk PRC3900 up to GA models.

Complete 300Tdi cylinder heads. Supplied with valves and head bolts, pressure tested and with heat tell tale stickers on.

## Engines

### Complete Engines

Include fuel pump, injectors, injector pipes, timing assembly and bell housing. Complete engines are tested prior to despatch. Once tested the flywheel and manifolds are removed and the engine is packed without these parts. Outer timing covers, pulleys, manifolds, flywheel and turbo charger are not included.

### Stripped Engines

Include sump, block, cylinder head, rocker cover, inner timing cover, camshaft and crankshaft gear.

### Short Engines

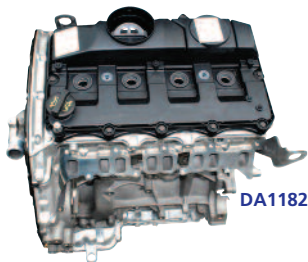

Consist of block, crank, con-rods and pistons only.

### Re-conditioned Engines

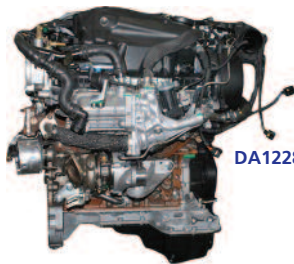

These engines have been through the following rigorous processes:

- Complete strip down
- Removal of all core plugs
- Thorough cleaning in environmentally-friendly, solvent-free washing machines
- Removal of all parts subject to wear
- Inspection of casings for signs of damage and corrosion
- Crack-testing of camshafts before and after re-grinding
- Re-boring of blocks and machining of decks to the correct surface finishes
- Fitting of perfectly-balanced, machined con-rods in accordance with manufacturers recommended piston protrusions
- Meticulous re-building of engines in individual, contaminant-free workstations
- Renewal of all bearings and gaskets throughout the engine
- Renewal/overhaul of oil pumps
- Replacement of all core plugs
- Dyno-testing of complete engines
- Final inspection
- Wrapping in cellophane and fitting into rigid, steel transportation frames

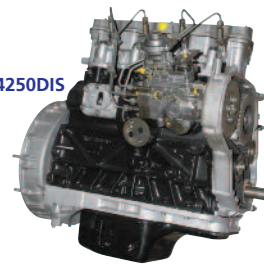

### Engines - Reconditioned

Please enquire on availability for all these reconditioned engines.

## Heating

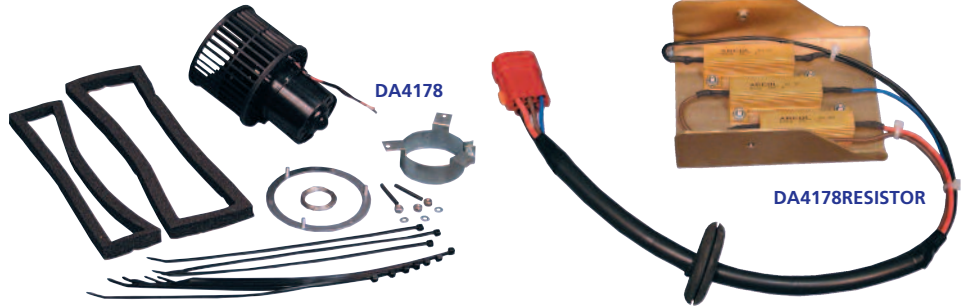

### Heater Blower Motor Kit & Resistor Kit

#### DA4178

Range Rover Classic - 1990 - 1994 - 200Tdi with air con  
Discovery 1 - 200Tdi with air con  
Atlantic British has developed this all inclusive kit designed and engineered to replace failed heater motors. The kit includes heater blower motor, blower wheel, motor mounting bracket and mounting screws, heater assembly seals, nylon ties, solder, shrink tubing (for soldered connections) and complete instructions. **Note** - When replacing the heater blower motor the vehicle's resistor must be upgraded to DA4178RESISTOR

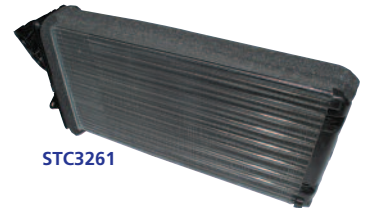

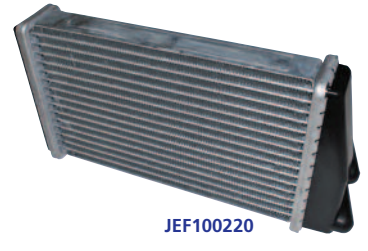

#### DA4178RESISTOR

The air con blower motor resistor controls the speed of the blower motor and the force of the airflow out of the dash vents, it features a thermal-sink aluminium mounting plate that dissipates circuit heat effectively.

### Heater Matrixes

#### DA2155

DA2155	Series 3
AAP817	Defender - downward facing pipes
UTP1725	Defender - horizontal inlet/outlet pipes

JEF100150	Freelander 1 - up to YA999999
STC3261	Range Rover P38

## Transmission

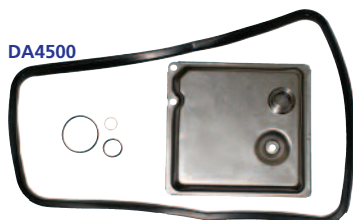

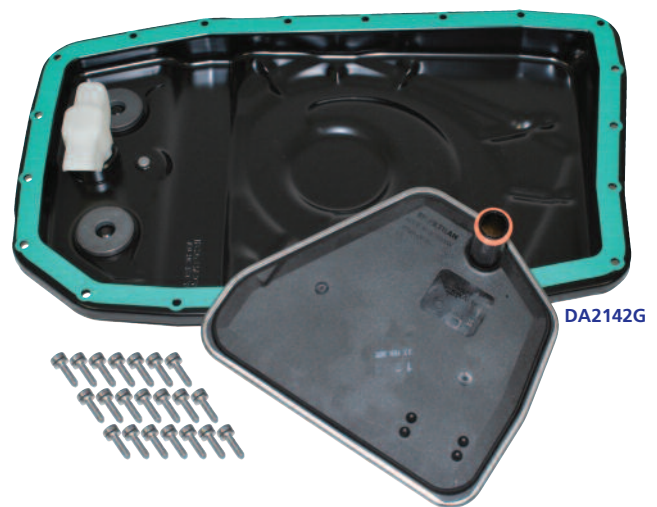

### Automatic Transmission Service Kits

**Degradation in oil can lead to judder, noise and a deterioration in gear change quality. ZF recommend oil and filter changes after 50,000 to 75,000 miles on automatic gearboxes to ensure optimum performance.**

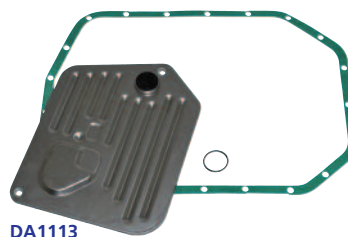

This is an easy change filter conversion kit for all vehicles using the ZF 6HP26 automatic transmission - Discovery 3, Discovery 4, Range Rover Sport - 2005 - 2013 and Range Rover L322 models. From the factory a fluid and filter change on this transmission is a very lengthy process. The sump and filter are normally one piece and fitting involves jacking the engine up and unbolting the mounts, plus the removal of the exhaust.

**The fitting of this kit is far easier.** Once the fluid has been drained from the transmission simply remove the bolts from the old unit. Cut the old plastic sumps filter tube with a hacksaw. Slide the old sump out and remove the other end of the sawn off filter tube. The new separate filter can then be fitted and the new sump pan slides into place and is bolted up with the new gasket supplied. Once secure the transmission can be filled as per manufacturer's instructions. The new sump pan also has the added benefit that it is manufactured in durable steel rather than the plastic of the original item - LR007474. Also see DA6085 & DA6085G in service kit section. 7ltrs needed for oil change.

**DA4500**  
Service kit for 4-speed gearbox.  
Kit comprises of oil screen, seals, o-rings and sealing washer.  
  
Defender - up to 2007  
Discovery 1  
Discovery 2  
Range Rover Classic  
Range Rover P38

**DA1113**  
Service kit for 5-speed gearbox.  
Kit comprises of oil screen, seal & o-ring.  
  
Range Rover L322 - 4.4 V8

Britpart has put together these boxed kits to help the fitter have all the necessary parts to do the job in one hit, saving time and money trying to find the necessary parts to do the job. These kits are also helpful to pass over the trade counter instead of having to hunt for the individual parts. One kit does one CV joint.

Save **time** and **money** with a Britpart CV Joint kit

**DA6050**

Range Rover Classic - up to 1985

**DA6051**

Range Rover Classic - 1986 up to 1988 non-ABS axle suffix A up to EA305589

**Note** - 24 splines axle shaft to diff end

**Damper Kit**

**DA2352**

Freelander 1 - up to 2006 4-cylinder

Not all viscous coupling problems are the fault of the unit itself, sometimes the damper is at fault, this kit prevents buying the whole coupling, just to replace the damper.

We are now able to offer a cheaper alternative!

**DA2355**

The Range Rover L322 - 2002 onwards, suffer from a common problem with the coupling shaft spline wearing between the front propshaft and front differential, thus losing drive to the differential. The problem purely relates to the coupling shaft and the differential itself is not affected. Currently the only solution offered by Land Rover is to replace the propshaft and the whole complete front differential assembly - a very expensive option! Using this new coupling shaft will enable you to replace just the propshaft and coupling shaft and leave the differential in place, therefore reducing both time (the differential need not be removed from the vehicle) and cost.

<b>URB500060</b>	Freelander 1 - 1.8 petrol	Clutch kit	Plate, cover & bearing
<b>DA6250</b>	Freelander 1 - 2.0 Td4	Dual mass flywheel conversion kit	
<b>DA6250G</b>	Freelander 1 - 2.0 Td4	OEM Dual mass flywheel conversion kit	

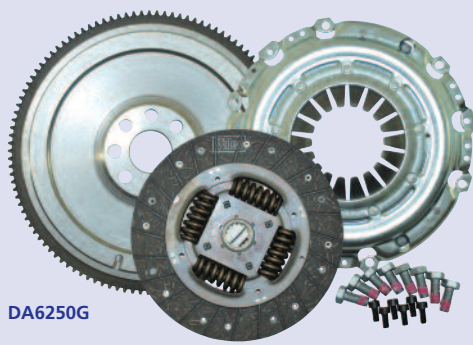

The flywheel conversion kit can be used to replace the dual mass flywheel using a solid metal flywheel and a heavy duty clutch kit. Kit contains - solid mass flywheel, replacement clutch cover & replacement clutch plate. The one piece flywheel will not break up like the dual mass one so it is highly likely you will never need to change it again which means - lower cost, ease of fitment & potentially eliminating any future flywheel failures.

**Note** - This kit will make the gearbox more audible in the car at tick over and the kit doesn't include the release bearing - UUB000070.

---------------	-------------------	----------	------------------

**Series**

<b>NRC4642G</b>	Series SWB		Richards chassis
<b>NRC4356</b>	Series LWB		Richards chassis

**Marsland Chassis**

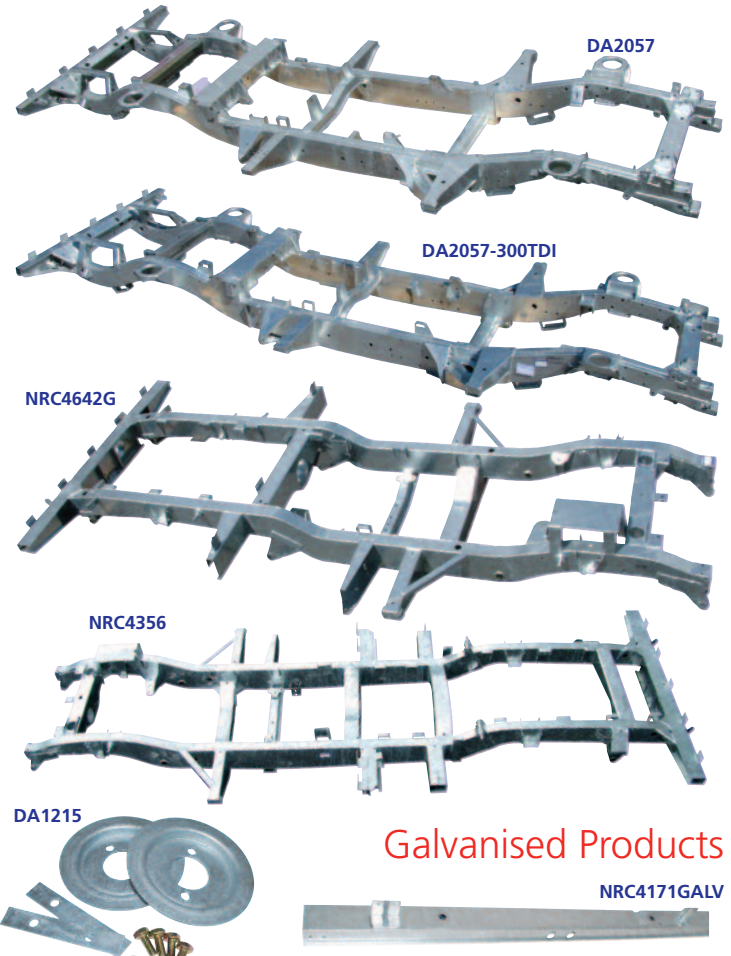

Chassis have bolt on gear box crossmember as standard with anti-roll bar brackets front and rear. The main legs are in pressed pieces as original made from 2mm steel with 3mm stiffeners fitted and spotwelded internally for added strength where outriggers and suspension mounting points are fitted, effectively giving you 5mm of material where most needed. Bolt on rail for rear tub mountings and LH & RH steering damper bracket welded on as standard. All tapped holes redrilled and tapped, excess galv removed with riv nuts fitted for front & rear mud flaps, power steering pipe clips and step. Rear suspension upper link bush (A-frame) fitted with new M16 bolt and sleeve to fit old level bush.

**Richards Chassis**

All Richards chassis are manufactured in the UK, using locally sourced materials and locally based machine shops. They are located close to the steel city, Sheffield, and therefore optimise the use of local steel, ensuring that all their chassis are formed from 2.5mm British steel which are all galvanised as standard. All profiling is done 'in house' using their own laser machine, enabling them to have greater control over the quality of parts used and the materials that they are formed from. The chassis are made using 2.5mm side rails which are 25% heavier than the standard 2.0mm rails. Overall this gives a small increase in the vehicle weight but has a massive effect on the long term durability of the chassis. Bolt on crossmembers are not supplied with Richards chassis but are available separately - see **DA5300** above.

**IMPORTANT**

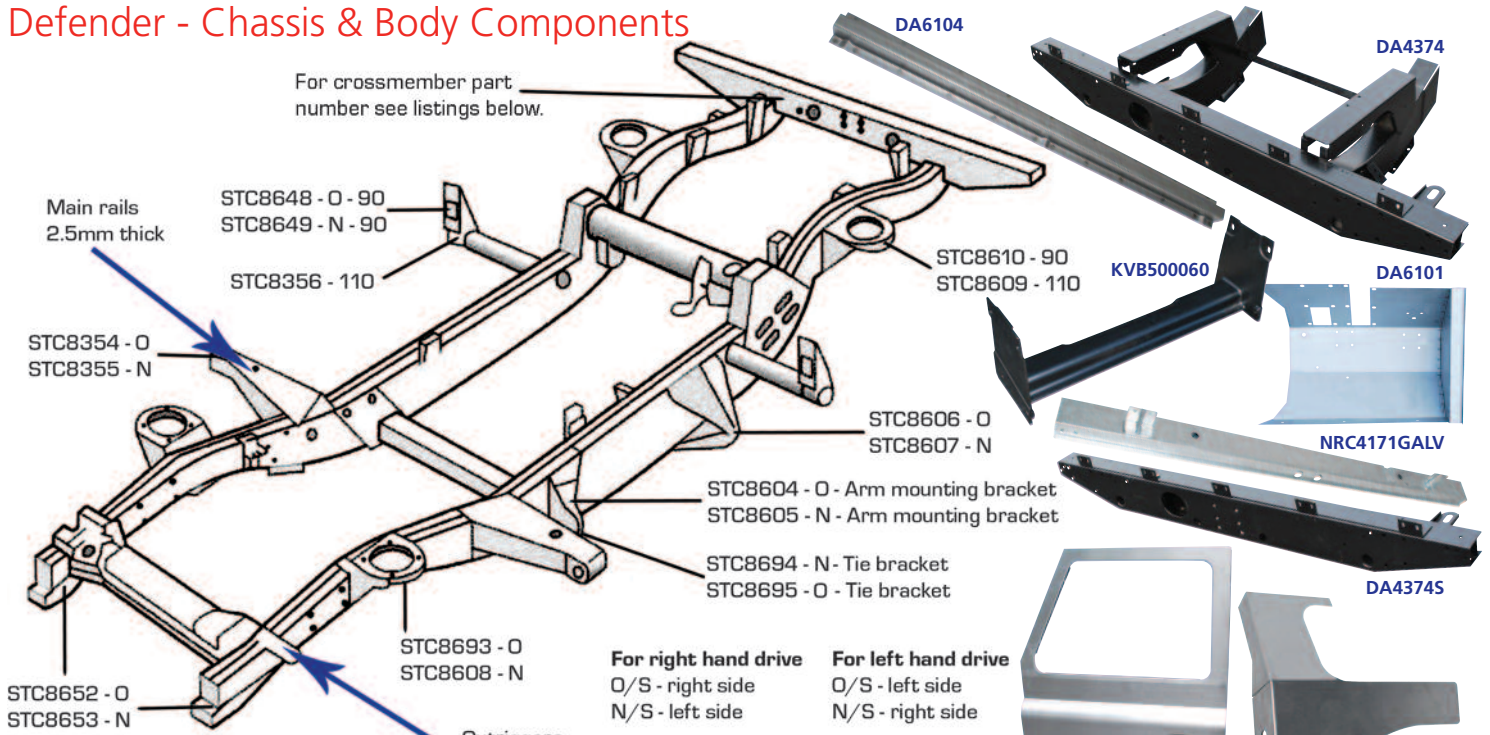

This page is a selection of the chassis' that we do. Please enquire if the chassis you require is not listed here.

*"Servicing a Land Rover just got a whole lot easier with Britpart!"*

**Britpart Service Kits**  
Quality service parts manufactured to O.E. specification and competitively priced.

[www.britpart.com/servicekits](http://www.britpart.com/servicekits)

Ever started servicing a Land Rover and then suddenly realised you haven't ordered a filter or forgot the sump plug washers?

Well now thanks to Britpart with one simple part number you can order your Land Rover service kit safe in the knowledge that all the parts you need will be there for you to complete the job.

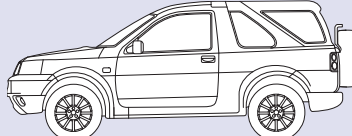

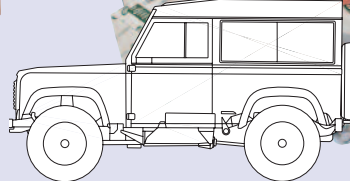

No more frustrating half finished services!

Service kits -  
**Blue part number**  
Britpart filters & spark/heater plugs  
**Red part number ending in 'P'**  
OEM filters & spark/heater plugs  
**Green part number ending in 'LR'**  
Genuine filters & spark/heater plugs

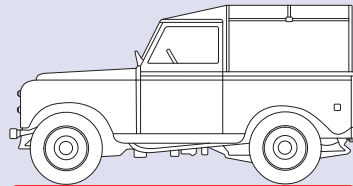

**Land Rover Service Kits**  
Wide range of service kits using genuine filters & spark/heater plugs

**Alternative Brand Service Kits**  
Britpart stock a wide range of alternative brand service kits with OEM brands including Coopers, Mann, Mahle, Champion & NGK.

## Discovery

### DISCOVERY 1

**DA6005 DA6005P**  
Discovery 1 - 200Tdi - up to JA018272

1 x ERR3340	Oil filter
1 x NTC1435	Air filter
1 x AEU2147L	Fuel filter
1 x 213961L	Sump plug washer

**DA6006 DA6006P**  
Discovery 1 - 200Tdi - JA018273 onwards

1 x ERR3340	Oil filter
1 x ESR1049	Air filter
1 x AEU2147L	Fuel filter
1 x 213961L	Sump plug washer

**DA6007 DA6007P**  
Discovery 1 - 300Tdi

1 x ERR3340	Oil filter
1 x ESR1445	Air filter
1 x AEU2147L	Fuel filter
1 x UAM2857L	Sump plug washer
1 x ALU1403L	Sump plug washer

**DA6008**  
Discovery 1 - 3.5 Efi

1 x ERR3340	Oil filter
1 x RTC4683	Air filter
8 x ERR3799	Spark plugs
1 x ESR4065	Fuel filter (in-line)
1 x 213961L	Sump plug washer

**DA6009**  
Discovery 1 - 3.9 Efi

1 x ERR3340	Oil filter
1 x ESR1445	Air filter
1 x ESR4065	Fuel filter
1 x ETC7398	Sump plug washer

### DISCOVERY 2

**DA6004 DA6004P DA6004LR**  
Discovery 2 - Td5

1 x LPX100590	Oil filter
1 x ESR4238	Air filter
1 x ERR6299	Rotor filter
1 x ESR4686	Fuel filter
1 x CDU1001L	Sump plug washer

**DA6010 DA6010P DA6010LR**  
Discovery 2 - V8 4.0

1 x ERR3340	Oil filter
1 x ESR4238	Air filter
8 x NLP100320	Spark plugs
1 x ALU1403L	Sump plug washer

### DISCOVERY 3

**DA6035 DA6035P DA6035LR**  
Discovery 3 - 2.7 diesel - up to 6A999999

1 x 1311289	Oil filter
1 x PHE000112	Air filter
1 x LRO10075	Fuel filter
1 x JKR500020	Cabin filter
1 x 1013938	Oil drain plug inc. rubber seal

**DA6041 DA6041P DA6041LR**  
Discovery 3 - 2.7 diesel - 7A onwards

1 x 1311289	Oil filter
1 x PHE000112	Air filter
1 x JKR500020	Cabin filter
1 x LRO09705	Fuel filter
1 x 1013938	Oil drain plug inc. rubber seal

**DA6037 DA6037P DA6037LR**  
Discovery 3 - 4.4 petrol

1 x LRO07160	Oil filter
1 x PHE000112	Air filter
8 x LRO05253	Spark plugs
1 x JKR500020	Cabin filter
1 x 1013938	Oil drain plug inc. rubber seal

**DA6087 DA6087P DA6087LR**  
Discovery 3 - 4.0 V6 petrol

1 x 4454116	Oil filter (vehicles with engine oil cooler)
1 x PHE000112	Air filter
1 x JKR500020	Cabin filter
6 x LRO00604	Spark plugs
1 x 1013938	Oil drain plug inc rubber seal

### DISCOVERY 4

**DA6041 DA6041P DA6041LR**  
Discovery 4 - 2.7 diesel

1 x 1311289	Oil filter
1 x PHE000112	Air filter
1 x JKR500020	Cabin filter
1 x LRO09705	Fuel filter
1 x 1013938	Oil drain plug inc. rubber seal

**DA6086 DA6086P DA6086LR**  
Discovery 4 - 3.0 V6 diesel

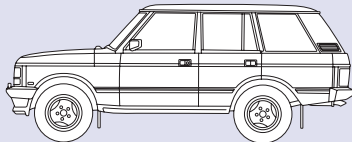

1 x LRO13148	Oil filter
1 x PHE000112	Air filter
1 x JKR500020	Cabin filter
1 x LRO09705	Fuel filter
1 x 1013938	Oil drain plug inc rubber seal

**DA6087 DA6087P DA6087LR**  
Discovery 4 - 4.0 V6 petrol

1 x 4454116	Oil filter (vehicles with engine oil cooler)
1 x PHE000112	Air filter
1 x JKR500020	Cabin filter
6 x LRO00604	Spark plugs
1 x 1013938	Oil drain plug inc rubber seal

**DA6088 DA6088P DA6088LR**  
Discovery 4 - 5.0 V8 petrol

1 x LRO11279	Oil filter
2 x LRO11593	Air filters
1 x JKR500020	Cabin filter
8 x LRO32080	Spark plugs
1 x 4594914	Oil drain plug

## Range Rover

### RANGE ROVER CLASSIC

**DA6016**  
Range Rover Classic - 3.5 - 1970 - 1975

1 x RTC3186	Oil filter
2 x 605191	Air filters
1 x JS660L	Fuel filter
8 x RTC3573	Spark plugs
1 x 213961L	Sump plug washer
2 x 603330	Flame traps
1 x RTC6623	Points (fixed)
1 x RTC3472	Condenser

**DA6017**  
Range Rover Classic - 3.5 - 1975 - 1982

1 x ERR3340	Oil filter
2 x 605191	Air filters
1 x JS660L	Fuel filter
8 x RTC3573	Spark plugs
1 x 213961L	Sump plug washer
2 x 603330	Flame traps
1 x RTC6623	Points (fixed)
1 x RTC3472	Condenser

**DA6018**  
Range Rover Classic - 3.5 - 1982 - 1983

1 x ERR3340	Oil filter
2 x 605191	Air filters
1 x JS660L	Fuel filter
8 x RTC3570	Spark plugs
1 x 213961L	Sump plug washer
2 x 603330	Flame traps
1 x RTC6626	Points (sliding)
1 x RTC3472	Condenser

**DA6019**  
Range Rover Classic - 3.5 - 1984 - 1986

1 x ERR3340	Oil filter
2 x 605191	Air filters
1 x JS660L	Fuel filter
8 x RTC3570	Spark plugs
1 x 213961L	Sump plug washer
2 x 603330	Flame traps

**DA6020**  
Range Rover Classic - 3.5 carb - 1986 - 1991

1 x ERR3340	Oil filter
2 x 605191	Air filters
1 x JS660L	Fuel filter
8 x RTC3812	Spark plugs
1 x 213961L	Sump plug washer
2 x 603330	Flame traps

**DA6021**  
Range Rover Classic - 3.5/3.9 Efi 1986 - 1991 up to GA464553

1 x ERR3340	Oil filter

“all the parts you need will be there for you to complete the job”

**Automatic Transmission Fluid Change Kits**

*Degradation in oil can lead to judder, noise and a deterioration in gear change quality. It is recommended that oil and filters are changed after 50,000 to 75,000 miles on automatic gearboxes to ensure optimum performance.*

**DA6085** Britpart pan with Ravenol oil  
**DA6085G** ZF pan with ZF oil  
 Automatic transmission fluid change kit for vehicles with either a 6HP26 or 6HP28 ZF 6-speed automatic gearbox. Ideal for high mileage vehicles and towing vehicles. Kit comprises of pan assembly, transmission fluid, screws, sleeve & plugs.  
 Suitable for -  
 Discovery 3 & Discovery 4  
 Range Rover Sport - 2005 - 2013  
 Range Rover L322

**DA6106** Britpart pan with ZF oil  
 Automatic transmission fluid change kit for vehicles with ZF 8HP70 8-speed automatic gearbox. Ideal for high mileage vehicles and towing vehicles. Kit comprises of pan assembly, transmission fluid, screws & plug.  
 Suitable for -  
 Discovery 4  
 Range Rover L322 - 2010 - 2012  
 Range Rover Sport - 2010 - 2013 & 2014 onwards

Also see DA2142 & DA2142G in transmission section.

**Hylomar Sealants & Compounds**

**RTC3347**

**Hylomar Universal Blue - gasket & jointing compound - 100g**

Non setting universal jointing compound that is resistant to fuels, coolants and lubricants. Use on gaskets and machined metal surfaces. High temperature capability up to 250°C with unlimited assembly time. Easy disassembly for service maintenance and allows for differential thermal expansion of components. Excellent vibration resistance.

**STC4404**

**Hylomar 607 Silicone Sealant - 300ml**

Engineering grade with excellent gap filling properties. Forms any size or shape of gasket instantly and remains flexible and will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Good fluid resistance - not petrol or diesel. Electrical insulator with maximum constant operating temperature 250°C. Neutral curing. Tolerant of some oil and grease, ensure surfaces are clean.

**DA6441**

**Hylosil 100 Series Instant Gasket - 85g**

Engineering grade amine curing RTC silicone sealant with a proven performance in aftermarket applications. Non corrosive. Forms any size or shape of gasket instantly. Remains flexible, will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Electrical insulator. Ensure surfaces are clean and dry before use.

**RTC3254**

**Hylomar 101 Silicone Sealant - gasketing, sealing & bonding compound - 85g**

Engineering grade which forms any size or shape of gasket instantly and remains flexible and will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Electrical insulator. Maximum constant operating temperature 250°C with neutral curing. Ensure surfaces are free from oil and grease.

**STC4600**

**Hylomar 3400 Anaerobic Gasket Compound - 300ml**

Excellent resistance to automotive fluids including fuels with an operating temperature -40°C to 150°C. Machined metal to metal surface only, not suitable for pressed steel. No gap filling. Latest generation anaerobic gasket compound. Single part product. Suitable for K-series engines. Ensure surfaces are free of oil and grease.

## Castrol Classic Oils

A conventional multi-grade engine oil of good all round performance for pre-1980 modern classic cars.

**DA6260** Classic XL 20W-50 - 1 gallon tin

**DA6261** Classic XL 20W-50 - 1 litre tin

Mineral based, multi-grade, crankcase lubricant. Designed to facilitate running-in of new and reconditioned diesel and petrol engines.

**DA6262** Running In Oil No. 2 - 1 gallon tin

Castrol R40 provides the ultimate in lubrication.

**DA6263** R40 - 1 litre bottle

Originally specified grade for Series steering boxes and relays.

**DA6264** EP140 Extreme Pressure API GL4 - 1 litre tin

Extreme pressure multi-purpose gear oil for hypoid and non-hypoid applications.

**DA6265** EP90 Extreme Pressure API GL4 - 1 litre tin

### **Castrol Classic Oils, total care and protection for your classic vehicle.**

For much more information on each product and images visit [www.britpart.com/castrol](http://www.britpart.com/castrol)

Lead replacement fuel additive for use with lead-free fuel. Protects engine against valve seat recession under all driving conditions.

**DA6266** Valvemaster Lead Replacement Additive - 250ml bottle

Castrol Valvemaster Plus provides an octane boost to unleaded fuel, reducing pinking, knocking or the need to retune.

**DA6267** Valvemaster Plus Octane Boost - 250ml bottle

Transmission fluid for automatic gearboxes, incorporating additives to provide wear, oxidation and corrosion resistance.

**DA6268** TQF - 1 litre tin

A special, rubber compatible grease for use on hydraulic brake and clutch components where hardening or swelling of rubber must be avoided. Useful in assembly of rubber components for brake, clutch and suspension units.

**DA6269** Red Rubber Grease - 500g pot

### **Castrol Classic Oils Merchandise**

Drink your tea in a nostalgic way with this large tin mug.

**DA6270** Castrol Tin Mug

Use either to decorate your workshop or study or to accurately measure lubricant quantities shown in imperial measures in vehicle handbooks.

**DA6271** Castrol Pouring Jug - Half pint

**DA6272** Castrol Pouring Jug - Pint

**DA6273** Castrol Pouring Jug - Quart (two pints)

Smart green baseball cap with embroidered Castrol logo.

**DA6274** Baseball Cap - One-size fits all

Never forget to change your oil with this self-cling window sticker with Castrol logo on one side and Change Due boxes on the other.

**DA6275** Window Service Sticker - 3" diameter

Ravenol Full Synthetic FEL LOW SAPS Engine Oil 5W-30. Fully synthetic, fuel economy, low friction motor oil with CleanSynto® technology based on PAO Poly-alpha-Olefin synthetic base stocks and low SAPS technology for latest petrol and diesel passenger cars with and without turbo charging in passenger cars and light vans with normal or extended oil change intervals.		Ravenol SFE Super Fuel Economy 5W-20. Fully synthetic fuel-efficient low friction engine oil with CleanSynto® technology formulated with the highest quality Poly-alpha-Olefin base stocks and a special balanced additive package to provide both improved low emission performance and fuel economy under all driving conditions.	

Much more information on each of the oils at [www.britpart.com/ravenol](http://www.britpart.com/ravenol)

**Anti-Freeze/Coolant**

**DA6293 NEW** - 1.5 litres / **DA6294 NEW** - 5 litres

Ravenol OTC Organic Technology Coolant Concentrate is an eco-friendly 1.2- Ethanediol (monoethylene glycol) based silicate, borate, nitrite and phosphate-free coolant for cooling circuits in combustion engines which provides maintenance-free corrosion and frost protection. This product is formulated based on a proven inhibitor development by combining silicates with the organic additive technology OAT as an extended life coolant. The quality of an anti-freeze is no longer just determined by the anti-freeze effect (which automatically exists in an ethylene-glycol based product), but by the rust protection. That is why automakers subject anti-freeze to lengthy corrosion and cavitation tests. Ravenol OTC Organic Technology Coolant Concentrate protects the cooling system from rust, frost, and in summer, from overheating.

**Characteristics:**

- Excellent for aluminium alloy engines.
- Good reserve alkalinity.
- Premium corrosion additives for optimal rust protection for all metals and metal alloys used in cooling systems, including aluminium.
- Prevents sediments and foaming in the cooling system.
- Compatible with elastomers used in automotive radiators.
- Can be mixed with other coolant types.

**DA6294**

**TYK500050-20L**

**Transmission Oils**

Ravenol high performance transmission oils offer extra protection against wear and help to reduce vibration - especially at higher speeds.

**Engine Oils**

Ravenol high performance engine oils with the unique CleanSynto® technology were developed for the fast lane. Ultimate protection with maximum fuel efficiency - when you need it most!

**DA6291 NEW** 5 litres  
**DA6292 NEW** 1 litre

Ravenol FO 5W-30 is a modern high performance low friction fully synthetic Multigrade Engine Oil with Ravenol Patented CleanSynto® technology, which ensures a high viscosity index through the formulation with special base oils. Carefully selected and highly effective additives ensure excellent lubrication characteristics and provide optimal lubrication in the cold-running phase after start-up. The noticeable fuel economy of Ravenol FO 5W-30 contributes the reduction of pollutant emissions and environmental protection.

## Workshop Fluids

### DA1122

#### SLX Professional Fuel Saver

Castrol - 1 litre - A1 5W-20. Co-engineered in partnership with Land Rover for new engine applications. Over the full service interval it keeps the engine clean and provides outstanding fuel economy.

### DA6287G

#### Castrol EDGE Professional C1 5W-30

Castrol EDGE Professional C1 5W-30 is proven in tests to deliver outstanding oil strength. Micro-filtered and with its signature fluorescent colour it is your guarantee of professional quality. It is suitable for use in automotive petrol and diesel engines where the manufacturer recommends an ACEA C1 5W-30 lubricant.

### LR003156G

#### Differential EPX

Castrol - 1 litre - SAE 80W-90. Mineral based multi-grade extreme pressure gear oil for the lubrication of spiral bevel and hypoid differentials. The product is also suitable for the lubrication of manual transmissions where the manufacturer recommends the use of an oil to API GL5.

### LR019727LR

#### Differential SAF Carbon Mod Plus

Castrol - 1 litre - SAE 75W-90. Fully synthetic gear oil which can be used for axles with limited slip differentials.

### STC4862G

#### Texamatic 7045E

Automatic transmission fluid - 1 litre. Provides top-tier protection to all applications where Dexron III G type products are specified, offering excellent protection to automatic transmission and power steering systems.

### STC4863G

#### ATF LT 71141

Mobil - 1 litre. Automatic transmission fluid. Suitable for use in automatic transmissions and power steering systems.

#### Extended life coolant concentrate

Havoline with 5 year/250,000Km protection.  
**STC50529** - 1 litre  
**STC50530** - 5 litres

### TYK500010G

#### Differential SAF-XO

Castrol - 1 litre - SAE 75W-90. Fully synthetic final drive lubricant recommended for most passenger car final drives.

### TYK500050G

#### High performance full synthetic oil for automatic transmissions

ZF Lifeguard Fluid - 1 litre. This transmission fluid has been exclusively developed and approved for ZF automatic transmissions only.

The Loctite® brand, is renowned for the excellence of its adhesives and sealants. Since the original development of a unique anaerobic technology more than fifty years ago, Loctite® products have become vital components in many of the machines and products that are at the core of everyday life.

**Body Repairs**

<b>DA6310</b>	<b>Freeze &amp; Release</b>	400ml aerosol
Shock freezing (-43°C) is a quick and convenient method for releasing seized and corroded parts.		
<b>DA6312</b>	<b>Chemical Metal</b>	Mini blister pack
The original rock-hard multi-purpose repair paste.		
<b>DA6313</b>	<b>Leak Fix</b>	Mini blister pack
Seals and repairs leaks in petrol tanks, radiators and sumps.		
<b>DA6316</b>	<b>Terodicht Elastic Window Sealant</b>	310ml cartridge
Ideal for re-sealing rubber mounted windscreens.		
<b>DA6317</b>	<b>Terolan Special Sealant</b>	1.4kg can & brush
Vehicle body sealant for application with special brush.		
<b>DA6319</b>	<b>Teroson Etch Primer</b>	500ml aerosol
Provides excellent adhesion to steel, galvanised steel and aluminium.		
<b>DA6326</b>	<b>Zinc Spray</b>	400ml aerosol
Sprayable anti-corrosion primer paint for vehicle body repairs. Electrically conductive (wet and dry). Allow to cure for 8-12 hours before over painting.		
<b>DA6327</b>	<b>Terotex HV 350</b>	1 litre bottle
A solvent containing anticorrosive agent based on waxes, polymers and anti-corrosive additives. Contains high percentage of rust-proofing additives. Good creeping qualities. Penetrates to a depth of >35mm. Mild odour.		
<b>DA6328</b>	<b>Terotex Record 2000</b>	1 litre bottle
Non-bituminous coating material for permanently flexible corrosion protection of under bodies. To complement factory-applied under body sealant coats. For coating replacement parts like bumpers or wheel arch.

**Gasket Repairs** (see website for full application details & technical specifications)

<b>DA6311</b>	<b>Quick Gasket</b>	200ml aerosol
Permanently flexible flange sealant for non-rigid flanges and for plastic-to-plastic and metal-to-metal assemblies.		
<b>DA6363</b>	<b>Premium Silicone Black 5910</b>	80ml tube
For flanges with permanent oil contact. Can be used for metal, plastic and painted parts. Low odour, non corrosive.		
<b>DA6364</b>	<b>Premium Silicone Grey 5660</b>	100ml tube
For flanges with permanent water/glycol contact. Can be used for metal, plastic and painted parts. Low odour, non corrosive.		
<b>DA6365</b>	<b>Premium Silicone Copper 5920</b>	80ml tube
For flanges exposed to high temperatures and high performance engines. Can be used for metal, plastic and painted parts. Low odour, non corrosive.		
<b>DA6366</b>	<b>Silicone Blue 5926</b>	40ml tube
Multi purpose flexible silicone sealant. For flanges of any size or shape. Can be used for metal, plastic and painted parts.

**Glues & Adhesives**

<b>DA6300</b>	<b>Super Glue</b>	3g tube
High performance instant adhesive with thousands of applications.		
<b>DA6301</b>	<b>Super Glue Brushable</b>	5g bottle
Brushable version for extra accuracy and greater coverage.		
<b>DA6303</b>	<b>Repair Express Power Putty</b>	Blister pack
Fills, sticks, seals and re-builds thousands of items without tools.		
<b>DA6304</b>	<b>Rear View Mirror Bonder</b>	1 shot tube
Unique bonding system for rear view mirrors, car telephone aerials and all window mounted material.		
<b>DA6306</b>	<b>Stud 'N' Bearing Fit</b>	24ml bottle
Locks and seals studs into position. Seals against leaks and vibration.		
<b>DA6309</b>	<b>Instant Adhesive 401</b>	20g tube
Surface insensitive formulation creates a permanent bond with virtually any material.		
<b>DA6314</b>	<b>Super Steel Epoxy-Weld</b>	2 x 25g tube
Sets like steel. Seals, repairs, bonds, fixes and replaces.		
<b>DA6318</b>	<b>Fast Set Epoxy 3430</b>	24ml syringe
Two part general purpose epoxy adhesive.		

DA6305

DA6307

**Thread Lockers**

<b>DA6305</b>	<b>Lock 'N' Seal</b>	24ml bottle
Fast acting thread lock and sealant. Replaces traditional locking methods.		
<b>DA6307</b>	<b>Lock 'N' Seal 243</b>	50ml bottle
Fast-acting thread lock and sealant. Prevents bolts, screws & nuts from vibrating loose.		

## Touch Up Paint Pens

- TUPP single stage paint pen is ergonomic, light and easy to use.
- It allows quick, one-step repairs of small scratches and nicks that may appear on any painted surface.
- It will meet the highest colour matching expectations.
- The patented valve mechanism and gravity action of the paint pen will give you an even flow of all components assuring the same particularities and brightness of the original finish.
- An edged polyester fibre tip allows accuracy and can be removed to be cleaned or replaced.
- The paint pen has a closed opaque container preventing accidental spills, hardening of the paint and colour change due to light exposure before the application.

**The Pen** - Paint is held in a barrel and automatically dispensed through a fine felt tip, providing the user unparalleled control over their painting instrument.

**The Paint** - High quality urethane paint is used which is the same as your vehicles manufacturer. The paint provides the user with a much closer colour match than other companies which primarily use lacquer paints.

**The Results** - The best you can get without refinishing the damaged areas.

## Swivel Housing Grease

- Formulated for all Land Rover models with ball type swivel housings.
- Lubricates swivel pins and housing seals, protects spheres.
- A semi-fluid grease designed to withstand shock loading in oscillating joints.
- Reinforced with solid lubricants, highly resistant to water and salt corrosion.
- Better lubrication while driving, less leaks while standing.
- One shot gives 'filled for life' protection.

STC3435 370gm bottle  
STC3435S 370ml sachet

## Trade Tack Stab

DA6348

Super bond spray adhesive.

- High strength
  - Variable spray
  - Quick
  - Clean
  - High tack/long tack
  - Very fast set
  - 250ml aerosol
- Ideal for bonding and laminating of polyurethane foam, polystyrene foam, fibres, fabrics & felts etc to themselves.

Crankshaft front seal remover/installer tool  
Defender - 2007 onwards  
Land Rover tool part number - 303-679

**LRT-60-004**  
Bush fitting tool  
For front radius arm bushes (part number ANR3332) for the Range Rover P38A - impossible to do without using this Land Rover special tool.

**DA1173**  
Oil filter remover for the paper element from the canister. Prevents damage to the filter housing.  
Discovery 3 - TdV6  
Discovery 4 - TdV6  
Range Rover Sport - TdV6  
Land Rover tool part number - 303-1128

**DA1155**  
Panel popper tool kit  
12 piece set designed to aid in the easy removal of door trim panels, trim fasteners and mouldings inside or outside the vehicle. Tools manufactured from a tough & durable engineering plastic to minimise panel damage. Includes an additional metal clip tool. Supplied in roll-up fabric case.

**DA1189**  
For removing and installing oil filters on diesel models of the Freelander 2 and Range Rover Evoque. 27mm combination spanner with flexi head. 400mm long. Manufactured from Chrome Vanadium. Fully polished with ratchet. Manufactured to Ansi standards.

**DA1209 NEW**  
For easy removal of the fuel tank metal locking ring (ESR3808) on the Defender - 2002 onwards, Discovery 1, Discovery 2, Freelander 1, Range Rover P38 and Range Rover L322

**DA1153**  
Brake caliper rebuild tool kit  
Anyone who has ever tried to rebuild a set of Land-Rover brake callipers will know that the most difficult part is fitting the dust seal after the pistons have been fitted. This extremely awkward task can now be made much easier with the seal fitting tools in this kit. The kit is supplied with a tool to fit 41mm and 44mm pistons and comes complete with a heavy-duty piston spreader to allow the seals to be pushed into place evenly.

**DA7460**  
Heavy-duty piston spreader only.

**DA5631**

Protect your Defender's wings with a pair of these sturdy easy to fit wing protectors.

**Prop shaft fastener tools**

Specialist socket for prop shaft fasteners on most Land Rovers. The 9/16" socket end is a perfect hexagon with rounded tip profiles to ensure the whole turning power is transferred onto the flanks of the nuts instead of on the corners. The socket's slim wall construction and wine glass profile, coupled to an integral slimline extension means it fits perfectly between the UJ yokes and over the prop shaft nuts without fouling. The 9/16" AF nuts are common to Series Land Rovers, Defenders (90 & 110 up to latest vehicles), Discoverys (up to and including Discovery 2) and Range Rovers (up to and including P38).

- Size: 9/16" 6 point (hexagon)
- Total length: 150mm
- Outside diameter: 20mm

**DA1065** Drive - 3/8" square drive  
**DA1119** Drive - 1/2" square drive

**Automatic Transmission Flush & Fill Machine**

**Need a fast, effective, efficient and easy way to change automatic transmission fluid?**

A standard automatic transmission drain and re-fill will only change about 40% of the contaminated fluid. Wynn's TranServe™ will change about 90% of the contaminated fluid in around 20 minutes. Wynn's TranServe™ is a automatic transmission flush and fill machine which flushes the oil system of automatic gearboxes and which changes the ATF in a simple and effective way.

**Properties**

- Easy connection to the transmission oil cooler lines.
- Cleans the oil system of automatic gearboxes with the product Wynn's Automatic Transmission Flush.
- Removes the old contaminated ATF and replaces it with fresh fluid. Up to 90% ATF is being changed (with the conventional method, up to 60% can remain behind).
- Always replaces the same fluid volume as it removes.
- No mixing of old and new fluid due to separate circuits and automatic switch to closed circuit after change.
- The built in flow rectifier will compensate for reverse connections.
- Operates on the vehicle's battery (12V).
- Booster pump makes change of low-pressure systems possible.
- Addition of the product Wynn's Automatic Transmission Treatment:
  - > Provides supplementary protection of the gear parts.
  - > Smoothens gear changes and improves kick-down response time.
  - > Extends life of the transmission fluid.
  - > Revitalises seals and O-rings, ensuring that leaks are prevented.

**Applications**

- Recommended when changing ATF of automatic gearboxes or when experiencing shifting problems.
- For all types of cars.
- Not to be used on high-pressure systems of buses, trucks, bulldozers, etc.

**Technical Data**

**DA6800**

Wynn's TranServe™  
 Power source - 12 V D.C.  
 Dimensions - 105 x 37 x 46 cm  
 Weight - 31 kg  
 Double worm gear pump  
 Booster pump for low pressure systems  
 Solenoid valve for automatic loop systems  
 Flow rectifier system  
 Adapter set for most cars

**Automatic Transmission Service Kits**

Use the Wynn's TranServe™ in conjunction with the range of automatic service kits from Britpart.

**DA6085**

For full kit details see the relevant pages in the service kit and transmission sections in the repair and service part of the catalogue.

**DA6800**

**DA6801**

Wynn's Automatic Transmission Flush  
 Size - 325ml x 24 bottles  
 An oil soluble treatment developed to clean automatic gearboxes and restore their optimal operation.

- Safely removes varnish deposits.
- Prepares transmission for new fluid.
- Cleans all internal transmission components.
- Smoothens and quiets gear changes.
- Prolongs component life.
- Restores optimal gear shifting.
- Only to be used with TranServe machine.

**DA6802**

Automatic Transmission Treatment  
 Size - 325ml x 24 cans  
 An oil soluble supplement developed to stop and prevent leaks and ease shifting.

- Stops and prevents leaks.
- Rejuvenates rubber seals and O-rings.
- Cleans and protects the system by means of detergents and dispersants.
- Eases shifting.
- Prevents ageing and oxidation of automatic transmission fluids.
- Prolongs component life.
- 1 can of 325 ml treats up to 6.5 litres automatic transmission fluid.

## Range Rover L322

### DA4663

#### Heated Leather Steering Wheel

Range Rover L322 Vogue - 2002 onwards.

Many of early L322 Range Rovers (Vogue shape) still look as good as new with only a few tell tale signs of their age and mileage but steering wheels on some models have gone all shiny and have lost the leather appearance and also steering wheels have started to sag. Range Rover improved the specification of the wheels on later models so they are much more durable. This wheel has the grained leather surface - not the smooth leather as used on the 2010 models. Please note that the spoke covers are not supplied with this steering wheel. You retain your original airbag/switch assembly - this is just the steering wheel frame as shown in the picture.

Range Rover Sport - 2005 - 2011

Tailgate conversion trim kit with chrome strip

The rear tailgate on the Range Rover Sport changed in 2012 from a two piece tailgate (with opening top window section) to a one piece tailgate and above the registration plate a new silver strip was added that went the width of the tailgate. If you have a 2005 - 2011 model and want to make it look like the 2012 model from the rear you can fit this clever conversion kit. The kit consists of 3 panels - 1. Underside base - section made from ABS plastic in grey primer finish - you will need to paint this part black. 2.

Top section - supplied in primed ABS plastic ready for painting body colour 3. Strip section - chrome plated plastic. This is a bolt on replacement kit that replaces the existing panels on the upper tailgate. The kit can be fitted with the tailgate on the car and you only need a Torx T20 driver socket and a 8mm socket.

DA6600	Gear lever and transfer gear lever set for LT77 gearbox	Anodised alloy	Pair
DA2610	Coin tray for Defender - 1987 - 2006		Single

**Glove box kit**  
Neat storage solution for the new Defender which utilises the available dashboard space. Ideal for storing all the usual small items you carry with you. Robust construction and easy to fit with all the necessary parts supplied. Suitable for right and left hand drive models.

DA2603	Defender - 2007 onwards		Single
DA2603CF	Defender - 2007 onwards	Carbon fibre effect finish fascia plate	Single

**Demister kit**  
Fitting this Defender demister kit will help demist your windscreen better than the standard fitted demister and has the added bonus that it will also demist your side windows too. With full fitting instructions.

DA1205	Defender - up to 2007		
AFP7101205S	Loadspace mat retainer stainless steel strip with stainless steel fixings	Stainless steel	Single

**Rear Door Stays**  
Does your Defender's rear door sometimes close on you unexpectedly? This neat and easily installed gas strut kit will solve that problem and replaces the original door stopper. The gas strut will hold the door in place when open - even with a spare wheel in place - and will assist in the opening of the rear door too with a smoother and more controlled movement. Complete with fittings and instructions.

DA1204	Defender - up to 2002		
DA1203	Defender - 2002 onwards		
DA1170	SVX style cargo tie down point - smart and easy to fit		Single

**Defender - continued**

**KEEP IT COOL**

**Air conditioning kits**

As OE fitment, no drilling required. Once fitted the system is indistinguishable from factory fitted units. Plugs straight into the existing Land Rover wiring loom and fuse board. Easy to install as components are pre-assembled. Kit uses high performance condenser which eliminates need for an extended nose cone. Parts interchangeable with Land Rover parts.

**Electric Window Kit**

**DA4664**  
Defender - 2002 onwards  
Fed up with winding your windows up and down?  
Make life easier, add electric front windows to your Defender with this comprehensive kit. Includes fitting instructions.

**Dual USB Charger**

**DA4679**  
Easy to install in existing 12V DC socket hole providing convenient access for charging mobile devices.

- Compatible with popular mobile devices
- Protective cap
- Easy to use

**Specifications**

Maximum output current - 2.1A DC (total)  
Cut out dimensions - 1 1/8 in (28.58 mm) dia. hole  
Input voltage - 12V  
Output voltage - 5V DC +/- 5%  
Parasitic current draw - 15mA  
USB - 2.0

**Steering Wheels**

<b>DA4650</b>	15" 3-spoke sports wheels Black vinyl	Black centre
<b>DA4654</b>	14" 3-spoke sports wheels Black vinyl	Black centre

**Note** - To fit steering wheel to vehicle you'll need a new boss kit.

**DA4661** 90/110 & Defender up to HA & 1A onwards  
16mm shaft/36 splines - this is drilled and has a contact plate. Pins are spaced at 38mm across, flat centre.

**DA4659** 90/110 & Defender up to HA & 1A onwards  
16mm shaft/36 splines - this is not drilled, pins are spaced at 28mm across, centre of splines casting is raised by 5mm

**DA4660** Defender - JA onwards & Series 2 / 2A / 3  
19mm shaft/48 splines

Shown with boss kit fitted

DA4650 / DA4654

**Roof Console**

**DA4629**

This roof console fits all Defenders except sunroof equipped models. Supplied with interior lamp extension loom and DIN blanking panel. Fitting kit and instructions are also supplied. Finished in grey only.

The console offers a unique storage solution for the Defender in providing additional overhead roof storage as well as a single DIN provision in one unit. The two side sections are designed to hold anything from maps to sunglasses, documents to magazines.

The console is supplied in three separate pieces. The product has been designed with CAD software and the moulding finished off using CNC machinery to ensure an OE level fit and finish to the product.

It is supplied with a DIN blanking panel but the central binnacle will fit any DIN sized accessory such as a stereo, CB/HAM radio or even a digital tachograph. The single DIN aperture will also accept a bank of seven Carling Technologies switches by using the Carling interlocking switch mounts.

**Will the Defender roof console fit my vehicle?**

The console has been designed to fit all post 1983 Defender models without a sunroof and with a factory headlining. The fixing method does not require removal or cutting of the headlining or sun visors. (Some later models will require trimming of the central area of the headlining when fitting a DIN unit). If you have a non-factory headlining it is unlikely it will fit without modification of the headlining. If you have a Series vehicle, again it is unlikely it will fit without modification.

**Landy Books**

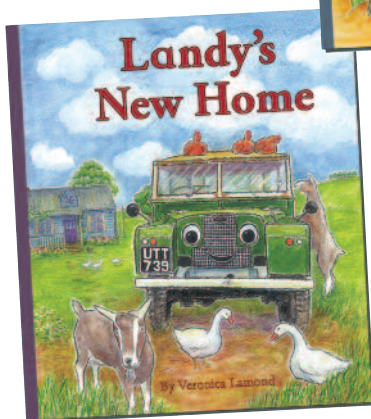

These charming hardback books, which are beautifully written and illustrated by Veronica Lamond, are an excellent gift idea for any Land Rover fan - whatever their age!

**LANDY**  
*"Landy has been left abandoned for many years until, one day, Jack finds him..."*

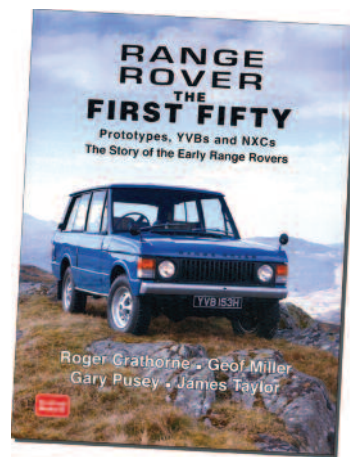

**FENDER**  
*"Scamp races Fender down the track - they have lots of things to do and lots of friends to meet!..."*

**LANDY NEW HOME**  
*"Jack and Landy are busy setting up their small holding but Landy feels left out. When Fender arrives, Landy realises he hasn't been forgotten after all..."*

**Range Rover - The First Fifty**

**DA3202**  
 Range Rover - The First Fifty Prototypes, YVBs and NXC's - the story of the early Range Rovers. Today, the Range Rover is a legend. The original design lasted in production for more than a quarter of a century. It is those very first Range Rovers which are the subject of this book. Its aim is to record the story of the earliest vehicles before it becomes lost in the mists of legend and distorted by commercial misrepresentation. It looks at three distinct groups of vehicles. These are the Engineering Prototypes (of which there were seven), the Pre-Production Vehicles (of which there were 28, most registered in the YVB-H series), and the Press Launch Vehicles (of which there were 20, all registered in the NXC-H series). The total comes to slightly more than 50 vehicles. With 160 illustrations and 160 pages.

**Magbooks**

**DA2988**

**DA3188B** Issue 2  
 From the publishers of Land Rover Monthly a 228 page celebration of the Defender including vehicles through the ages, rebuilds & repairs and buyers guides.  
**DA2988**  
 From the publishers of Land Rover Monthly a 220 page celebration of the Discovery. Buying, restoring, modifying, driving - the ultimate Land Rover Discovery guide.

**Land Rover Original Technical Publications**

Here are the original Land Rover and Range Rover publications needed to run and maintain your classic Land Rover or Range Rover, including parts catalogues, service manuals, technical information and owners literature and more. What's more, with these DVDs you can find information and links to Land Rover, Land Rover Heritage and Original Technical Publications. Discover more about the history of Land Rover, Land Rover and Range Rover models and get the latest Heritage news and information. You can also find links to local Land Rover and Range Rover Clubs, the latest picture galleries, video and media archives - you can even download classic Land Rover and Range Rover wallpaper to personalise your computer.

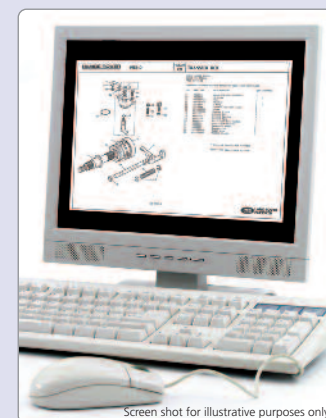

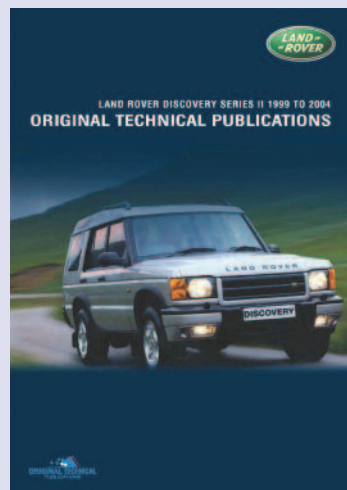

Original parts books, workshop manuals and handbooks for Land Rovers and Range Rovers have always been greatly sought after, and rightly so: nothing compares, for example, to a Land Rover workshop manual compiled by the car's manufacturer. Now owners and enthusiasts have the opportunity to effortlessly collect all the original publications for their favourite Land Rover or Range Rover, on one handy and cost-effective DVD.

See [www.britpart.com](http://www.britpart.com) for much more in depth information about what is included on each DVD. Far too much to list here!

**Handy and easy to use!**

Blanking kits	100	Diff guard	15	Heater blower motor kit & resistor kit	148
Bleed screw, alloy	146 & 185	Diff lock lever kit	76	Heater control light upgrade kit	43
Blindo wheels	37	Diff lockers	75 - 76	Heater matrixes	148
Body repair consumables	169	Diff overhaul kits	151	Heater plug set	146
Bodywork	155 & 157	Diff rebuild kit	151	Heater plug upgrade kit	146
Bolt kits	140	Diff repair pans	149	Heavy-duty drive flanges	110
Bonnet	185	Dirt D-fenders	11	Heavy-duty shock absorbers	119
Bonnet grilles	183	Dislocation cones	112	Heavy-duty steering arms	123
Bonnet hinge kits	185	Distributor merchandise	197	Hi-Lift jacks	78
Books, manuals & technical publications	190	Dog guards	56 - 57	Hoods	68
Boost box	105	Door handle covers	177, 179 & 181	Hylomar compounds	165
Boot protection	58 - 59	Door hinge kits	159 & 185	Hylomar sealants	165
Bottle jack	79	Door stays	72	Hylosil instant gasket	165
Boxes, roof	26	Door trims	72	Ignition lead sets	144
Brake anti-squeal pads	96	Doors	154 - 155 & 157 - 158	Ignition module & link lead	144
Brake caliper pistons	142	Drive flanges	110	Ignition module kit	144
Brake cleaner	165	Driving lights	40	IID tool	128 - 129
Brake discs	96 - 97	Dual battery management system	86	Indicator bulbs	179, 181 - 182 & 185
Brake fitting kit	141	Dust caps	33	Injector pipe sets	146
Brake hose kits	99	EAS override module	120	Injector washer kits	147
Brake kits	141	EAS tool	128	Inner tubes	32
Brake lubrication	96 & 141	EBC brake discs	97	Inspection lamp	171
Brake pads	97 - 98 & 142 - 143	EBC brake pads	97 - 98	Inspection lamps	46
Brake pipe tool	143	ECE LED headlamps	44	Instant gasket	165
Brake pipes	143	EGR blanking kits	100	Intercooler silicone hoses	103
Bridging ladders	80	Electric windows	187	Intercoolers	102
Britpart Expedition roof racks	27	Electrical manual	190	Interior roof console	187
Britpart merchandise & clothing	192	Electronic conversion kits	144	Intermediate reduction drive repair kit	151
Britpart XD Remote Reservoir	116	Emergency hammer	77	IRD repair kit	151
Bulk filters	145	Engine chip	105	Isolator switch	93
Bulkhead	158	Engines	146	Jack base	79
Bulkhead bars	67	Exhaust clamps	165	Jack clamps	79
Bulkhead parts	154 - 155	Exhaust front down pipes	107	Jackall jacks	79
Bump stops	113	Exhaust sports systems	107	Jacking equipment	78 - 79
Bumper caps	185	Exhausts	106 - 108	Jerry cans	77
Bumperettes	7 & 13	Extended slide seat rails	67	Jubilee clips	165
Bumpers	7 & 13	Fairleads	92	K&N air filters	102
Bumpers, winch	91 - 92	Filter Guards	100	Ladders	24
Bungeeclic load securing system	30	Filters, bulk	145	Ladders - sand & bridging	80
Bush fitting tool	114	Fire extinguishers	77	Lamp guards	8 - 10
Bush set - Watts linkage	114	First aid kits	77	Land meters	80
Bush sets	114 - 115	Floor bodywork	154 - 155	Land Rover genuine consumables	165
Bushes	111	Floor mats	60 - 62	Land Rover Merchandise	193 - 194
Calibration blocks	137 & 171	Fluids	168	Land Rover models	195
Calibration tools	137 & 171	Fluids & oils	165	Land Rover Original technical publications	191
Caliper rebuild tool kit	172	Fog light surrounds	177 & 181 - 182	Landy books	191
Caliper tool	172	Fog lights	41	Leaf spring castor correction wedges	121
Canvass hoods	68	Footwells	158	Leaf springs	121
Carburettors, Weber	105	Front down pipes	107	LED bumper	7 & 41
Cargo tie down point	186	Front grilles	185	LED daytime lights	40 - 41
Carpet mats	60 & 62	Front hub, bearing & upright assembly	141	LED headlamps	44
Carriers, roof	25 - 26	Front Runner racks	26	LED lights	42
Carry straps	30	Front seats	69 - 70	Lift rod kit	80 & 113
Castor corrected swivel housings	111	Front suspension arm & bolt kits	111	Lifted springs	122
Castor correction wedges	121	Front suspension arms	111	Light bars	45
Castrol oil merchandise	166	Fuel burning heater controller	178 & 181	Light bulb kits	44
Castrol oils	166	Fuel cooler guard	15	Light conversion kits	43
Cellular Dynamic shock absorbers	117	Fuel filter holder	147	Light kits	42
Cellular Dynamic steering dampers	123	Fuel injector locking tool	171	Light mounting kits	45
Chain cover	71	Fuel latch repair kit	159	Light upgrade kits	43

Light upgrades	43	Roof console	187	Tuning products	104 - 105
Lights, driving	40	Roof ladders	24 & 29	Tunit	105
Lights, fog	41	Roof racks	25 - 29	Turbo boost box	105
Lights, LED	42	Roof racks, galvanised	25	Turret rings	112
Lights, NAS	42	Roo-lites	41	Turrets	112
Lights, Roo-lites	41	Ropes & strops	93	Twin tail pipe	106 - 107
Liner set	147	Rubber mats	60 - 62	Tyre inflation kit	33 & 75
Loadspace nets & retention kits	60	Rubbing strips	14	Tyre pressure monitoring system	32
Loadspace protectors	58	Safari raised air intakes	82	Tyre repair kit	32 & 74
Loadspace protectors - premium	59	Safety Devices roof racks	28	Ultimax brake pads	98
Loadspace retention kits	60	Safety equipment	93	Umbrella holder	60 & 177
Locking fuel cap	7	Sand ladders	80	Universal joint silicone sleeves	176
Locking wheel caps	33	Santana clutch kit	150	Upgrade chip	105
Locking wheel keys	33	Scuff plate	183	USB charger	187
Locking wheel nuts	33	Seat covers	63 - 64	Utility link pipes	107
Loctite consumables	169	Seat heater	72	Valve Caps	33
Long range fuel tanks	77	Seat rails	67	Vehicle enhancements	178 - 187
Lowered springs	121	Seats	69 - 71	Vent hinge pin kit	185
Lynx diagnostics interface	130	Sensors, parking	13	Waterproof seat covers	63 - 64
Magbooks	191	Service kits - Alternative Brand	161 - 163	Watts linkage bush set	114
Main bearing sets	146	Service kits - Britpart	161 - 163	Weber carburettors	105
Manifold inlet seal	147	Service kits - Genuine	161 - 163	Wheel adaptor kits	34
Marsland chassis	153	Shackles & pulleys	93	Wheel arch kits	14
Mats	60 - 62	Shock absorber brackets	112	Wheel bearing kits	141
MaxXtrac wheels	37	Shock absorber turrets	112	Wheel carriers	32
Merchandise	192	Shock absorbers	116 - 119	Wheel chocks	93
Mirrors	11	Side steps	14 & 18 - 21	Wheel hub & bearing	141
Model engine	195	Side vent trim	181	Wheel spacers	34
Models	193 & 195	Silencers	107	Wheel strap	32
Mont Blanc racks	26	Silicone hose kits	100	Wheel wrenches	34
Mudflap brackets	12 & 185	Silicone sleeves	16	Wheels, alloy	36 - 38
Mudflaps	12	Silicone turbo hoses	103	Wheels, steel	35
NAS lights	42	Sill tread plate kit	177, 179 & 181 - 182	Wide angle propshafts	123
New engines	146	Sills	155 & 157	Winch bumper fitting kit	92
Number plate mounting bracket	92 & 185	Sparco seats	71	Winch bumper kits	91
Oil cooler repair kit	147	Spare light bulb kits	44	Winch bumpers	92
Oil pump gear set	147	Spare wheel carriers	32	Winch fairleads	92
Oils	166 & 168	Spare wheel covers	34	Winch remote control	93
Optima batteries	84	Spare wheel protector	34	Winch safety equipment	93
Original technical publications	191	Spare wheel strap	32	Winch spare parts	90
Paints	165	Spring kits, parking brake	141	Winches	88 - 90
Panhard rods	110	Spring retainers	112	Winching accessories	92 & 94
Parabolic springs	121	Spring spacer blocks	112	Winching kits	94
Parking brake spring kits	141	Springs, air	121	Wind deflectors	16
Parking sensors	13	Springs, coil	121 - 122	Window bodywork	154 & 158
Parts catalogues	190	Springs, leaf	121	Window kits	159
Peak Performance air filters	101	Springs, parabolic	121	Windscreen brackets	185
Pedal sets	179 & 181	Stainless steel bolts	185	Wing mirror cover	177, 179 & 181 - 182
Performance air filters	101	Stainless steel brake caliper pistons	142	Wing mirrors	11
Performance brake discs	96	Stainless steel exhausts	107 - 108	Wings	154 - 155 & 157 - 158
Performance intercoolers	102	Stainless steel screws	185	Wipac light conversion kit	43
Plate, sump	15	Starting handle	34 & 196	Wiper blades	196
Plate, transmission	15	Steel wheels	35	Wiper relay - programmable	144
Polybush bushes	114	Steering arms, heavy-duty	123	Work light	45
Portable Powerpacks	81	Steering box repair kit	140	Workshop fluids	168
PowerPacks	81	Steering dampers	123	Workshop manual	190
Premium loadspace protectors	59	Steering rack ball joint repair kits	140	Workshop tools	171 - 173
Pressure relief valve	147	Steering wheels	187	XD Brake Pads	142

## Get All The Latest Britpart News

We have two easy ways to keep in touch with all the latest news and product releases.

#### 1. Newsletter

Simply log on to [www.britpart.com](http://www.britpart.com) and register your details in the 'Mailing List' section or simply send an e-mail with newsletter in the subject field to - [marketing@britpart.co.uk](mailto:marketing@britpart.co.uk)

#### 2. Facebook

Go to [www.facebook.com/britpart](http://www.facebook.com/britpart) and click the 'like' button to see all the latest product releases when they happen - no need to wait for the next catalogue release.

## Make Your Land Rover A Star

If you have a great picture of your Land Rover and would like to see it featured in the next Britpart catalogue, then please send it to [marketing@britpart.co.uk](mailto:marketing@britpart.co.uk) with all your details. We look forward to seeing them and each one sent in will automatically be entered into the next Britpart calendar competition. See [www.britpart.com/calendar](http://www.britpart.com/calendar) for more details on the competition. Happy snapping!

## The Small Print

- Britpart is a wholesaler only.  
To purchase parts and for technical questions, contact your local stockist.  
To find yours go to [www.britpart.com/distributors](http://www.britpart.com/distributors)
- Part numbers used for identification purposes only and do not imply or indicate the identity of a manufacturer.
- Genuine Land Rover parts and accessories are for sale in EU countries only.
- Parts are subject to stock and supply.
- Pictures are for reference only and specifications may alter without notice.
- Colour swatches are for reference only - samples are available on request.
- All products available at time of printing and we reserve the right to withdraw any product at any time.
- Land Rover logos and trade names are for reference only.
- No part of this catalogue may be used or reproduced by any means without the express permission of Britpart.
- Product specifications are given but it is up to the end user to ensure that the product is fit for that purpose.
- E&OE
